

### Booze Captured—Coon Trapped for Trapping Fish.

Policeman Alex. Currie was notified Saturday morning that there were two negroes on the train from Marion with jugs of liquor 5 and 3 gallons. Mr. Currie met the train and found the liquor, but the owners were missing. Developments are expected.

Olin Johnson, colored, was in town Saturday with a bunch of 25 or 30 red breasts and when Sheriff E. C. McNeill asked him how he caught them he said in a trap. Sheriff McNeill phoned Justice Rowland, kept Johnson in his office until Mr. Rowland came and said that he wanted a warrant for Johnson for violating the law against trapping fish. Johnson changed his tune at once and said he did not mean a really truly trap—just his way of saying that he caught them with hook and line. Examination of the fish, however, failed to reveal any evidences of hooks and Johnson will be tried before Justice Rowland Wednesday morning at 11 o'clock.

### Mad-dog Victims.

Mr. John Fisher, a son of the late Street Fisher, of Hope Mills, is critically ill with hydrophobia at his home at Massey Hill, Fayetteville. Mr. Fisher and his brother and some Bynum children were all bitten by a mad dog in Hope Mills about five weeks ago. This is the only developed case and the other victims were officially ordered yesterday to hurry to Raleigh for Pasteur treatment.

### GENERAL NEWS.

Bluefields, May 27.—The government forces under cover of the fire of the gunboat San Jacinto today routed the insurgents and occupied Bluefields Bluff. This loss to the Estrada forces probably ends the revolution.

Norfolk, Va., May 27.—A new world's record for big gun shooting, which incidentally emphasizes the superiority of United States naval marksmanship, has just been made by the new battleship South Carolina. With her forward turret 12-inch guns she made 16 "bulls eye" target hits out of 17 shots in four minutes and 51 seconds.

Washington, May 27.—Christopher P. Connolly, a lawyer of Montana and New York, and a well known writer for magazines, today filed suit in the Supreme Court of the District of Columbia to recover \$20,000 damages for alleged slander from Oscar Lawyer, assistant attorney general for the Interior Department. The suit is the first of the threatened legal proceedings growing out of the Ballinger-Pinchot inquiry. It was rumored around the court today that Secretary Ballinger was prepared to invoke the law against some of his alleged traducers.

Washington, May 28.—A protest against the action of certain Democratic members of the Congress in opposing the appropriation of \$25,000 for the President's traveling expenses, covering the President's last Southern trip and an offer to make up the deficiency, was telegraphed to Speaker Cannon today by the

Augusta, Ga., chamber of commerce and cotton exchange and Georgia-Carolina Fair Association. The telegram announced that at a called meeting of the three organizations held today a memorial was ordered sent to the speaker to be presented to the House and to President Taft.

Washington, May 27. In summing up the case of the so-called "prosecution" before the Ballinger-Pinchot investigating committee today, Attorney Louis D. Brandeis, counsel for L. R. Glavis, declared that it had been conclusively established that Secretary Ballinger is not a man so "zealously devoted to the interests of the common people, so vigilant and resolute in resisting the insidious aggressions of the special interests that he may be safely depended on to carry forward the broad policy of conservation of our national resources."

The State Corporation Commission Saturday elected A. J. Maxwell, of Dover, secretary of the Commission to succeed H. C. Brown, appointed by the Governor as Commissioner to succeed the late B. F. Aycok. Mr. Maxwell has served several sessions as principal clerk to the State Senate and had the endorsement of all the Democratic State Senators and many others. There were thirty or more other applicants for the place. Mr. Maxwell will take up his work June 1.

Mr. Chas. M. Stieff,  
Baltimore, Md.

Dear Sir:

The uninterrupted growth of our Conservatory and the present unusual enlargement through the consolidation of the faculty of Shorter College with that of Brenau render necessary an addition to our piano equipment, and we wish to place with you an order for twenty Stieff pianos, which please select for us with great care and ship in time to reach us not later than September first.

We have in our conservatory pianos of the most famous manufacturers, and in consideration of this fact it should be a source of gratification to you that we are able to say that this order for your pianos is due to our very satisfactory experience of the past three years with Stieff pianos in our Conservatory (and also in Shorter College), and it is of interest also that this purchase gives us no fewer than seventy Stieff pianos alone—probably a greater number than the entire musical equipment of any other woman's college in America.

Very truly yours,

Successful Revival in East Lumberton.

Reported for The Robesonian.

Rev. J. M. Fleming, pastor of the East Lumberton Baptist church, closed a very successful revival meeting last night. He was assisted by Rev. F. T. Wooten, of Chadbourne, who by his clear and forceful sermons and kindly disposition greatly endeared himself to the people. There were 40 accessions and the baptizing will take place at 9:30 a. m. the 2nd Sunday in June in the river near the Lumberton Cotton Mills.

At a meeting in Raleigh Thursday night of the commission chosen by the North Carolina Conference, Rev. L. S. Mr. Massey is a graduate of Trinity College and one of the leading preachers in the North Carolina Conference. He has held important appointments, his present charge being Oxford. ## Look and Read.

Come Let us Show You. For There is Always Something Doing.

We have just closed contract for 2,000 acres of land in one tract about 10 miles from Lumberton on the Elizabeth road, which we are going to sell to some one at a bargain. The place has quite a bit of cleared land on it, a grist mill and several tenant houses.

We have a beautiful lot in town on corner of Second and Pine streets in which there is a bargain for some one and anybody desiring a lot should see us at once.

We have on hand at all times something for sale, and we are always open for the purchase of anything that can be handled at reasonable prices.

We have a 700-acre tract of land about 4 miles East of St. Paul, on the new railroad from St. Paul to Elizabethtown, that is a bargain for somebody. About 100 acres of the land is cleared and there is quite a bit of timber on the place. To see this property means a deal, because it is too good a thing for one to let slip. It can be had for less than \$15,000. About 3 miles from St. Paul, on the South side of the Great Marsh, on Marsh road, we have another piece of property in which there is a bargain for some one. There are 174 acres in this tract and between 35 and 40 cleared, with an excellent house. There is quite a bit of timber on this place. Price \$4,500. Terms right.

For immediate sale 11,000,000 feet of timber, half long leaf, half short leaf, in the county between Lumberton and St. Pauls—railroad running through. A great opportunity for saw mill man or timber dealer.

We have 100 acres of good land about 10 miles from Lumberton, near Elizabeth road, not far from Smith's church, in Howellsville township. 35 acres of this land is cleared. Place can be had cheap.

### Some Other Property in Town.

A beautiful lot with nice two-story residence, well situated. House is rented for \$14.00 per month. Will sell for less than \$2,500. Terms right. We also have a lot on Main street that we can sell at reasonable price.

We have a bargain in some cotton mill stock. Anyone interested should apply at once.
