

THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

Pointed Paragraphs.

Some confidence men look for joys and some for rich wives. A spinster says that a stolen kiss is better than no kiss at all.

Things that go into the ears of gossip drop out of their mouths.

Honesty buys and sells things; dishonesty steals and keeps them.

Don't sneer at a man because he works. He may lose his job some day.

It is because of a man's modesty that he keeps his faults in the background.

Opportunity sometimes waits until a man goes out before knocking at his door.

Shortly after a woman has her lace curtains laundered she is apt to notice that smoking in the house is injurious to her husband's health.

Numerous and Worthless.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Dr. H. T. Pope & Co.

Always Successful.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom, thus preventing Catarrh of the Stomach. Dr. Newbrough, of League, W. A Thrust Near the Vitals.

Rev. Dr. Campbell Morgan's parting word on sailing for his English home was a trifle scorching. The American church, in his opinion, has become a social organization; and evidently he meant the coat to fit us when he said: "I would rather have ten men caught by the divine passion and compassion gathered into a church, but mixing with the world than 1,000 dilettante church members fooling with Heaven and frivolous with hell."—Ex.

Why Oil Kills Mosquitoes.

Henry Beach Needham writes in the September Country Calendar: "Mosquito larvae, or wrigglers, as they are termed, require water for their development. A heavy shower leaves standing water, which, when the air is full of moisture, evaporates slowly. Then, too, the heat favors the growth of the microorganisms on which the larvae feed; wrigglers found in the water forty-eight hours after their formation will have plenty of food, and adult mosquitoes will appear six to eight days after the eggs are laid. Clear weather, with quick evaporation, interferes with the development of the wrigglers, so that a season with plenty of rain, but with sunny, dry weather intervening, is not good for mosquito breeding."

"Inasmuch as a generation of mosquitoes appear to torment man within ten days, at the longest, after the eggs are laid, a batch laid by a female mosquito contains from two hundred to five hundred eggs; as from each egg may issue larva or wriggler which in six days will be an adult mosquito on the wing,—it is to the destruction of the larvae that attention should be directed. The larva is a slender organism, white or gray in color, comprising eight segments. The last of these parts is in the form of a tube, through which the wriggler breathes. Although its habitat is the water, it must come to the surface to breathe, therefore its natural position is head down and tail, or respiratory-tube up. Now, if oil is spread on the surface of a pool inhabited by mosquito larvae, the wrigglers are denied access to the air which they must have. Therefore they drown just as any other air-breathing animal would drown under similar circumstances."

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throats instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup, whooping cough, LaGrippe, bronchitis, etc.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." All druggists, sell and guarantee them, at 50c a bottle.

FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
