

Shot his Rival and the Girl.

Richmond, Va., June 26.—James Ford shot and instantly killed George Cash and fatally wounded Miss Lydia Inehminger last night at Waterloo Road, Rockbridge county. Mr. Cash and Miss Inehminger were returning from church, when Ford met them on the road and asked: "Is that Miss Inehminger?" and upon receiving an affirmative reply opened fire with a revolver. The girl who is fourteen years old and very pretty, is yet alive. Ford is 20 and Cash was 18 years old. They worked at Longdale Mines, Alleghany county. Ford made his escape, and has not been apprehended. Jealousy is the alleged cause of the shooting.

Sued by his Doctor.

A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coacabella, Cal. At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not. No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Dr. H. T. Pope & Co., and Dr. R. G. Rozler.

Summenced to the Heat.

Savannah, Ga., June 26.—J. P. Martin, of Marion, N. C. traveling salesman for the McDowell Furniture Company, of that place, was attacked by heat apoplexy in the Central Hotel this afternoon and was thought to be intoxicated by the hotel clerk, who had a patrolman arrest him and send him to the barracks. There his true condition was ascertained and Dr. W. F. Brunner, health officer was called upon to examine him. Dr. Brunner at once saw that the case was a critical one and ordered the man sent to St. Joseph's Hospital, where he died fifteen minutes after arriving there.

The Secret of Success.

Forty million bottles of August Flower sold in the United States since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c; regular size, 75c. For sale by Dr. J. D. McMillan.

He who hopes for the best seldom expects it. Marriage is always a serious step—or a more serious misstep.

Deafness Cannot be Cured.

By local applications as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

It is unfair to recall the fact that Charles J. Bonaparte voted for Grover Cleveland. He has since been trying to live it down and should be encouraged.

Partridges in Captivity.

Dr. Clifton F. Hoge, professor of biology at Clark University, is having remarkable success in his efforts toward domesticating the ruffed grouse, or partridge. The latest achievement is the raising of a second generation of the birds while they are in captivity, five strong, healthy birds having been hatched two weeks ago by the mother partridge.

More could scarcely be desired than to have a pair mate and produce their young in the back yard of a city home. So far as is known the birds have acted exactly the same as their brothers in the woods, even to the curious set of drumming. They are just as large as those in the woods and are lively contented. One of the old mate birds seems to be especially delighted when Dr. Hoge enters the enclosure in which they are kept and plays with the bird as one would with his pet cat. In no case, so far as is known, has this species been anywhere near so perfectly domesticated.

Dr. Hodge began these experiments in the spring of 1908, when he obtained some partridge eggs from the woods and hatched them out under a bantam hen. At that time he was laughed at for trying it. But after the chicks were hatched out, and it was seen that they were being raised, a member of the Massachusetts Fish and Game Protective Association who resides in Worcester reported the affair to a meeting of the directors, when they voted \$200 to be given to Dr. Hoge in aid of his experiments.

He is using it in enlarging his enclosures with a view to aiding such work as the association is doing, especially by eventually setting the birds free in the covers of the State and perhaps in our city perhaps in our city park. Dr. Hodge's purpose in the experiments, so far as his own work is concerned, is to see especially to study scientifically the biological relations of the species—its food habits, its habits and the possibility of its domestication.—Boston Transcript.

Tired out, worn out women cannot sleep out of work; seems as if she would fly to pieces. Hollister's Rocky Mountain Malt makes strong nerves and rich blood. 50 cents, Tea or Tablets.

Good Duke Alexis, high admiral of the Russian navy, was designed. There is no flying modeling toy ships on a painted ocean.

Making Walnut More Plentiful.

That remarkable California scientist who has been producing all sorts of fruit freaks, including pitless peaches and seedless berries, has turned his attention to other lines of effort. He now announces that by crossing different varieties of walnuts he has evolved a tree which makes the fastest growth of any known. This is held to be the most important of any of his discoveries, and it has a distinct and direct commercial value. Walnut wood is now very scarce and high-priced, as much as \$250 to \$500 a thousand feet being paid for it for manufacturing purposes. The professor alleges that by using his process the wood can be produced so rapidly and cheaply that it will be in abundant supply for use in furniture-making, etc., and may even be used as fuel for stoves and grates. If all that is claimed can be verified, it will put grafting on a most beneficent use.—Troy Times.

If you want a pretty face and delightful air, Rosy cheeks and lovely hair, Wedding trip across the sea. Put your faith in Rocky Mountain Tea.

Shooting in Pine Woods.

Tallahassee, Fla., June 26.—A J. Gohagan, a woods rider for the Yeager & Sauer Turpentine Company in the Smith creek section of Wakulla county, was shot by a negro last Saturday and his slayer was shot and killed by a Mr. Langston.

A crowd of negroes had gathered around the commissary and were acting in a noisy manner. Gohagan stepped out to quiet them, when a negro seized a shot-gun loaded with buck-shot, and fired, killing him.

Other white men were in the commissary, and when they came to the door they were shot at by the negro. One of them, a Mr. Langston, narrowly missed being killed, as a part of the load of buck shot went through his coat. Langston got a gun and opened fire, and after a few rounds the negro fell, mortally wounded, and died during the night.

Three Children Saved.

In the early summer of last year an emergency arose to which Mr. R. Moore, of Marion, S. C., was equal. He writes: "Dr. King's Diarrhoea and Dysentery Cordial is the best medicine for bowel troubles I ever saw. I saved the lives of three children in my neighborhood in the last few days after the doctor had given them up to die." It's the best and safest on earth. 25c the price. Sold by Dr. H. T. Pope & Co.
