

What's the use of saving a few cents and ruining your watch? If it is not keeping time it needs repairing—just the same as your body needs a doctor when you are sick. And like your body, unless it is doctored at once, it will go permanently wrong.

Bring that watch in today.

PROCTORVILLE POINTS.

Building Committee Appointed For New Church—Much to be Thankful For—Personal.

Correspondence of The Robesonian.

Proctorville, Nov. 27—Since our last writing there have been several corn-shuckings and several deaths among the fowls of the air and the beasts of the fields, but oh, what good eatings along with the sweet "taters," which have also been gathered! O'possum hunting time is also here, and turkey-time drawing near. Thanksgiving! Should not everybody feel thankful for such good times which are dealt unto us by the Almighty Maker and Preserver of our great and grand nation? Let's show our appreciation to the world by going out next Thursday to our places of worship and spending a short while at least in Thanksgiving service.

The winter time is here at last and bites a fellow early these mornings.

Misses Maggie and Meekie Graham are visiting relatives near Fayetteville this week.—Mr. Thaddeus Graham, who has a position near Fayetteville as book-keeper and who has been visiting his parents here, Mr. and Mrs. J. H. Graham, returned to his work Saturday.—Dr. T. B. Ayers spent Sunday with his parents near Rowland.—Mrs. W. B. Flowers spent last week at the home of Mr. Flowers' parents near Marietta, returning home Sunday afternoon.

Quite a crowd of young folks and Sunday school workers from Nye attended Sunday school yesterday evening and there were several more from other places present.

Our good people Sunday evening appointed a building committee to get about raising our new house on the new site. Mr. J. P. Price, our active superintendent, donated to the school for that purpose and of course we aim to be better situated for worship in the near future. The committee is composed of Messrs. H. Barnes, R. Davis and W. A. Graham.

Mr. W. A. Graham's hand, which three weeks ago got hurt in Mr. Barnes' ginney, is improving very slowly.

Croup Comes Without Warning

CROUP is dangerous—it comes without warning—do not be deceived into using cough syrups and cough cures taken inwardly—they clog the lungs and prevent free breathing.

VICK'S Croup and PNEUMONIA SALVE

is an outward application that instantly relieves the lungs by inhalation and absorption, and avoids the derangement of the stomach caused by drugs.

Saved Many From Death

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, is to recommend Dr. King's New Discovery for weak sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well to-day because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c. or \$1.00 bottle. Guaranteed by all druggists.
