MONDAY, MARCH 22, 1909.

THE PASSING OF BOOZE.

In this day of fierce competition men are realizing as perhaps never before that to keep one's powers to the point of highest efficiency it is necessary to keep one's body well and strong. Not the least notable thing in the remarkable life of that remarkable man, ex-President Roosevelt, is second degree punishment 20 his teaching by his own life the years' imprisonment—this was lar, indeed quite a favorite, in her value of physical strength and dered by the jury against gratulate Mr. and Mrs. Walters, force. And so one of the most Col. Duncan B. Cooper and powerful aids to the prohibition Robin J. Cooper when the movement is the fact that men court opened to-day. The jury are realizing more and more that alcohol in any form can't help a look of first the last that we sterday acquitted John D. Sharp, indicted with the Coopers for the slaying of former U. FOR SALE BY STONE & COMPANY, WILMINGTON, N. C.

The Pure Food Law and the Pure Shoe Law.

Some people might consider the board of directors of the Agricure worse than the habit, but it at Raleigh President Hill report.

The consumer of food is entitled to know that he is getting the article that he is buying and paying for, and the government of the United States has taken a great step forward in the appointment of a Pure Food Commission. Mr. Leslie Shaw left last week for a visit to friends and relatives in Georgia and Florida.

The shoe-buying public is also entitled to protection. The best material yet known from which to construct shoes is leather, and the public is entitled to know whether or not the shoes they buy contain any substitutes for leather.

The Roberts, Johnson & Rand Shoe Company is not making a pair of shoes in which any substitutes for leather are used, and they stamp their STAR trade-

The Washington correspondent that the students to a man had pledged themselves to have no for Fayetteville, where she will that the students to a man had for Fayetteville, where she will the for leather is used. In former years they have given several leather substitutes a test to see if the consumer that no substitutes a test to see if the consumer that the c of The Charlotte Observer more hazing next term, there enter Highsmith Hospital to be- stitutes a test, to see if they were serviceble as leather, but have found nothing as good, nor as serviceable. Wood, or steel, fiber, can be used in the shank of a shoe between a leather outer sole and a leather inner sole as a support to the shank and not affect the wearing qualities, for that part of the shoe does not come in Carmicle, of Clio, S. C., spent contact with the ground in walking-but composition counters, and composition innersoles, and composition heels are used by many manufacturers because they can be made to look like leather and cost much less.

The Roberts, Johnson & Rand Shoe Company is going to try to get the next Legislature of Missouri and the next National Congress to pass a law requiring every manufacturer of shoes to so mark their shoes that the purchaser may know if there are any substitutes for leather used, and, if so, to Public of this fact, and then the consumer will know what he is buying.

With a law, or without a law, the Roberts, Johnson & Rand Shoe Company says it will use no substitutes for leather until something better than leather is discovered from which shoes can be made.
