By using Labor-Saving Implements. Either one of these will save you the price paid for It in One Year.

These Tools are Not Experiments. Numbers of our best farmers have thrown aside other makes and are using these exclusively. Your Money Back if not as Represented.

Roderick Lean Spiked Tooth Harrows. Made in sections, for one or two horses. Indestructible, made entirely of steel, no malleable parts to break. Guaranteed to be the Lightest draft, most Durable Harrow of its kind on the market.

COLE PLANTERS For

Cotton, Corn and Peas. Also furnished with Fertilizer attachment if desired. This is the most perfect Planter made. It is simple, has no chain, crank or lever. The seed are dropped in a straight line, any depth desired. The quantity of seed is easily regulated. No bunching or skipping with this Planter. The cotton coming up in a straight line can be chopped more rapidly, thus reducing cost of cultivation. The saving in seed and labor will more than pay cost of Planter every season.

Roderick Lean Weeder. Is the strongest tool of its kind made. Call and inspect it. We can easily convince you that it is by far the best ever offered for sale in this section.

THE P. & O. CANTON NEW VICTOR CULTIVATOR

Can be set for wide or narrow track by means of a telescope axle. Hitch is low, with ample clearance. Seat is adjustable, or it may be thrown forward when used as a walker. Can be perfectly balanced by the lever without straining the axles. Wheels have dust-proof removable hard oil boxes and screw caps. The handles are adjustable to any position.

The adjustment of the gangs is the most delicate ever devised. When they are in the ground the shovels can be regulated by fractions of an inch and when the gangs are raised they are carried up rapidly by an accelerative movement which is a feature not found on any other cultivator. The gangs are raised by means of malleable arms and not by chains and pulleys so common on other cultivators and which cause no end of trouble.

There is no oscillation in the lateral movement of the gangs—they swing on a perfectly horizontal plane. The driver can regulate the distance between them by the hand latch on the spreader arch without leaving the seat.

The Victor has all the labor-saving devices required on a cultivator.

Pellagra in Fayetteville.
Fayetteville Index.
It is reported that a case of pellagra in the city has been discovered by Dr. Seavy Highsmith, who, it is said, called Dr. K. G. Averitt, an expert on the disease, to diagnose. Dr. Averitt pronounced it pellagra in the first degree.

L. R. Carter and C. T. Lewis, charged with interfering with veniremen in the Powell case in Halifax court last Friday, were fined \$50 and sentenced to 10 days in jail, respectively, by Judge Ward Saturday. The only reason Carter was not sent to jail was his mother died only the day before.

A Mule That Plays Part of Alarm Clock.
Owensville, Ind., Dispatch.
Jeff Clarke, a farmer of Wash township, owns a mule that plays the part of an alarm clock every morning with such regularity that Clarke has about discarded the little alarm clock that hangs on the bed-post, and firmly refuses to part with the animal.

Promptly at four o'clock this mule kicks the side of the barn four times in succession.

A Cruel Murder Near Rockingham.
At Roberdel No. 2, a mill village near Rockingham, Sunday morning Pearl Bruton, a merchant, shot and killed Oscar Williams, a mill operative 31 years old who went to Roberdel from Moore county. It seems that Bruton, who is 28 years old and has a wife and several children, has been bothered Sundays with requests to go to his store and sell drinks. Williams went to Bruton's house and the latter accused him of coming to raise a fuss. Williams said that he only wanted to see him, whereupon Bruton struck him with a heavy chair, breaking it in pieces, and then got his gun. Williams begged him not to shoot and turned to run, but Bruton shot two or three times, Williams dying within five minutes. Bruton was arrested and placed in jail. Williams had a wife and two children, the youngest just a week old.
