

We Want Hon. H. L. Godwin.

To the Editor of The Robsonian: Please allow me space to say a few words concerning the Congressional situation. In the first place, I wish to say that I have not a word of criticism for the honorable gentlemen who are in the race for this position, they are all good men so far as we know, but I do think our district would make a serious mistake at this time to defeat Mr. Godwin, and send to Washington some new and untried man. We have tried Mr. Godwin now four years, and no man in the State could have given his people better service than he has given us for the same length of time. He has had great success in Congress, far beyond the expectations of his many friends, and all must now admit that his faithful and successful work was never surpassed by his predecessors. The farmers of Robeson county and throughout the entire district have long felt the need of a true friend in Congress, and we all feel that we have the right man in the right place, we must keep him. One of the greatest mistakes we ever make is keeping a new man in Congress all the time. We may never expect Congress to do much for us until we get down to business and keep a man there more than two terms. Now that Mr. Godwin has blazed out the way and got his stakes in row, so to speak, to do the work that his constituents want done, and the voters are satisfied with his work and say he has been a faithful servant, will it not be contrary to good reason and judgment to drop him and send a new man there to start the work anew, just because the new man wants the same honor. I think Mr. Godwin is just getting to the place where he can be of great benefit, if we allow him to do so. It is the duty of every voter of this district to look out for the interest of the State and the district, and send Mr. Godwin back, and keep him there as long as he fills the position in the future as well as he has in the past.

Introducing Bills by the Handful is Not Passing them—A Fact to Remember.

Fayetteville Index. Mr. Godwin has by the abundant advertising matter he has sent out, led a great many people to believe that he has accomplished great things in Washington. He intimates in his announcement card that he will soon publish a review of the things he has done while in Congress. We await with interest the forthcoming statement. Let him get right down to hard pan facts. Introducing bills by the handful is not passing them. Remember that, talking drainage and introducing bills to have the Secretary of Agriculture look into the drainage possibilities in the sixth North Carolina district is not draining your lands, Mr. Farmer. Don't lose sight of that fact. Let Mr. Godwin issue a statement giving a list of bills he has actually had passed.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by Dr. J. D. McMillan & Son and The Pope Drug Co.

Sale of Real Estate.

By virtue of authority vested in me under a judgment and decree of the superior court of Robeson County, entered before the clerk, in a special proceeding therein pending, wherein Julia E. Brisson and others are plaintiffs and Mamie Brisson and others are defendants, same being No. 3035, I will, on Monday the 4th day of July, 1910 at 12 o'clock noon at the court house door in Lumberton, N. C., offer for sale to the highest bidder at public auction for cash the following described lands to-wit:

In Saint Pauls township, adjoining the lands of Troy Fisher and others, lying between Little Marsh and Mercer's branch, beginning at a stake in the Northeast edge of said branch and runs North 57 East 40 chains to a stake; thence North 33 West 46.75 chains to three pines on the hill of said Marsh, thence North 55 East 1 chain to the edge of said Marsh, thence down the various courses of the edge of said Marsh so as to include the Big Island to Mercer's branch, thence up the edge of the said branch to the beginning, containing one hundred and forty acres, more or less. Excepting, however, forty acres of said land heretofore sold and conveyed to Alex Gaddy and Thomas McKinnon as of record will appear. Dated this June 3rd, 1910. R. C. Lawrence, Commissioner. McIntyre, Lawrence and Proctor, attorneys for plaintiffs.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. EMMA LINSSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of 237 N. Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Brenau College Conservatory, Gainesville, Ga. March 14th 1910.

Mr. Chas. M. Stieff, Baltimore, Md., Dear Sir:

The uninterrupted growth of our Conservatory and the present unusual enlargement through the consolidation of the faculty of Shorter College with that of Brenau render necessary an addition to our piano equipment, and we wish to place with you an order for twenty Stieff pianos, which please select for us with great care and ship in time to reach us not later than September first.

We have in our conservatory pianos of the most famous manufacturers, and in consideration of this fact it should be a source of gratification to you that we are able to say that this order for your pianos is due to our very satisfactory experience of the past three years with Stieff pianos in our Conservatory (and also in Shorter College), and it is of interest also that this purchase gives us no fewer than seventy Stieff pianos alone—probably a greater number than the entire musical equipment of any other woman's college in America.

Very truly yours, H. J. Pearce, T. J. Simmons, Presidents.
