**NEED VINOL**

it strengthens and vitalizes

With old age comes feebleness and loss of power; the blood is thin and digestion weak.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol contains all the medicinal elements of cod liver oil in a concentrated form, taken from fresh cod's livers, the useless oil eliminated and tonic iron added.

Try it on our guarantee.

**OUR ORPHANAGE.**

**Editor Johnson Writes Interestingly of the Orphanage.**

For the sake of those who are not familiar with it we will say that we have 340 children at the Orphanage, and the daily expenses of the institution are seventy dollars. Think of that will you? Bills at the end of each week to meet aggregating nearly \$500.00 and without a dollar pledged by the Legislature or any other body.

The Lord is our refuge. He has a willing people, and through all these years has touched their hearts and made them tender. Has he touched yours? If not, will you not let this story have its blessed effect, and gladly join the throng who stand by the Orphanage through shade and shine.

Many of the children are without father or mother. Waifs and straylings adrift upon the tide they would be, but for the friendly hand of help extended them through the Orphanage. But thanks be to Him who loved and blessed little children, they have here a beautiful home surrounded with hallowed influences and exempt from many a temptation to which your child exposed.

Yes, it is a beautiful home. The time was when it was deemed unsafe to tell our people of the comforts the orphan children enjoy; but that day has passed, and the friends of the institution rejoice in the advantages surrounding the homeless ones.

**CURES ALL SKIN DISEASES.**

**Sulphur the Accepted Remedy for a Hundred Years.**

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "waters," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of LIQUID and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions." BUTLER EDGAR.

**Drops From Hospital Window.**

Fayetteville, May 6.—This morning about 7 o'clock pedestrians were horrified when they saw a man, a patient in the Highsmith Hospital, hanging by one hand from a window on the third floor yelling to save me; but before assistance could be rendered he lost his hold and dropped to the sidewalk, 50 feet below. After being carried into the hospital by doctors and nurses, it was found that he had sustained a broken arm and broken leg, also internal injury. He proved to be John L. Sherwood, a prominent young business man of Dillon, S. C. He fell at 7 o'clock just as the night nurses were going off duty and the day force coming on. This gave him his first opportunity to get to a window.

Mr. Sherwood was formerly a resident of this city, a clerk for the late James Burnes. This afternoon his condition is critical, and little hope is entertained for his recovery. Mr. Sherwood was admitted to the hospital last Wednesday and has since been perfectly rational with nothing in his condition to require watchfulness or lead to the supposition of any danger of such a lamentable occurrence. It is thought he had risen and was sitting in the window and he lost his balance. His immediate cries for help would indicate that. A careful examination shows that the right leg was broken. At 2 o'clock the physicians could not give an opinion as to chances of recovery.

Later.—Mr. Sherwood died from his injuries at 6 o'clock this afternoon.

**Demon Flees From Axe.**

Charlotte Observer.

Columbia, S. C., May 6.—William McDuffy, a North Carolina negro, was lodged in the Marion county jail last night, charged with having broken into the house of T. W. Sellers, agent at Zion railroad station and attempting to criminally assault Mrs. Charles Sellers, who was spending the night there. There was no one else in the house at the time except Mr. Seller's little daughter. Mrs. Sellers managed to get hold of an axe after having been severely choked, but the negro made his escape unhurt. McDuffy was carried before Mrs. Sellers, who identified him as her assailant.

McDuffy maintains his innocence, but bears a bad reputation throughout this section and has served several sentences upon the chaingang for various offences.

Mrs. Sellers is highly respected in the community in which she lives. The news of her experience caused considerable excitement throughout the county and that the fiend did not meet death at the hands of the infuriated people is proof of their high regard for the law.

**Float From Red Springs.**

Citizen.

The marshals appointed from Red Springs to assist in unveiling the Confederate monument at Lumberton on Friday, May 10, have placed at the disposal of the Daughters of the town a float to go into the parade. The Daughters have accepted this generous offer, and have called a meeting to be held at Mrs. T. M. Cunningham's home on Tuesday afternoon next at 3:30 o'clock to make arrangements for the trip to Lumberton, many of whom expect to take part in the unveiling ceremonies.

**First Sulphur Matches.**

Youth's Companion.

