WARREN TOPPAN, Lynn, Mass.

Cured of severe compound cold and cough by

Vinol

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough—and what surprises me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years.

Vinol is certainly a wonderful medicine." Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond. The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron. **Your Money Back if You Are Not Satisfied.** Dr. J. Farmers' Union Wants to Adapt the Schools to the Needs of the Agricultural Class.

Raleigh News and Observer, 17th. The officers of the North Carolina Farmers' Educational and Co-operative Union after a two days' meeting here returned to their homes yesterday. On Tuesday the county business agents of Eastern Carolina met with the State Business Agent, Mr. J. R. Rives, of Lee county, and the State officers. Yesterday the educational committee of the Union, of which Mr. H. D. Edgerton, of Franklin, is chairman, held a conference with State Superintendent J. Y. Joyner and Dr. D. H. Hill, president of A. & M. College, relative to putting the present law in regard to the teaching of agriculture in the public schools in effect, and Dr. H. Q. Alexander, of Mecklenburg, the State president, said after the conference that when the public schools open next fall elementary agriculture and domestic science will be taught. The Union is also working to the end of establishing agricultural high schools, one or more in every county, with a farm connected with each school.

"We want to adapt the schools that all are dependent upon for the education they will get to the needs of the agricultural class," said Dr. Alexander. "The public schools have been too cified, with a tendency to educate the children away from the farm instead of to it." The Union will co-operate with the State Department of Agriculture this summer in the farmers' institute work.

May It Be So.

Charlotte Observer. Robeson county's roller flour mill will be ready for use by June 1. The mill is advantageously located at Pembroke, where the main line of the Atlantic Coast Line crosses the Seaboard Air Line, giving it convenient shipping facilities for wheat to the mill and its product to the markets. We venture the prediction that because of the enterprise more wheat will be grown in Robeson and adjacent counties from now on than for many years.

WILMINGTON WINNING PORT.

Exports in 1909 Beat Four Competitive Seaport Cities Combined.

Wilmington Star.

It is interesting to note from government statistics from the Treasury Department, that the port of Wilmington during 1909 was ahead of Charleston, Norfolk and Portsmouth, and Newport News combined in exports by \$23,462.

A comparative statement showing these interesting figures has been compiled at the Chamber of Commerce and places Wilmington as one of the leaders in exports of the Atlantic seaboard cities.

The government's figures, as to exports, is as follows: Norfolk and Portsmouth \$8,720,988, Newport News \$6,102,568, Charleston \$8,463,052. Total \$23,286,608. Wilmington's exports during 1909 amounted to \$23,310,070. The increase over the four combined is \$23,462.

Wilmington also leads Norfolk and Portsmouth combined in imports as is shown by the following government figures: Norfolk and Portsmouth \$1,184,919 against Wilmington's \$1,282,724.

This is a rather remarkable showing for Wilmington and will serve as a big advertisement for the local port.

Hardison College, a negro school at Abbeville, S. C., was burned by an incendiary Wednesday and an attempt was made to burn the president's home also. Three negro men were burned in the fire and several of the students received broken limbs in jumping from the windows. A mass meeting was held in Abbeville Thursday denouncing the burning and rewards have been offered for the capture of the incendiary.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Dr. J. D. McMillan & Son and The Pope Drug Co.
