## ELIZABETHTOWN ECHOES.

**A Protracted Meeting—Music and More Music—A Good Boat Schedule—The Late Col. McLean—Personal.**

Correspondence of The Robesonian.

Elizabethtown, March 8—Elizabethtown generally takes one subject at a time, and thoroughly discusses it. For instance, during the warm weather White Lake and its gayeties will absorb its thought and body, much of the time, and will set in motion divers amusements and functions lasting through months.

All this was set aside, however, when Revs. E. C. Glenn and D. B. Parker threw open the doors of the Methodist church and invited the public to come in. Very fine sermons were preached and E— became church-going thoroughly. Great good was accomplished, and many accessions to the church followed. Mr. Glenn and his dear wife left a town full of friends.

Now, music is our portion, and fine it is. Mr. A. F. Clower represents the Kimball piano. To think of a railroad bringing a carload of pianos to E—town for sale!!! One feels like invoking the shades of our forefathers to look in on us—especially when Mr. Jenkins gives his rousing "Casey Jones." Mr. Clower and his charming wife are accomplished musicians—and fine indeed are the concerts given by them. He has his instruments in the warehouse of Jim Clark, but uses Mr. Clark's store for the musicales. Mr. Clower, while not in costume, impersonates many of his songs, and brings down the house. Home talent lends its aid too. R. S. White, Jr., and Mr. Geo. Hall are the violinists. Mrs. Wilkinson is not permitted to leave the piano until she has rendered several solos, while her little daughter is quite the cutest thing out, as she sings for an applauding audience.

Our community gave the right hand of fellowship to E. W. Lasly and his wife when they stepped on our streets again, after an absence of many months. Both were favorites here. Mr. Lasly made only a day or two's stay, leaving his wife to her friends a little longer.

Mr. Drew Bizzell and Mrs. Bizzell and daughter Helen are in Atlanta for a time. Messrs. Bizzell and Lasley are in the real estate business in Georgia and their many friends learn with sincere pleasure that they are succeeding finely.

Mr. and Mrs. Frank W. Davis leave tomorrow for Wilson, where Mrs. Davis will remain some time visiting her parents. Her friends hope to see her restored to health on her return home. Mr. Davis quite interested your correspondent today in a leaf taken from reminiscences. A daughter of our chieftain R. E. Lee died while on a visit to Mrs. Davis, his mother, and is buried in their family burying ground.

Of course, "March court" is getting on the brain of E—, Courts and 1st Mondays could make our calendars.

Mr. Jasper Corbett is among the visitors here. He's interested in the drainage of the swamp country in lower part of county. Draining White Oak is a demonstration lesson to all and the idea has become, "fall in line."

Our people are much pleased at the schedule boat run on our river. The "C. W. Lyon" leaves at 6 o'clock p. m. promptly, Tuesdays, Thursdays and Saturdays. She leaves Wilmington promptly at 3 p. m. Mondays, Wednesdays, Fridays. It is a pleasant trip. No more obliging set of officials, from Capt. Sam King through the roster, including "Perry," the steward, could be found. Your comfort and pleasure is their concern. Strangers should always include a run down our historic Cape Fear, in mapping out a trip.

Drummers galore visit us. Something must be doing here, else they'd not include us on their list as they do.

Mrs. C. C. Lyon is visiting at Mr. D. C. Sinclair's in Raleigh.

Mr. H. J. Lyon is at Kelly this week.

Mrs. Walter Hall and little Miss Frances are visiting her mother Mrs. Davis, who is an invalid at present.

Much sympathy for Mr. and Mrs. Spurgeon Clark was felt when they laid away their fine little son.

Mrs. Wm. Whitted was called to Fayetteville Sunday to see her sister, Mrs. A. A. McKeithan, who has since been summoned beyond. Very sincere sorrow has gone through the community for the tragic end of Mrs. McKeithan and for the family so sorely afflicted.

One of our county officers, too, has passed away, Mr. Jno. Ferguson, leaving sorrow over his demise. To the family E— would convey her sincerest sympathy.

No letter has gone to The Robesonian since Col. McLean's death, but to a unit we grieved. He was revered by us, for his talents and true manhood. He stood for the right, and had our confidence. Others will rise up—but "Col. Neill Arch" will always hold his own distinctive place in our hearts and memory.

Prof. Eugene Robeson, of Greensboro, visited Mr. John McDowell last week. We should have risen in storm and insisted that he give a cornet and violin recital at the court house for the edification of the public.

**A New Departure.**  
Raleigh News and Observer.

Robeson county, the biggest of our counties, has made wonderful strides in agriculture in the past ten years—in fact its development in farming has been a matter for State-wide commendation. Its lands have greatly increased in value and its farmers are resolved to continue on wiser plans the development of the farm. It is the first county in the State to select a county superintendent of agriculture, who will devote all his time to the work and Prof. R. E. Sentele has resigned his position as superintendent of the Lumberton graded school to accept the place.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

## About the Shears?

They are a premium alike useful and indispensable to the housewife, stenographer, saleslady, maid, lawyer, farmer, doctor or tradesman in any line. The Shears being distributed by The Robesonian are manufactured of the very highest grade steel, perfectly tempered and heavily nickel-plated on a highly polished surface. The patent tension spring takes up the wear of the rivet, so that the cutting edges will never wear dull. A simple turn of the little thumb-screw will adjust the blades to cut anything from the thinnest and most delicate fabric to the heaviest material. Every woman who has had the tempering experience of attempting to cut with a dull pair of scissors will appreciate the value of this invention.
