### THE SEMI-WEEKLY ROBESONIAN

# **Medals** and Awards. What Does This Mean?

Medals and awards obtained at great. International Exhibitions may fairly be accepted as evidence that the firms who gained them have reached a certain high standard of manufacture.

BET BETERSTER

At some of the great World's Fairs of the past the highest awards have been won only by such concerns as richly derserved them. Furthermore, the Judges, even if capable and unbiased, could only pass upon such exhibits as were submitted to them. The product of the factory is the main part the purchaser should consider. What is a testimonial, and what is it worth? You see the testimonial but you never see the displeased one; you see all the good sides but never the bad. For instance, say a hundred buyers purchase an article and five or ten-say twenty-five-send in or write a testimonial. The other seventy five you never hear from. WHY? Well, you can judge for yourself. If a man comes here and sells five hundred horses in a week. does that convey an idea of truth that he is selling the best and only stock on the market and that everybody was highly pleased with their trade and got their money's worth and no one can make a complaint? No. He was just selling horses because he knew how. Investigate what you are going to do or buy, if it means dollars. Don't just simply do a thing because some one else did, but see if you can't form a basis of your own. Take everybody's advice but do your own deciding.

Now in conclusion of this lecture, will say that we handle and control the agency for four different makes of Pianos, viz: CROWN, CONCORD, FARRAND and NYSEWANDER. In this line we have as good as any and can save purchaser enough on a Piano worth considering, because we sell from the door, cut off outside expense and are satisfied with the same profit on our entire stock of Furniture and Musical Instruments. Get up your papers and read this lecture from start to finsh. If you don't want to buy a Piano, see us

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two

trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.
