

The Important Matter Claiming Attention at This Time Is the Selection Of Fertilizers for use in 1906.

It is a SETTLED QUESTION that it pays to use Fertilizers liberally, and when this is followed by thorough cultivation on land that is properly drained, good crops are almost assured. We link our business, as Merchants, to that of the Farmers, as Agriculturist, and consider that we are all mutually interested in good crops, and to this end we offer Fertilizers of Best Reputation and Guarantee as to Quality and true worth.

We sell Guano made of Animal Bone, Fish Scrap and other ingredients, recognized as best Fertilizing Materials, as well as Guano made of Cotton Seed Meal as principal source of Ammonia. We carry also, Best German Kainit, High Grade Acid Phosphate, Nitrate Soda, Muriate Potash, Cotton Seed Meal, Etc. We sell also, Genuine Peruvian Guano, the supply being received from two Islands, the analysis of one being 23 per cent. Acid, 3.60 Ammonia, 4.25 Potash, and the other being 9 per cent. Acid, 9 per cent. Ammonia, 2 per cent. Potash. The quantity of these goods is limited.

Of course our Stock of Goods is still at the top for Assortment, Quality, Styles, Prices, Etc. Come to see us and let us transact some business together in 1906. Very Respectfully,

CALDWELL & CARLYLE. LUMBERTON, N. CAROLINA.

January 25, 1906.

Vinol THE COD LIVER PREPARATION WITHOUT OIL

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return your money without question. We take all the risk.

DR. J. D. McMILLAN

LUMBERTON, N. C.

So We Have Heard.

Tight shoes cause baldness.
The Japs carry money in their ears.
The best glass eyes cost \$50 apiece.
A strong kangaroo can leap 60 feet.
The average life of a ship is 26 years.
A "chow," or Chinese edible dog, costs \$75.
The Persians have a different name for every day of the month.
Ten per cent. of the building struck by lightning last year were churches.
Men work best at three in the afternoon and worst at nine in the morning.

Greatly in Demand

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At All Druggists.

Road Building as a Business.

No one denies that to build a road house requires the services of a good architect. The same is true of road building. To build a good road requires the services of a man skilled in the work, and skill is never acquired by merely reading a theory. It must be obtained by actual experience. A college training in road building may not be necessary to make a good road builder, but such an education equips him with a knowledge which sooner or later will more than pay for the extra time spent in its acquirement. Highway engineering is distinctly a branch by itself, and it is rapidly becoming recognized as such. Today there is a greater demand for the highway engineer than the supply, and this demand is bound to increase as the work of building roads progresses. There is no better opening for a young man than the profession of highway engineering.

The prudent man opens his eyes and shuts his mouth.

How Big Men Are Guarded.

So cleverly has the secret service of the Standard Oil planned the safeguarding of Rogers and so tenderly is he cared for that few of those who saw Rogers or William G. Rockefeller pass in and out of the dingy room at 67 Wall street realized that six men were within reach of these at any moment until they entered.

Once inside, two men were not farther than arm's length away at any time, while the others were near by.

This personal bodyguard of each of the Standard Oil men is a feature in itself, and probably costs more than the bodyguard of royalty itself in many courts.

A tall, broad-shouldered white-mustached guard walked from Mr. Rogers' outer room with him yesterday. Another fell in behind as they reached the doors opening into the street. These were Standard Oil employees.

In the street they were joined by four others. Two of these were employed by private detective agencies. For whom the work is done is a matter that is as much a mystery as many of the other details of the affairs of the Standard Oil officials. Two other detectives are from life insurance companies, hired jointly by the concerns carrying insurance upon the lives of these officials. To have a man at hand in case of danger to Rogers, John D. Rockefeller, John D. Archbold, or any of the other great financial lights connected with this concern might be the means of saving the payment of claims amounting to millions.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse substitute offered. Dr. C. J. Bishop, of Anew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." For Sale by McMillan's Drug Store, Lumberton, & H. B. Ward, Rowland, N. C.

Chinese Formula For Rejection.

