### BALTIMORE HAPPENINGS.

An Oyster Supper Wednesday Night—Good Luck Hunting—Other Items.

Correspondent of The Robesonian.

Our school is progressing fine under our excellent teachers, Misses Mc Jean and Ausley.

A number of Fairmont folks attended Sunday school here Sunday.

We are sorry to part with Mrs. C. R. Mitchell and family, who will move to Fairmont in the near future.

Some of our young men were visiting near Barnesville last Sunday. Look-out, girls, they mean business.

A number of our young folks enjoyed a surprise party at the home of Mr. John Lewis last Friday night.

Hog killing seems to be the order of the day. Mr. R. Gaine killed two nice porkers last week, one weighing 401 pounds, the other 393, making a total of 794 lbs.

Thanksgiving seemed to be very much enjoyed by our young folks. Some of the boys went out gunning, but don't think the game turned up very much. The game of ball between the Fairmont and Baltimore teams was the feature of the day. The scores were 16 to 8 in favor of the home team.

A few of the boys attended the oyster supper at Center Thanksgiving night and reported a nice time.

There will be an oyster supper at the school house here Wednesday night, the 18th. Everybody is cordially invited to attend. We will have a nice cake to give to the prettiest girl.

Miss Crissie Floyd, who is teaching school in Columbus county, spent Thanksgiving at home.

Mr. G. D. Floyd is making his residence more picturesque by applying a coat of paint.

Mr. J. T. Lewis seems to be having fine luck hunting this season; he went out Saturday night and bagged five 'pommus in time to get home by Sunday.

Messrs. A. O. Inman and R. Gaine made a business trip to South Carolina last Wednesday. Christmas is drawing near, everybody expecting a nice time. Boys, prepare your purses; your girls are expecting a present.

Wonder what has become of the monster. Guess he has gone into winter quarters.

With best wishes to The Robesonian.  
Baltimore, N. C., Dec. 12, 1907.

### Rev. E. M. Hoyle Enters Upon His New Charge and Preaches to Large Congregations Yesterday Morning and Evening.

Rev. E. M. Hoyle, the new pastor of the Methodist church, preached to large congregations yesterday morning and evening.

Mr. Hoyle has started out by making an excellent impression on the people of Lumberton. He is a young man whose earnestness and ability give promise of a useful ministry. He was graduated at Trinity College, Durham, in 1903, and has served the people of Mangum Street church of Durham, for the past four years, and the fact that he served his first charge the limit of time allowed for continuous service in one charge speaks volumes in his praise.

Time and space forbids more than the briefest mention of Mr. Hoyle's sermons. He preached yesterday morning and evening. They had the ring of the power that springs from simplicity and earnestness.

Mr. Hoyle's wife and little daughter and his father and mother are expected to join him here this week.

Mr. R. C. Sessions has moved from the Big Swamp and is now living on his place near St. Pauls, on the new railroad, near the McDiarmid-Williams Mill.

Miss Little Liver Pills take up lazy livers, clean the system and give the skin. Try them for biliousness and sick headaches. Price 25c. Sold by J. D. McMillan & Son.

### BAPTIST STATE CONVENTION.

An Interesting Review of the Work Done at the Seventy-Seventh Annual Session.

To The Editor of The Robesonian.

On Wednesday evening, Dec. 4th, the seventy-seventh annual session of the Baptist State Convention convened in the First Baptist church of Wilmington and continued through Sunday. There were two hundred and fifty-eight delegates present when the Convention was first called to order. The number grew to be much larger by the last of the week. The attendance, however, was not as large as usual. There are about two hundred thousand white Baptists in the State and usually the annual meeting is largely attended.

Mr. Wealey N. Jones, of Raleigh, president for the last two years, called the Convention to order. He would not agree to serve in that capacity longer, and Prof. J. B. Carlyle, of Wake Forest College, was elected president, which was a fitting thing to do in recognition of Prof. Carlyle's earnest efforts during the past year to increase the endowment of Wake Forest College.

In the routine business which followed gratifying reports from all departments of the work of the denomination in the State were made. Results show that it has been, in many respects, the most successful year in the history of the Convention.

