

WHITE & GOUGH, INC.

Great Sensation.

A bargain cyclone has struck the old town of Lumberton. One man's loss is another man's gain. We have just closed a deal with a Trustee in Bankruptcy for an immense stock of General Merchandise. We have made many good deals, but hardly think we have ever made a better one than this, as the stock is practically new, all of it having been bought within the past few months. We may have bought goods cheaper before, but we have never bought such reasonable goods so much under priced. This bargain event should crowd our store from morning until night with an eager throng of shoppers. This stock of goods is now on sale in our Big Department Store at Lumberton, and we invite the good people of Robeson and adjoining counties to come early and get the pick of the matchless bargains which we will offer.

The mere fact that our business is increasing rapidly is the best evidence that the public appreciates our efforts to furnish the world's best bargains. In addition to this bankrupt stock there is a great stream of merchandise flowing into our Mammoth Department Store every day. Our Mr. Gough is going up and down

this great country of ours devouring bargains in all lines right and left. Each day brings its sensation; bargains like you will find here are not to be found every day; things that you have thought to be out of your reach are now placed before you for a little of nothing—dimes, dollars, yes, even pennies will do mighty work in our store. Bargains in every department, bargains unusual, bargains galore, nothing but real bargains, emphatic money—saving bargains can stir up buying enthusiasm at this season of the year. We have neither time nor space to quote prices in this advertisement, but urge you to come and see for yourself. We sell everything and sell it for less.

In conclusion we call attention to our Wholesale Department. This Department is for Merchants only. We guarantee to sell you as cheap as any jobber and will save you freight. We have on hand more than 15,000 pounds of tobacco of different brands, 25c. per pound.

Thanking you for your liberal patronage in the past, we beg to remain

For immediate sale 11,000,000 feet of timber, half long leaf, half short leaf, in the county between Lumberton and St. Pauls—railroad running through. A great opportunity for saw mill man or timber dealer.

We have 1,000 acres in two tracts, 500 acres each, situated about five miles North-East of St. Pauls, in a good community. One tract has about 200 acres cleared with seven tenant houses, good barns, etc. The other tract has some timber on it and 300 acres of it can be easily cleared. The cleared land on this property rents well and the 1,000 acres, both tracts, can be had for less than \$20,000, part cash and balance on time.

For Sale in the Town of Lumberton.

A beautiful lot with nice two-story residence, well situated. House is renting for \$14.00 per month. Will sell for less than \$2,500. Terms right. We also have another house and lot that we can sell for about \$2,000, but the best proposition we have to offer in the town is a vacant lot on MAIN street opposite Mr. R. D. Caldwell's residence. This property will not be on the market long and any one desiring to purchase it should apply at once. We have a nice half-acre lot on Second street extending through to First and is only three blocks from MAIN street. This lot fronts two streets and is desirable property—bargain for somebody.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." A Young Merchant of Promise.
Rowland Sun.

Rowland's youngest merchant, and perhaps the youngest in the county, is Praether McKinnon, the bright young son of Mr. and Mrs. Graham McKinnon. He is scarcely 15 years old, but has been merchandising for some little time. He styles his place of business "The Country Cash Store," and on his business cards he has printed, "D. P. McKinnon, the Country Merchant." A great many boys in this generation have nothing to do while out of school but loaf on the streets and smoke cigarettes, but Praether is not one of that kind. After school and on Saturdays he tends to his store, and sells goods too. Praether is a bright boy and has in him the making of a great merchant. He bears the initials of his paternal grandfather, who was a leading merchant and farmer in his day, and one of Robeson's most honored citizens.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Dr. J. D. McMillan & Son and The Pope Drug Co.

To Give Away Millions—Rockefeller Foundation To Be Incorporated.
Washington Dispatch, 21.

Steps were taken today to incorporate the Rockefeller Foundation in the District of Columbia. The bill for this purpose was introduced by Senator Gallinger and was referred to the committee on judiciary. The purpose of the foundation is to provide for a general organization to conduct philanthropic work along all lines. It is understood that the foundation will be endowed largely by John D. Rockefeller and that he takes this means to dispose of a large part of his enormous wealth.

The incorporators named in the bill are John D. Rockefeller, John D. Rockefeller, Jr., Fred T. Gates, Starr J. Murphy and Charles O. Heydt. These incorporators are authorized to select associates, not to exceed a total of twenty-five and it is provided that there shall not be at any time less than five.

It was stated by Senator Gallinger today that Mr. Rockefeller already has given away \$52,000,000 and that he was seeking a method of disposing of his fortune that would benefit man-

kind. The Rockefeller Foundation will be authorized to receive and dispense gifts of money other than those obtained from the original endowments, the amount of which has not been fixed.

The scope of the foundation is very broad, although embraced in a very short section of the bill. This section reads:

"That the object of the said corporation shall be to promote the well being and to advance the civilization of the people of the United States and its Territories and possessions and of foreign lands in the acquisition and dissemination of knowledge; in the prevention and relief of suffering and in the promotion of any and all of the elements of human progress."

New York Dispatch, 21.

Among charities the new Rockefeller foundation is to become what the Standard Oil Company has long been among corporations, and J. D. Rockefeller, Jr., as its head, will in another sphere of influence perpetuate the domination so long maintained in the world of industry by John D. Rockefeller, Sr., as president of the Standard.

Negro Seized in Court Room and Lynched.

Dallas, Tex., Dispatch, 21.

From the very grasp of the law, Allen Brooks, an aged negro, charged with criminally assaulting a 2-year-old white child, was taken by 1,500 determined members of an angry mob today and hanged for his crime. Brooks was seized in the court room where he was to receive the law's judgment, tossed through a window to the main body of the mob which waited like a pack of raving wolves for their prey in the street below. His broken body was dragged through the streets and he was hanged to the Elks' Arch, high above the street by the avenging citizens. The mob was led by an old negro.

Greensboro Cor., Ist. Raleigh News and Observer: Before Justice Collins, W. E. Massenburg, of Henderson, waived examination in two cases, one charging abduction of Mrs. Arthur H. Nowell and her little son, Frank. The other case charging the kidnaping of Mrs. Nowell. Massenburg gave bonds in the sum of \$3,000 for his appearance at the next term of Guilford Superior court, which begins April 4.