Chinese editors, it is said use the following formula when rejecting a manuscript: "We have read it with infinite delight. By the ashes of our ancestors we swear that we have never seen so superb a masterpiece. His majesty, the emperor, our exalted master, if we were to print it, would command us to take it as a model and never publish anything of a less striking quality. As we could not obey this order more than once in ten thousand years, we are compelled to send back your divine manuscript and beg a thousand pardons."

Even tainted money may make a tidy sum.

Sentiments of School Master.

When in doubt, take your wife along.

If a man is not as brave as his convictions, what good are his convictions?

Every German carries a soldier on his back, and every American keeps a politician.

A man with his heels run down feels it in his brain.

Your selfish man is the center of an admiring crowd—and he's the crowd.

Don't bother with the man who says the world is growing worse. Send for a physician.

When a man or woman doesn't care, the case is hopeless.

Over-educated men are like over-fed men, only the indigestion is intellectual.

In America the real Imperialist is a child.

Half the world struggles to straighten out what the other half does wrong.

Add whiskers to self esteem and the case is hopeless.

Keep on killing the fatted calf, so long as the prodigal comes.

To be important is one thing; to look important is another thing—but to feel important! There you have the fellow who enjoys his own society.

God made women gentle and unreasonable so that she would love man and become the refuge of children.

Every nation knows the language of a laugh.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of the drug's bad after effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and audior, till he took Electric Bitters, which saved his life. At all druggists; price 50c, guaranteed."

Unless a man has unlimited faith he should never take his meals in a cheap restaurant.

It takes a born diplomat to disguise the truth so it wouldn't be able to recognize itself in a mirror.

While it doesn't take any more time to be polite than disagreeable, the latter seems so much easier to most people.

A Thousand Dollars Worth of Good.

A. H. Thurus, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure, then the results was surprising. A few doses started the brick dust like fine stone and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." McMillan Drug Store, & H. B. Ward Rowland, N. C.

The Time Will Come.

When everybody will know that selfishness always defeats itself.

When to get rich by making others poorer will be considered a disgrace.

When the Golden Rule will be regarded as the soundest business philosophy.

When the same standard of morality will be demanded of men as women.

When all true happiness will be found in doing the right, and only the good will be found to be real.

When the business man will find that his best interests will be the best interest of the man at the other end of the bargain.

When all hatred, revenge and jealousy will be regarded as boomerangs which reflect upon the thrower the injury intended for others.

When a man who seeks amusement by causing pain or taking life of innocent, dumb creatures will be considered a barbarian.

When ever a man will be his own physician, and will carry his own remedy with him—when mind, not medicine, will be the great panacea—Labor Leader.

"MAKES YOU WELL ALL OVER"

New Scientific Remedy That "Gets at the Joints From the Inside."

When you get up in the morning with a headache, pains in the joints and muscles, and a dark brown taste in the mouth, it is ample proof that your body is in bad condition. Pills and stimulants may give you temporary relief, but they will not cure. RHEUMACIDE goes right to the seat of the trouble, sweeps all the germs and poisons out of the blood cleans up every "plague spot" in the body and "makes you well all over."

RHEUMACIDE tones up the stomach, relieves indigestion and constipation, regulates the liver and kidneys and restores each organ to its natural functions. By building up the entire system, RHEUMACIDE fortifies you against La Grippe, Pneumonia and winter Colds. Through its thorough cleaning of the blood it wards off Malaria and prevents Springs Fever.

No other medicine has yet been found that cures Rheumatism to stay cured. A remedy that is powerful enough to cure Rheumatism also removes the germs of all other blood diseases. Powerful as it is, RHEUMACIDE is a purely vegetable remedy that does not even harm the stomach of a baby and acts entirely through nature's channels.

Your druggist sells and recommends RHEUMACIDE.

If it were not for the fact that most people ask too much indemnity there wouldn't be much use for courts.

It invigorates, strengthens and builds up. It keeps you in condition physically, mentally and morally. That's what Holster's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Ask your Druggist.

If you are the right sort of man the world will hear of you—after your demise.
