

LOCAL BRIEFS.

Cotton to-day, 12 1/4 cents
Wool 20 cents

An excursion will be run from Lumberton to Jackson Springs by the Virginia & Carolina Southern Railroad Tuesday, 24th.

A decided change for the better has been made in the arrangement of the furniture in the office of Sheriff E. C. McNeill.

Mr. Wright J. Prevatt, who had been living at Tabor for some time, returned to Lumberton a few days ago and is employed in Mr. C. D. Moore's barber shop on Elm street.

A communication signed "C", from R. F. D. No. 2 from Parkton, finds its way into the waste basket simply because no name was signed. No communications will be published unless the name of the writer is known to the editor.

Mr. W. H. Stalvey has opened a barber shop in the old Lumberton Cotton Mill office, Waverly Hotel building, in rear of the McLean-Sledge Drug Store. He has two barber chairs in the shop and when business justifies it he will get another barber to assist him.

Mr. E. M. Britt expects to build soon a cottage on his lot in Lindell, and he will also build a new residence where he is now living on the corner of Pine and Eight streets. His present residence he will move back on the same lot and have repaired and improved.

Mr. L. H. Caldwell has moved his stock of hardware into the store room on Elm street formerly occupied by Mr. J. P. McNeill, and the room from which it was moved will be used altogether for dry goods and notions. Mr. Caldwell now occupies five adjoining two-story stores in his building fronting on Elm street.

Mr. T. W. Sanderson, who had been conducting a mercantile business at Chadbourn for some time, sold his stock of goods last week to Mr. E. D. Williams, of Chadbourn, and arrived in town Monday and began work Tuesday on a storehouse on Chipewa street, near the Dresden Mill, in which he expects to begin business soon.

Invitations have been sent out reading as follows:

Mrs. John Bullock will give in marriage her daughter Katherine Maria,

to Mr. Stephen Eugene Clendenin, on Wednesday, the first of September, one thousand nine hundred and nine, Rowland, North Carolina.

At Home after the fifteenth of September, Bluefield, West Virginia.

Miss Estelle Sledge, who had been making her home for several years with her grandparents, Mr. and Mrs. E. L. Sledge, of Leaksville, arrived Tuesday evening and will make her home at present with her uncle and aunt, Mr. and Mrs. R. S. Sledge, on Fifth street. Miss Sledge makes the change in homes on account of the death of her grandmother, which occurred about two weeks ago.

Mr. R. R. Tolbert, of Greenwood, S. C., a graduate of Clemson College, has made application for the high school at Barker's taught last year by Prof. J. B. Bowers, of Pitt county, and is spending a few days in Lumberton. The trustees of the school think that perhaps they will want to add industrial training to the work at this school, and as Prof. Bowers did not care to undertake that sort of work he resigned.

COMMERCIAL AND INDUSTRIAL CLUB.

New Members Added Preparations Being Made for Quarters.

A few members of the Lumberton Commercial and Industrial Club met in the court room at the court house Tuesday evening and some important matters in connection with the management and policy of the club were determined. All who have connected themselves with the club are very much pleased with the progress so far made.

Three new members—Messrs. E. J. Britt and J. F. Head and Dr. N. A. Thompson—were added at this meeting, and at a meeting of the executive committee yesterday afternoon three others—Messrs. C. B. Redmond, W. J. Prevatt and F. P. Gray—were received, so that but membership now numbers 23. A special committee composed of E. J. Britt, E. M. Britt and J. A. Sharpe was appointed Tuesday evening to meet yesterday afternoon at 5 o'clock with the executive committee and consider the matter of furnishings for the club rooms. After considering available places the committee decided that the Lumberton Cotton Mills office building offers the only available quarters, but owing to the absence of Mr. H. A. Jennings and some misunderstanding between some lodges in regard to halls it was found necessary to postpone definite action until Tuesday afternoon, when the committees will meet again and prepare to report to a meeting of the club in the court house Tuesday evening at 8:30 o'clock.

As soon as quarters may be obtained no time will be lost in fitting up rooms.

Pinealve, carbolicized, soothes pain. In any emergency—bruises, cuts, sores, burns, scratches, etc., Pinealve, carbolicized, is best. Sold by J. D. McMillan & Son.