The State Mission Board, which was authorized last year to expend \$40,000 in mission work in the State, reported no debt but some money in the treasury after carrying out the instructions. The board was authorized to pursue its work on a basis of \$45,000 during the ensuing year. For Home and Foreign Missions it was agreed to make decided advancement over last year, which means that the Convention will raise more money for missions during the ensuing year than ever before. The Home and Foreign Mission Boards were represented by Drs. J. F. Love and S. J. Porter, respectively, both of whom made stirring speeches for the objects they represent.

Just here it may be stated that Mr. J. H. Tylar, a business man of Baltimore, Md., addressed the Convention on the subject of the "The Laymen's Missionary Movement," which is a very live and important subject at present. His address was well received.

On Friday night the sum of ten thousand dollars was raised for Wake Forest College endowment. This makes a total of \$112,500 raised for that object during the year, and which makes it possible for the college to get an additional gift of \$37,500 given conditionally by the Education Board. The college's endowment is increased now to about \$350,000.

The Baptist University for Women and the Thomasville Orphanage, both of which are liberally and loyally supported by the denomination, were reported to be in flourishing condition.

The progress made in the more important work of soul-winning, as shown by reports and statistics, is gratifying indeed. Large numbers of churches and mission fields have been visited by showers of spiritual blessings and many thousands of converts were made.

The committee whose duty it is to decide upon a place for meeting next year, has not rendered a decision yet. It is thought by some that the invitation extended by the First Baptist Church of Raleigh will be accepted.

There is more faith in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only conditionally curative on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.  
Sold by Druggists, 75c.  
Take Hall's Family Pills for constipation.

Mr. Murphy Kinley and Miss Mump Smith were united in marriage Sunday, Mr. Leash Kinley officiating.  
Howellsville, N. C., E. F. D. Dec. 12, 1907.

### Mr. J. G. McCormick Goes to Wilmington.

Mr. J. G. McCormick, junior member of the firm of McLean, McLean & McCormick, has decided to sever his connection with that firm and about the first of the new year he will assume the duties of secretary and treasurer of the Acme Manufacturing Company, of Wilmington.

Some four years ago and a half ago Mr. McCormick became connected with the above named firm. Prior to that time he practiced law in Maxton. The firm of McLean, McLean & McCormick is easily one of the foremost law firms in the eastern part of the State, and during his connection with this firm a large part of his extensive business has fallen upon Mr. McCormick's shoulders. Some four years ago he was elected chairman of the Democratic executive committee of the county and to that position he was re-elected two years ago. His work has brought him prominently before the people, and those who know something of the man and his work are confident that large things awaited him in the practice of the law, had he chosen to remain in that field.

The Acme Manufacturing Co., of which Mr. McCormick becomes secretary and treasurer, is a large and well-known concern which manufactures fertilizers. He has had this change under consideration for some time, and he assumes his new connection under the most favorable circumstances. Mr. McCormick will be very much missed in the professional, business and social life of Lumberton.

### The Ladies of Parkton Presbyterian Church to Give an Entertainment Thursday Evening.

To The Editor of The Robesonian.

The ladies of Parkton Presbyterian church are planning a most enjoyable occasion for their friends on Thursday evening, the 19th. In the academy, beginning at seven-thirty o'clock, a musical program will be rendered free by the pupils of Miss Agnes Evans, assisted by others. Following, oysters and other refreshments will be served. In connection, several booths will be opened with a variety of Christmas goods for sale.

Various lineas, confectioneries and all good things attractive to old and young. No excessive prices, everything reasonable. A large crowd is expected and every one shall have a cordial welcome. The proceeds go to the purchase of an organ for the church.

Miss Maggie Conoly and Mr. Frank L. Smith were married last week at the home of the bride's father, Mr. J. W. Conoly, near Lumber Bridge. The ceremony was performed by Rev. J. W. Cobb.

The Masonic Lodge of Lumberton will have its regular meeting tomorrow evening. All of the members are requested to be present, as there is special business to attend to.

Mr. R. E. Lee entertained a few friends at his home Thursday evening in celebration of the thirty-second mile post which he has safely passed on his journey through this year. Those present were Messrs. J. G. McCormick, Jas. D. Proctor, C. B. Skipper and Leon T. Cook. An elegant course dinner was served and the evening was very much enjoyed.

There is more faith in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable.
