

# A Celebrated \$60.00 Cameron Range Free! Hot Lunch Every Hour. Our Cooking Exhibition all this week the talk of the town.

This great cooking demonstration, to show how perfectly the Celebrated Cameron Steel Ranges cook and bake, was started Monday. It will close Saturday afternoon late, Oct. 31st. Don't miss it.

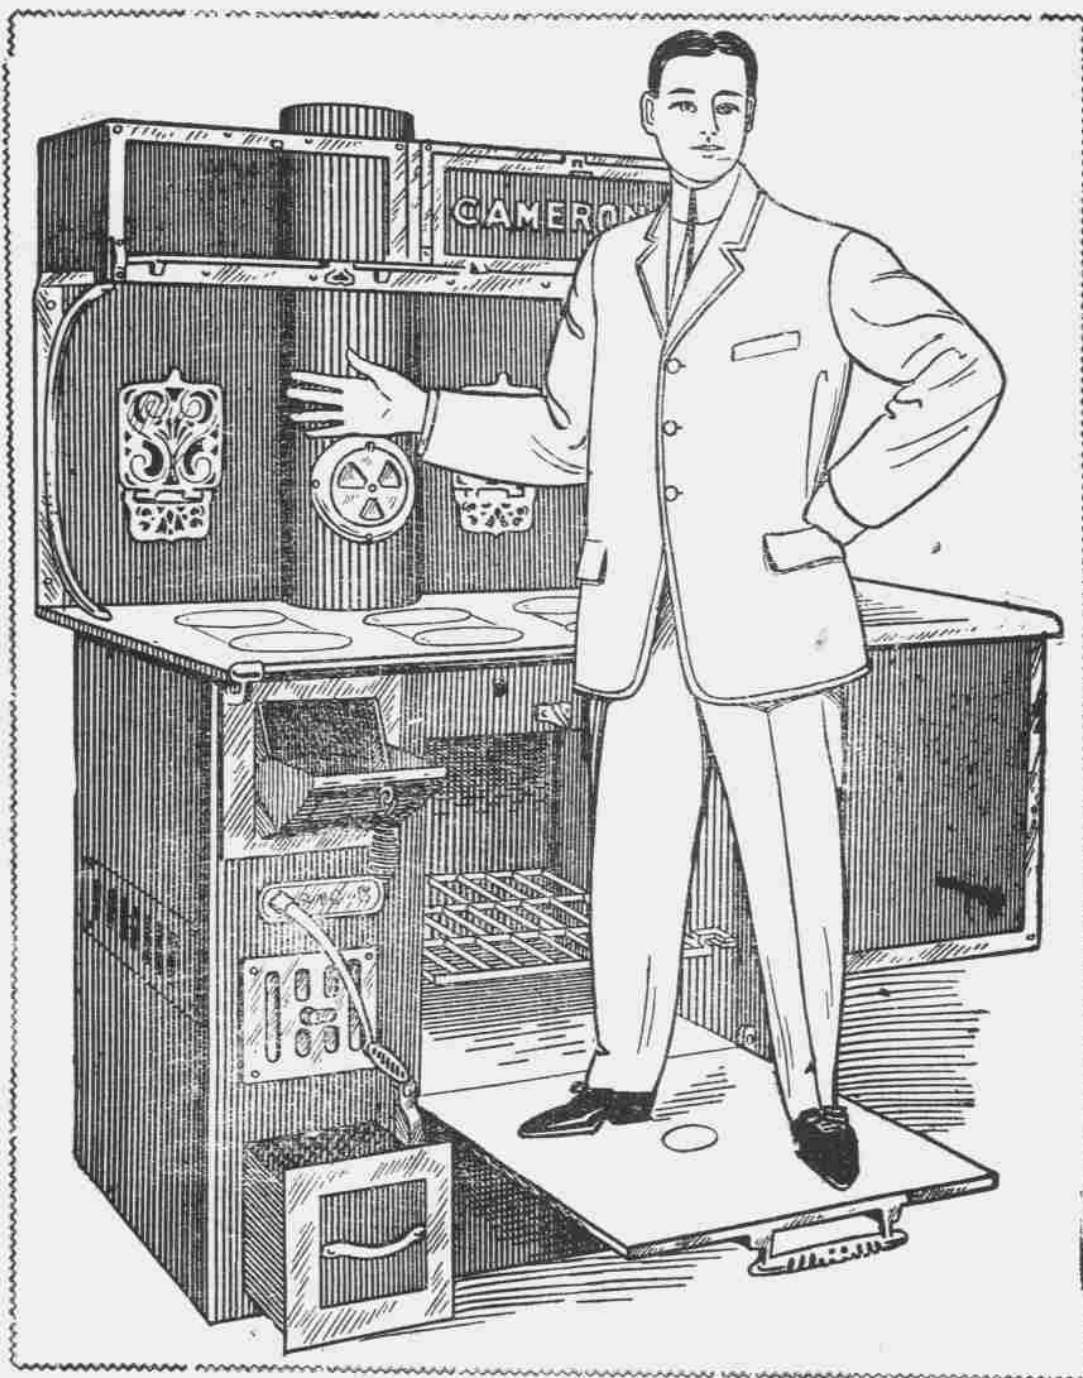

**Hot Coffee, Hot Biscuit and good Butter served all visitors absolutely free all this week and a \$60.00 Range Free!**

All Lumberton and surrounding country are invited to come as often as possible during this week. Don't wait--Don't Hesitate--but be here.

A numbered ticket will be presented to each and every visitor entitling the holder to one chance at a magnificent \$60.00 Celebrated Cameron Steel Range. Some number is going to get the range. It may be yours.

The Range will be awarded to the lucky number Saturday afternoon Oct. 31st. Be on hand with your team ready to carry it home.

**Ladies especially invited.**

**Cooks and Housekeepers Everywhere Admire and use the Celebrated Cameron Steel Range.**

**Read this:**

Cameron Steel Ranges are Built to last a life time and will do so, with ordinary care. They seldom ever need repairs.

The ovens are built larger than the ovens of any other steel range made, they bake and cook quicker, better and with less fuel than others. They burn any kind of fuel and the flues are so large that they do not "choke" up nor burn out.

A great feature is the warming closet that makes it easy for the housekeeper to keep the food warm as long as she wishes.

