New Store Building—Good Corn Crops—How to Stop the Red Spider or Cotton Louse—Personal.

Shannon, Oct. 29.—Mr. E. F. Klarrp made a business trip to Cheraw, S. C., this week.

Quite a number from this community are attending the Cumberland fair this week.

Mr. G. I. Klarrp is to erect a brick store on his lot here, which will be quite an improvement to our little town.

Miss Ethel Cobb, who is a student at S. P. C., spent the week end with relatives and friends here.

Mr. and Mrs. Grady Harrell and little son spent Saturday and Sunday here with relatives.

Mrs. M. A. Currie, who has been visiting her daughters Mrs. Arch Cobb and Mrs. John Ray, returned home Tuesday.

We are sorry to report Mr. and Mrs. J. C. Conoly on the sick list and wish for them a speedy recovery.

We wish to extend our sincere sympathies to the families of Mr. Hiram Hall, Mr. S. E. Martin and Mr. Daniel McLeod in their bereavement.

Several of Shannon's citizens attended the State fair at Raleigh last week and report a nice time.

We hear of some good corn crops hereabouts this year. Mr. H. L. McGoogan has corn that is estimated to make over 83 bushels per acre.

One of our neighbors discovered the red spider on his cotton last July or the first of August and used Paris green on the cotton just where the effected cotton joined the healthy cotton and stopped the spread of the insects.

We have a cold morning; potato vines are looking sick.
