### Commencement Exercises of the Lumber Bridge Graded School.

The sermon Sunday night by Dr. W. R. Cullum, of Wake Forest, was a masterly effort. Dr. Cullum is a man of fine address, added to this is a strong personality. He is also blessed with a fine voice which adds materially to his attractiveness as a public speaker.

Monday night the exercises by 1st and 4th grades were fine selections throughout. One was at once impressed with the character of the entertainment. Class work took the place of the common place little speeches and doings usually indulge in.

Selections from Mother Goose and some other little myths were artistically presented.

"May Day" was a charming conception. The costuming was ideal and every part was rendered faultlessly, although the participants were about 30 little boys and girls.

The scene effect was beautiful. It introduced the May-pole dance and Fairy Queen and her sprites. Possibly the character song by little Wilburn, John and Elizabeth Walker Hargrove was the most heartily applauded selections.

Tuesday night's entertainment was up to the high standard set the night before. Negro dialect and comic selections generally were conspicuously absent. Everything was uplifting and wholesome. Clean, refining. The exercises consisted of duets, recitations, music, vocal and instrumental.

One of the most ludicrous selections ever rendered by amateurs was a farce. "Personification of Jokes." This was unique indeed and kept the audience in a roar of laughter from start to finish.

"The Gypsy Festival" was one of most pleasing entertainments of this or any other evening. The Gypsy costuming, the catchy choruses and the pretty settings, all blended beautifully. And the score of pretty girls made lovely Gypsies indeed, to say nothing of the beautiful Queen and charming little fortune teller.

The Yankee peddler who dropped into this bevy of beauty was most admirably represented by Henry Jones.

The Wednesday morning ex-

ercises meant more to our school than all the pleasing things that had gone before. The graduating exercises of our Graded School make quite an epoch in our history. There are few if any country graded schools in North Carolina which have reached this crucial point. Our graduating class numbered six. Three young men, none of whom is less than eighteen and three young ladies the youngest of which is about fifteen. Their parts were well rendered. Miss Ethel G. Cobb, Salutatorian; Miss Cora John, Valetictorian; Miss Amanda Holmes Cobb, Essay, "Evangeline," Daniel S. Marley, Essay, "Manuel Training," Lacy John, Essay, "North Carolina," Leslie L. Shaw, Essay "Athletics." After the reading of the essays Supt. J. R. Poole in a manner suggestive of both grace and dignity and in words most happily chosen presented the diplomas.

He reviewed briefly the past school work, showed what the diplomas meant to the graduates and what they should mean to the school by continuous study and diligence. His remarks were pleasing and encouraging both to the school and the throng of visitors.

Prof. Hargrove made a brief announcement showing the wonderful development and growth of the school after which he delivered the promotion cards. Then our worthy Representative Hon. Henry John in glowing tributes of praise presented the orator of the day Hon. E. F. McRae. Col. McRae's fine address and charming personality secured at once attentive and patient auditors, whom he never disappoints. His speech to day was roundly applauded and most heartily enjoyed. Dr. Stamps very gracefully presented a waiter of flowers, white and green, the school colors. To this tribute Col. McRae very happily responded.

Thus ended a most joyous occasion. At all of our exercises, the Assembly Hall was crowded to the uttermost, nevertheless the order was excellent. The stage for each set of exercises was most suitably decorated and by some was even pronounced beautiful. All of our commencement exercises were interspersed with music which was under the management of our talented and efficient music teacher, Miss Letha Lancaster. In each selection the skillful training of Miss Lancaster manifested itself and bespoke through the class her faithful work.

An enthusiastic audience greeted Henry Blount Wednesday night. It is useless to try to describe Mr. Blount's entertainment. No one has ever yet done him justice. For two hours he held his audience almost spell bound by his laugh producing power. Mr. Blount's lecture over, we found ourselves face to face with the long wished for vacation, but really were sorry, when it came.

let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. The commissioners then adjourned to meet again Monday, May 15th.

**To Care for the Insane.**  
Columbia, S. C., Correspondence to Charlotte Observer.  
An agreement has been reached between Governors Glenn and Ansel as to the care of non-resident insane, whereby insane South Carolinians taken into custody in North Carolina will be brought to this State at this State's expense, and North Carolinians similarly stranded in this State will be taken to North Carolina at that State's expense. All of the details of the arrangement have not yet been worked out, but the plan has been put on a working basis and Governor Ansel feels relieved at having solved a problem that has for many years been the source of trouble. He will at once correspond with Governor Terrell with a view to establishing similar arrangements with Georgia. A letter received today from Governor Glenn is as follows:

"Your letter of April 30th received and would have been answered sooner but for my absence from my office.  
"The arrangement you suggest is just and humane; the only trouble is that I have no such contingent fund such as you have out of which I can pay these expenses. However, I am thoroughly satisfied that I can pay same out of the fund appropriated directly for the various hospitals, making the hospital nearest the place where the patient resides and who is to be removed to your State pay the expense of said removal. Or how would it do for us, instead of paying this expense of removal—as the number of patients going from one State to another is about the same—to allow the person who is removed from one State to another, but who has not been at a place long enough to establish a residence, regardless of the fact to be taken into our institutions as if he was a resident—thus saving all cost whatsoever?  
"I assure you, my dear Governor, that I am willing to do anything in my power to more than meet you half way in your effort to take care of these unfortunates."

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.  
Dr. Shoop's Restorative, the Constitutional.  
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissue, and all blood ailments.  
"The Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well