**Ladies especially invited.**

### News Items and Personals from St. Pauls.

Mr. E. J. Britt, of Lumberton, spoke in the new school building Monday evening to an enthusiastic audience. After the speaking Mr. J. A. McDougald, of Lumberton, organized a Bryan-Kitchin Club with Dr. T. N. Northrop as president, Mr. B. H. Johnson, secretary, and N. D. Johnson, treasurer. Thirty-seven dollars were subscribed for the fund.

Miss Minnie Rowland returned from her home in Lumberton Tuesday. She reports improvement in the health of her brother, Mayor John A. Rowland, who has been quite ill.

Miss Alice Haigh, of Fayetteville, and Miss Alice H. Huske, of Washington, D. C., were the guests of Miss Eloise McDiarmid Sunday.

Messrs. Tom Sutton and Clifton Rankin were in St. Pauls Sunday.

Miss Ida Fairly, of Manchester, will visit here next week.

An oyster supper was given at the academy Thursday evening. Mr. S. McIntyre, of Lumberton, was down for a speech, but on account of rainy weather he failed to appear. The oysters were sold in spite of the non-appearance of the speaker and there were impromptu speeches by the trustees.

The candidates were in town Saturday. The ladies of the Presbyterian church served hot coffee and sandwiches, which were enjoyed between the speeches.

Prof. R. E. Sentelle, of Lumberton, will preach at the Baptist church tomorrow.

Miss Christine Gower spent Saturday and Sunday in Lumberton, the guest of Mr. and Mrs. S. McIntyre.

Mr. and Mrs. J. A. Johnson went to Fayetteville Friday.

The school building has been completed at last and the school is progressing rapidly. There are about 80 enrolled and more will come in later.

Mr. Eugene Parham, of Wilmington, was here Thursday on a short visit to his parents.

Mr. J. P. Stansel, of Lumberton, was a welcome visitor to St. Pauls Monday.

The McEachern, Johnson & McEachy Co. has moved into its new store, which was built some months ago near the depot.

St. Pauls, N. C., Oct. 24, 1908.

