Death of Bertram Williams.

Bertram, the ten year old son of Mr. and Mrs. Q. T. Williams, died Saturday about noon, after a two weeks' illness of typhoid fever. From the beginning of his illness he had been very ill, and doubts of his recovery were felt for several days prior to his death.

He was bright, promising boy, a favorite with his playmates, and his death brings deep sadness to many hearts. The bereaved family have the sympathy of the community in their sorrow.

The funeral services were held at the Baptist church yesterday afternoon by Rev. C. H. Durham, and the remains were interred in the family lot in the cemetery at East Lumberton.

If our people who are going to the different summer resorts and other places using season tickets, leaving Lumberton on the early morning train, would take the precaution to secure their tickets and have their baggage checked the evening before departure, they would often save themselves and the ticket agent a great deal of unnecessary rush and trouble. These summer tickets are troublesome, taking time and care, and mistakes will often be avoided if this precaution is taken, which can easily be done by phoning the agent.

Lightning's Antics.

Kinston, N. C., June 28.—A gentleman from Trent Township, who was in the city today, said that the electrical storm was in much evidence out in that section Wednesday. At Mr. J. J. Barwick's it struck a tree near his house, ran along a clothes line to a post and passed on to another post which it tore all to pieces. It melted the wire from the tree to the first post and killed four hens and four small chickens. It did not injure the wire, however, from the first to the second post where it went off into the ground.

Unexpected Find.

Laurinburg Exchange.
Mr. D. C. Norton, who farms on the lands of Mr. James T. McLaurin, in Stewartsville township, while plowing in his field on January 10th, 1906, dropped his watch and plowed it under the soil. On last Thursday, June 13, 1907—17 months later—while plowing at the same place, the plow uncovered the watch. Mr. Norton cleaned off the case and wound the watch up, and much to his surprise it began ticking away, and has been running constantly since.