In these days of rapid progress it does not take long to make an appliance old fashioned and out of date. Not more than seventy years ago the match was considered an innovation of a daring and dangerous type. The conservative still scraped away with the steel and flint, holding the sulphur dipped stick in fear and trembling.

One Robert Gibbs tells the story of the first match he ever saw. A school-fellow who had visited London brought back with him, besides his stories of that wonderful town, a box of the newly invented matches. He exhibited them to his wonderful mates and, as a great favor, presented one to Gibbs. The boy took his prize home, struck it in the chimney place and gleefully watched the surprise of his mother.

"Now you may throw away the tinder box," he said.

"No such a thing," responded the prudent woman. "Matches which light themselves will find no place here. Why, some night we might be burned in our beds! Give up the tinder box."

A Salem, Mass., newspaper of June, 1836, speaks approvingly of one of the inhabitants of its town.

"Notwithstanding the convenience of those dangerous little articles which are in almost everybody's hands, but which will all their charms, bid fair to prove a heavy curse on the community, we learn there is one man in Salem, a respectable tradesman who keeps a store where he should generally expect to find such things, but who has never sold them or allowed them to be used on his premises. He sticks to the flint, steel and tinder; he shows his wisdom in so doing. How many can say as much?"

**Rubbing Restores Life.**

Charlotte Observer.

A fall into a tub of water head-foremost nearly cost the life of little Alma, the 13-months' old child of Mr. and Mrs. John B. McQuay. Only the most persistent effort of neighbors who responded to the screams of the mother and used every known means of resuscitation caused again the tiny lungs to expand with the breath of life, after an apparent lapse of several minutes.

The accident occurred about 2 o'clock in the afternoon. Mrs. McQuay had left the child alone but a few moments, but missing her, went in search of her. She was horrified to discover the little one standing on her head in a tub of water at the well. She seized the child and called for help. When neighbors arrived there was no evidence whatever of the presence of life, but hope was not given up and after a vigorous rubbing and the use of stimulants the infant was brought around and showed but little ill effects.

**A Hard Debt to Pay.**

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westville, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

**Tobacco Stories.**

Charlotte Observer.

They were talking about tobacco. Said one: "I was the luckiest fellow that ever lived when I began the habit. A great many times I fooled my mother, who would believe me on sight. But my father came in on me in the kitchen once when I actually had a pipe in my mouth, drawing at it and emitting a cloud of the smoke."

"He did not need to say anything. I knew."

"Papa," I said, "I am not smoking. I have just lit the pipe for Mary," and I passed the pipe to the cook with as confident an air as I could assume.

"Bless her soul, she took it and went on smoking, and my father went on his way, satisfied."

"I had a worse time than that," said the next man. "My father came upon me with a large chew of tobacco in my mouth. Said he, 'Son, aren't you chewing tobacco?' I gulped the whole thing down, held my face as straight as I could, and said, 'N-no sir.'"

**Must Wed or Pay Fine.**

Omaha, Neb., May 7.—All old maids and old bachelors of Omaha must get married within sixty days or pay a heavy fine, if the city council has the power to make them do it. "Cowboy" Mayor Jim Dahlman says he will sign the ordinance to be introduced at the next meeting of the council, which requires that all single persons between the ages of twenty-five and forty-five of normal physical and mental conditions get married within sixty days. No excuses are to be accepted. Get married or pay a heavy fine are the only two things left for the unmarried to do. However, the bill does not discriminate against the men, as the order will apply to women just as well as to the males. Widows and widowers are exempted. A majority of the city councilmen have expressed themselves as in favor of the new ordinance, and Mayor Dahlman says he will lose no time in attaching his signature to the bill when presented to him.

**May Drive all of Them From State.**

Jefferson City, Mo. May 8.—Insurance men in Missouri are awaiting with appreciation the taking effect on June 15th of senate bill No. 1106, passed recently by the legislature. The act provides that no domestic life insurance company shall pay any salary or emolument to any officer or person in excess of \$5,000 per annum unless such payment has been authorized by the board of directors. But section 2 causes the most apprehension. It reads as follows.

"No life insurance company which pays a salary or compensation for services or as an emolument or allowance of any kind whatsoever more than \$5,000 per annum to any one person shall be licensed to transact business in the state."

If the section is construed literally, the effect will be to drive from the state every one of the old-line companies. Attorney General Hadley says the section means just what it says.
