A dual election was held in Raleigh on the 22d on the issue of road bonds and for an increased tax for public schools, and both propositions failed, largely on account of the stay-at-home voters. It is said that the failure means six months instead of nine months schools.

Messrs. W. E. Hearn and J. E. Turlington have completed the soil survey around Maxton and left for Lumberton Wednesday.

The time will soon be here for the election of the town officers. Mayor Williams has disappointed his friends by announcing that he will not be a candidate for re-election. He has been a good officer and retires with honor. The members of the present board of commissioners announce themselves for re-election. The board is composed of W. H. Harding, McKay McKinnon, T. O. Evans and A. B. Croom. These gentlemen have done their work well. They are thoroughly posted on water works and sewerage and in the next term would probably be of more service than they have in the past. Mr. J. C. Parish has announced himself a candidate for mayor. Having served in this capacity before he will doubtless make a good successor for Mayor Williams. Mr. Parish is considered authority on building and on construction work and in installing water works. His service would be most valuable to the town.

In a ball game this afternoon between Raeford and Maxton, Maxton won by a score of eleven to seven. The Raeford boys put up a good game. Patterson for Raeford got a three-base hit the longest that was made.

Shocking Goldsboro Tragedy. Goldsboro Special, 24d, to Charlotte Observer.

One of the most shocking tragedies in the history of Goldsboro occurred here last night, when Howard Bain made a murderous assault upon his wife and two-months old baby, shooting the former three times through the chest with a .38 calibre revolver. The balls went through the body, inflicting wounds from which the woman can hardly recover. It seems that on account of some family trouble Bain and his wife were not living together, having been separated a month or more. Mrs. Bain was at the home of her parents, Mr. and Mrs. McCullen, who had just retired for the night when she was asked by her husband, who had come to her door, to get up and open it.

RED SPRINGS NEWS.

Ball Games—Movements of the People.

Quite an interesting game of baseball took place on our grounds when the S. M. A. defeated Jonesboro by a score of 9 to 2. This was the most interesting game played here this season. Both teams played well. The features of the game were the fielding by Devane and the pitching by McKethan for the S. M. A., and Makepeace for Jonesboro, the latter being a left-handed man and throwing a slow ball, was very hard to hit. The line-up was as follows:

Jonesboro: Kelley, short stop; Watson, catch; McKethan, third base; Makepeace, pitch; Campbell, left field; Hoyle, first base; Jones, second base; Daraymple, center field; Murchison, right field.

Southern Military Academy: Townsend, second base; McKethan, D. pitch; Poole, catch; Henderson, first base; Devane, center field; Cope, short stop; Cook, left field; Covington, right field; McKethan, M, third base.

SWEET BY CYCLONE.

Death and Destruction Wrought in Three Southern States. Atlanta, Ga., Dispatch, 24th.

A wind of cyclonic proportions swept over portions of Louisiana, Mississippi and Alabama late today, leaving a trail of dead and injured. Tonight the number of killed is estimated at close to a hundred and the number of injured at over a hundred, with many portions of the afflicted districts to hear from.

Most of the dead are negroes. Perhaps a dozen white persons were caught in falling buildings and either fatally injured or so seriously disabled as to require medical attention.

In Louisiana it is estimated that a score of small towns were destroyed or partially wrecked. These include Amite City, Arcadia, and Independence. Bell Grove, Melton, Lorman, Pine Ridge, Quilman Landing, Fairchilds Creek, Purvis and Lumberton, Miss., are reported seriously damaged by the storm.

In Alabama, Dora was the chief sufferer. This town is also known as Bergen. Four or more persons were killed. Fifty persons at the lowest estimate were injured. At Bergen cars were blown from the railroad tracks and considerable other property destroyed. Reports also say that the storm struck Albertville, Ala., late today and destroyed nearly the entire northern portion of the town. A cotton mill was blown down, the storm ranging northward, doing much destruction to life and property. An unconfirmed report from this section gives the death list from thirty to thirty five with scores of persons injured.

MISSISSIPPI'S LOSS HEAVY. New Orleans, La., April 25.—Probably half a thousand lives lost, a hundred or more persons fatally injured, and many times this number painfully hurt, together with a property loss running in the millions, is the record so far of a series of tornadoes that originated in the West two days ago, sweeping across Texas, Oklahoma, Arkansas, Louisiana, Mississippi, Tennessee, Alabama and Georgia yesterday and last night. It left a patch of death, desolation and want in its wake, seriously interrupted communication between cities in the South and brought about chaotic conditions in many smaller towns.

Mississippi bore the brunt of the storm. Reports from that State indicate that the loss of life will be by far the greatest of any section through which the storm passed.

Estimates of those who lost their lives as a result of tornadoes in Mississippi places the death list near 300, with a thousand or more injured. In Texas, Louisiana, Alabama and Georgia the death lists are also large with loss of life in Arkansas and Tennessee. Authentic information is, in many instances, lacking owing to the crippled facilities for communication and the lack of time to form anything like an accurate estimate of the damage.

Odorous Onions. Chicago (La.) Mail.

Wing Hop, a Chinese gardener who owns a small truck farm near Fresno, Cal., has made the startling announcement that he has out-Burbanked Burbank and produced an odorless onion. For years Hop, who formerly worked for Burbank, has been working on the production of an onion which would have all the taste and other qualities of the normal vegetable but would be free of the disagreeable odor which offends so many persons. Now he claims he has succeeded and his contention is borne out by the statement of many of his white neighbors and rivals who have inspected the new onion.
