A STARTLING STATEMENT.

New York Medical Authorities Claim Dyspepsia to be a Pre-Disposing Cause of Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis. Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard.

As a result, the body becomes a fertile field in which the germs of disease may lodge and flourish. Therefore the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25 cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Lumberton only at our store, The Rexall Store, J. D. McMillan & Son.

Many school children suffer from constipation, which is often the cause of seeming stupidity at useless. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation.