### SALARY VERSUS COMMISSION.

**The System out of Date—County Officers Should be Put on Salaries.**

I ask a little space in your splendid paper to inquire why nothing is said by the press or on the stump in regard to the salary law passed for Robeson county by the Legislature of 1907. If it is a good law, let us approve it; if a bad law, let us defeat it by our ballots. There are numbers of our people who have forgotten all about this law, and to sneak it through, as it looks now, is mean. If you oppose a measure, have the manhood to say so, is my motto. Some of our county officers are paid too much, notably the sheriff, but I am not contending so much for the law because of the reduced prices it proposes to pay, but I do not favor the system.

The fee system was inaugurated for quite different conditions from the present. Taxes have increased during the last eight years at least 50 per cent., or from \$70,000 to \$140,000,000 and still we pay the same commission to collect. No wonder our county is in debt. It is a burning shame that after agitating the building of a court house several years the whole had to be bonded—not a penny to put in it. Now our taxes are almost a burden. Let us begin to reform by approving this law and other needful steps and get out of debt.

Yours truly,  
T. H. Wallers.

### Mr. J. L. Caddell Still at Highsmith Hospital.

One of the most interesting patients the Highsmith Hospital has had in a long time is Mr. J. L. Caddell, a young man of Rowland. It will be recalled that he was shot by a negro while he was driving a wagon load of machinery from Marion to Mullins, S. C., and that the negro escaped lynching only by a ruse of the authorities, who secretly conveyed him to a place of safe keeping where he now awaits trial.

The negro claims that he shot Mr. Caddell by mistake. Mr. Caddell says that he was passing a house in which were a lot of drunken negroes, when one of them called out to him, using a name he did not know. He told the man that he was mistaken, but he paid no attention and fired at him, the ball entering the right leg. He was brought to the hospital here the next day and it was found necessary to amputate the limb at the hip joint.

### Edenton Tea Party Tablet Unveiled.

Thirteen little boys and girls, descendants of revolutionary families, to-day unveiled a handsome tablet commemorating the famous Edenton tea party. Ceremonies of an imposing character marked the dedication. The memorial is placed in the rotunda of the Capitol, and bears the following inscription at the top:

"Erected by the North Carolina Society of the Daughters of the Revolution to the 51 ladies of Edenton who, by their patriotism, zeal and earnest protest against British authority, assisted our forefathers in the making of this republic and our Commonwealth." Below this inscription is a tea urn of very large size, upon this being the house in which the tea party was held, under this house being the words: "The Tea Party House, Edenton, N. C." Under this inscription is a hand holding an inverted tea caddy and pouring tea from the latter. Yet below this is the inscription: "Edenton Tea Party, October 25, 1773." Below all the inscriptions, etc., is the year, 1908. The border of this very handsome tablet is a wreath of pine, including the burs and the fascicles of leaves, mingled with these being tea leaves and blossoms.

### Big Fire at Mullins.

A special to The State from Mullins says: Fire today destroyed the splendid three-story factory of the Imperial Tobacco Company, owned and operated by J. P. Sale and Company, who are the buyers for the Imperial. In the Imperial factory about 200 negro men and women were at work stemming tobacco and so rapidly did the fire gain headway that several had narrow escapes.

About 300,000 pounds of leaf tobacco was destroyed. The loss is estimated at \$400,000, mostly covered by insurance.

To those afflicted with kidney and bladder trouble, backache, rheumatism, Pinesules for the Kidneys brings relief in the first dose. Hundreds of people today testify to their remarkable healing and tonic properties. 30 days' trial \$1.00. They purify the blood. Sold by J. D. McMillan & Son.

## Ivory Cement Plaster.

This is the Best of all Wall Plaster. Fully 75 per cent. of the better class of buildings in the United States are plastered with it. It will not loosen or fall off, even from leakage of water pipes or imperfect roofs. It permits the carpenters to follow the plasterers without loss of time. It is a valuable fire retarder, as the most intense heat will not cause it to fall off and expose the woodwork to the fire. It has great adhesiveness and strength, rendering the walls practically indestructible. It will not crack of itself or shrink. Rats or vermin cannot find harborage owing to its density and extraordinary hardness. It is disease-germ proof. From its possessing a smooth, hard surface, it is admirable for decorating purposes. Its use prevents shrinking and cracking of woodwork, as it requires about one-third the amount of water used in applying lime. It costs no more than three-coat lime work, and is infinitely better. Its use saves weeks in time necessary to plaster a building. It is plastic, works smoothly, and any competent mechanic can apply it.
