Lumberton Postoffice Enters Second Class.

Postmaster R. M. Norment received official notice this morning from the Postoffice Department at Washington that the Lumberton postoffice will be placed in the second class July 1. Some ten years ago this postoffice was in the fourth class and pretty good evidence of the progress being made by the town is given by the fact that its receipts now place it in the second. To enter the second class receipts for a year must reach \$8,000, and receipts here from April 1, 1909, to April 1, 1910, were \$8,192. This usually carries with it provision for more employes and better facilities for serving the public, but as yet nothing more than notice of the change has been received.