The kidneys eliminate poisons by acting as filters for the blood. When they fail in this respect serious ailments must result. Pinealve for the kidneys are what you should take at the first warning sign of kidney trouble. They assist the kidneys in expelling uric acid poison. Sold by J. D. McMillan & Son.

PRACTICAL VALUE OF A NEWSPAPER

to the man of affairs, the merchant, broker, lawyer, farmer and to the housekeeper the daily newspaper has come to be invaluable although formed as to prices, supplies and demands, conditions, new markets, etc., giving him information daily without which he would very soon be out-distanced and put out of business by his more up-to-date competitor. The lawyer it keeps up to the minute on new laws, court decisions, etc. The farmer finds that a few dollars invested in a newspaper subscription enables him to market his products to better advantage, keep informed as to markets, crops, and conditions all over the country and often teaches him many important methods and economies.

Table with 2 columns: THE DAILY OBSERVER (Mornings, Every day in the Year) and THE EVENING CHRONICLE (Every Day Except Sunday). Includes rates for One Year, Six Months, Three Months, and One Month for both papers.

We send sample copies on request.

A Large Rattler Killed Near Lumber Bridge.

While out Lumber Bridge way the other day Mr. R. C. Lawrence, of Lumberton, saw a huge rattlesnake which a negro had just killed near that place. The snake was over six feet long, was as large around as a man leg, and carried 14 rattles. One is accustomed to thinking of rattlers as belonging exclusively to the mountainous portions of the State, but it seems that they are found occasionally in this section.

A protracted meeting will begin at the Methodist church at Buie next Sunday, 22d.

70 Years with Coughs

We have had nearly seventy years of experience with Ayer's Cherry Pectoral. That makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. Ask your own doctor what experience he has had with it. He knows. He can advise you wisely. Keep in close touch with your family physician. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Be well, be strong. You cannot if your bowels are constipated. The best laxative is Ayer's Pills, all vegetable. Ask your doctor if he agrees with us. Do as he says.

Among the sick.

Mr. John Britt, of Proctorville, who was shot a week ago last evening at Proctorville by William Macon and whose right leg was amputated Friday at the Thompson Hospital, continues to improve. Mr. Carey Atkinson, of Proctorville, was brought to the Thompson Hospital Monday. He has fever.

Relief From Insects. Worrell's Insect Exterminator is offered as a perfectly efficient preparation, carefully compounded by the most modern formula that advanced science has discovered. It combines ingredients that give it the properties not only of the best insecticides known, but also of a Germicide, Deodorizer and Disinfectant. It does not deteriorate with age and is unaffected by climatic changes. It is always ready for use and instantaneous in its effects. It is perfectly harmless when moderately applied to man or animal, food, fabric, or furniture. It is wholesome and clean in its use and may be economically used and easily applied. It has a deadly effect upon all insect life. It kills the insect and sterilizes its eggs. Worrell's Insect Exterminator, where persistently used will clear the premises of all manner of insects. This fact is testified to by thousands of individuals, by innumerable managers and superintendents of public institutions and jailers and sheriffs, as well as by wardens and attaches of many Federal institutions throughout the land. Why Our Insecticide, Germicide and Disinfectant Excels all Others. 1st. It kills bed bugs and all other insects and sterilizes their eggs. 2nd. It will rid wardrobes and carpets of moths. 3rd. It will kill and destroy fleas and lice on cattle, horses and dogs without the least injury to the animal. 4th. It is the best disinfectant on the market for jails, penitentiaries and workhouses, also wards in hospitals and asylums where foul air exists. 5th. It excels as a disinfectant in that it will purify the air and kill disease germs without nauseating the patient. 6th. The goods are ever ready for use. There is a wholesome effect from inhaling the vapor while using the goods. 7th. Our goods will not rust steel bed-springs or corrode any kinds of metals. 8th. It will not spot or stain sheets, mattresses, fabrics of any kind, or the finest polished or varnished furniture. 9th. It is non-explosive, does not freeze or deteriorate with age. 10th. It satisfies everyone and gratifies all expectations. 11th. Sure death for ants and roaches. Small Sprayers. With each bottle of Worrell's Insect Exterminator an ingenious small tin sprayer is furnished free, and is used by inserting the long arm of the sprayer clear down to the bottom of the bottle and blowing vigorously into the funnel shaped end. This disseminates the contents of the bottle in vapory particles, and may be blown out ten or twelve feet wherever it is desired to apply the liquid.
