Senator Tillman in Chicago.

Chicago Dispatch, 27th.

The efforts of the colored citizens of Chicago to prevent United States Senator Benjamin R. Tillman from delivering an address here tonight in Orchestra Hall was unsuccessful. When the South Carolina Senator arrived in Chicago early in the afternoon he was told of threatened injunction proceedings to prevent him from appearing on the platform and of a money consideration that had been offered if he would cancel his engagement, but Mr. Tillman expressed scorn for both. Until he leaves for Fond Du Lac, Wisconsin, tomorrow, Senator Tillman will be guarded by police and private detectives. This is in accordance with an order issued by Mayor Edward F. Dunne, who was scheduled to preside at tonight's meeting, but who refused to have anything to do with the affair after a committee of colored citizens visited him a few days ago.

Senator Tillman gave his address protected by 40 detectives. In anticipation of trouble a number of policemen were kept at nearby stations in reserve, but they were not called for. Six negro policemen mingled with the crowd which blocked the street in front of the hall.

In the audience were many negroes, but they listened to Senator Tillman's remarks good-naturedly and although he was interrupted many times the meeting passed off without trouble. In leading up to his address,

"Shall the United States Annex Cuba?" Mr. Tillman took occasion to criticize Mayor Dunne's action in refusing to preside at the meeting. "I have been told that I have been snubbed by the mayor of this city," said the Senator. "I did not ask Mayor Dunne to be here tonight. If any one has been snubbed it is the gracious ladies, who planned this meeting to secure money for the Chicago Union Hospital and who requested Mayor Dunne, the creature of a political hour, to come forward and add his mite.

"I have been advertised to discuss the annexation of Cuba," continued Mr. Tillman, "but in view of the fact that I could not discuss that subject without discussing the race question, I am going to go at the matter hammer and tongs. Therefore, I shall discuss the race problem pure and simple from an American standpoint and not from a Cuban standpoint. Owing to my experience with the question and the diligent study I have made of it, I believe I am better qualified to discuss this question than any other man in America."

While discussing the fifteenth amendment to the constitution, which he declared gave the negro every right that a white man had, he was interrupted several times by one of his listeners, who kept asking "How about Kentucky?"

Finally Mr. Tillman seemed to lose his temper and exclaimed:

"Oh, shut your mouth. You don't know the A. B. C. of this thing. I forgot forty years ago more than you ever knew."

"You make up your minds that equality before the law which the fifteenth amendment guarantees is right and should be enforced, notwithstanding its result. If this law was enforced it would result in two States at least being dominated absolutely by negroes, while four other States would be so near being governed by the negro that there would practically be an equal division of offices."

A voice—"How about the law?" Senator Tillman—"The law? To hell with such law."

After telling in detail how the negro is prevented from casting his ballot in the South, Senator Tillman said:

"There is a great deal more to this question than the little racket here in Chicago."

A voice—"How about the negro judge?"

Senator Tillman—"Well, I will tell you about your negro judge and about your political machines putting him on your ticket and bamboozling those poor ignorant baboons into electing him, and then afterwards you fellows who voted the ticket without what was on it, find a way to cheat him out of it."

"No matter what the people in the North may say or do, the white race in the South will never be dominated by the negro and I want to tell you now that if some State should ever attempt to save South Carolina we will show them in their fanaticism that we will make it red before we make it black."

"God Almighty made the Caucasian of better clay than the Mongolian or the African or any other race. The Ethiopian is a burden bearer. He has done absolutely nothing for history, nor has he ever achieved anything of great importance."

There are no great men among the race. Yet this people has
