Because negro families at Mountain Home, Idaho, sent their children to the public school, 25 masked men Tuesday night drove all the colored people from the town. The colored people will appeal to the Governor for protection.

While testing a fire escape, his own invention, P. M. Scannon and wife, of Minneapolis, Minn., fell from the third-story window of the Germania Life building at St. Paul, Minn., Saturday afternoon, and were instantly killed.

It was a Butte paper that credited George Meredith's contract marriage plan to Owen Meredith. It was the mayor of Butte, too, who introduced President Roosevelt as "the hero of San Diego Hill."

James Hamilton Lewis has returned from his European trip, and if the Democratic managers can not find any ginger for the campaign, they will not know where to get a cayenne pepper substitute.

Tom Watson says he is sorry Bryan did not bolt the St. Louis convention. It is suspected now that the Republicans share Watson's sorrow.

London courts have put palmistry under the ban of the law. American poker players have also discovered that hand reading is against the law.

We do not like to accuse even former Senator Pettigrew of kicking a man when he is down, but he has come out for Tom Watson.

"How will the Irish vote?" asks the New York Herald. We presume they will follow their usual custom of voting as they please.

"There are many women who should not vote," says Judge Herrick, of New York. Same is true of the men, too, isn't it, Judge?

Sold Wife, Now in Jail.

Frank Hadsell, who, two years ago, sold his wife to Robert Kelley, of New Marlboro, Mass., for \$1000 and "all the good things in the world," is under arrest at New Marlboro, Mass., charged with bigamy. Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by Dr. H. T. POPE & CO. and Dr. R. G. ROZIER.

The New Order of Things.

Case of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by penetration of rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by Dr. H. T. POPE & CO. and Dr. R. G. ROZIER.

SPECIAL EXHIBITION.

We call the attention of the Public to an extraordinary event in which all good citizens can, with propriety, feel and manifest an interest. The Merchant and his wares are almost indispensable to the comfort, happiness and prosperity of a community—the better he serves a community the more he contributes to these desirable conditions. Our aim and efforts since January, 1884, to the present, (20 years) have been to render the very best service to our customers. We believe we have added to the comfort of many, to the happiness of many more, and to the prosperity of a great multitude. Our present circumstances as merchants lead us to believe that we can meet the demands, desires and expectations of the trading public to a greater degree than we have done in the past. Our Stock of Goods at the present is greater than we have ever carried. We had to provide more room, so we have just completed another store, adjoining the ones heretofore occupied by us, which gives us a block of four Stores, and, in addition to these Stores, we have three Warehouses. All of these buildings are now filled with goods of almost an endless variety, and in order to afford an opportunity for an inspection of this large stock, we have set one week in October as a SPECIAL EXHIBITION WEEK. Beginning on Monday, October 24th, we shall keep "open house" to all visitors. All can come feeling perfect freedom to visit all our various departments, examine any and every article, get any information desired that we can give, without feeling under any obligations to make any purchases. We shall have an extra force of employees whose duty it will be to wait on all callers without effort to sell goods. We ask a large attendance of all who would like to be well posted as to the Merchandise now stored in this town for the special purpose of affording variety from which to make selections. Now, as this is to be a special opening of our large Fall Stock, no such occasion has been presented or will be repeated. We desire to impress the fact that we have made unusual preparation for this event. There will be special display of goods in every department—Dry Goods, Notions, Millinery, Clothing, Shoes, Carpets, Housefurnishings, Furniture, Groceries, etc. Please remember the dates: October 24th, 25th, 26th, 27th, 28th and 29th. This will be an opportunity which we can not afford to repeat in the details and arrangements employed on these dates. We promise a pleasant occasion to all visitors.
