CRAIG ON BUTLER.

Marion Butler would not be worth mentioning but for the fact that he is boss of the Republican party in North Carolina and there are many people who, strange as it may seem, are still deceived by him.

"The Republicans came back. The era of fusion was like unto the era of reconstruction. I would not mention the reconstruction, nor perhaps the time of fusionism, had not the Republicans in this campaign put forward as their leader and champion a man who is the incarnation of the evil of fusionism and who stands today for the consummation of the greatest robbery of reconstruction.

"For years she had been robbed in consuming fire and ravaged by avenging armies. She had exhausted her resources in supporting the Confederacy. One hundred and twenty-five thousand of her sons had gone to the front and 40,000 of her children had been slain.

The State Fair in Good Hands News and Observer. The Scotchmen seem to have captured the State fair. For three years Capt. J. H. Currie, of Cumberland, has been president, and now we are to have a "God-blessed Mac" in the person of Col. E. F. McRae as president.

Thad. F. Tyler, 53 years old, a well-known contractor of Wilmington, died Friday night as the result of injuries received Friday afternoon in an auto accident near Wilmington. Mr. W. S. Bernard, owner and driver of the machine and business manager of The Morning Star, was pitched through the glass wind shield of the machine and only slightly injured. The machine skidded into a tree by the roadside.

Walter Wellman, the chap who was game to attempt to sail across the ocean in an airship, attributes the failure of his voyage to the equilibrator, a series of tanks containing gasoline which floated in the water and were attached to the airship by a long rope. He said the day after he and his crew had been rescued that he first thought he could not get along without the equilibrator, but that experience which resulted in abandonment of the America taught him that it was exactly the other way about, that he could not get along with the equilibrator.

"Lame Leg Well" "I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.
