The Greensboro Daily News has become daily in fact as well as in name, for it has joined the 7-days-a-week-we-never-close papers. We're not at all surprised. A paper that bears so unmistakably all over it the mark of the real goods had to get out of the 6-days' class. It couldn't help it.

"A student," writing from Elrod about the Hopewell school closing, made the mistake of not giving his or her name, so the piece goes into the wastebasket.

**SUNDAY SCHOOL INSTITUTE.**

**A Big Day in East Lumberton—Next Meeting at Long Branch.**  
 Reported for The Robesonian.

No bigger day has East Lumberton ever had than Sunday, March 31. It was the meeting place for the Mt. Eliam Sunday school institute. It is a well-known fact that these meetings are always great, but this seemed to be the biggest of them all. 'Twas early in the morning when the people began to come from all ways, and by the time the excursion train arrived from Barnesville the grounds were covered with people of all sizes. The crowd present was estimated at two thousand. The exercises began at 10:30 with devotional exercises, after which the address of welcome was made by Rev. J. M. Fleming of East Lumberton, with a response by Rev. Paul T. Britt of Mt. Eliam. After this Mr. R. E. Lee of Lumberton made a speech which was worth while, his subject being "The Teachers' Opportunity."

Next Mr. S. L. Parker of Smyrna made a very able speech, his subject was "How did Jesus spend the Sabbath? and how should you spend the Sabbath?" After this an hour was given for dinner, and of the good things imaginable they were spread by the Sunday-school-loving folks of East Lumberton. 'Twas a table that would make any hungry man feel good to look at. When we reassembled the first thing was the roll call of the schools, and of the eight that belong to the institute all were present. The letters sent in by the schools proved that the Sunday schools of South Robeson are growing better all the time. The Sunday school at Antioch made application for admittance to the institute and was admitted. The report of Gen. Supt. Gough was very encouraging. After this report a collection was taken for the Thomasville orphanage, after which the singing contest began; and some very classy music was made by all the schools. After the contest Rev. R. L. Byrd of Tolarsville made a mighty good Sunday school speech.

The next one will be held at Long Branch in June in connection with the Robeson Union. 'Twas late in the afternoon when the people began to leave for their homes, realizing that they had been royally entertained by the good people of East Lumberton.

Fayetteville Observer, 1st: A force of convicts was today put upon the grading of the Aberdeen & Rockfish railroad at Hope Mills junction, a point between Rockfish and Treefall. This means that within a short time another railroad will be running into Fayetteville. The distance from there to this city is a short one, and with favorable weather the work will soon be completed.

**The Great Coal Strike Starts.**

Scores of thousands of coal miners quit work Monday in the anthracite fields of Pennsylvania and in the "Central Competitive Field" of the bituminous part of the industry. Officially the movement is "suspension" of work. Whether it will develop into a wide-spread strike depends on the outcome of voting in the union ranks and conferences between men and employers within the next ten days. The anthracite men are more apprehensive than the bituminous miners as to the ultimate outcome. This is due to the fact that there is no definite agreement immediately in sight for the hard coal men, whereas the bituminous conference at Cleveland, adjourned after the men's representatives had abandoned practically all their demands except for increased wages and on this point modified their terms considerably. Upon outcome of voting in the "Central Competitive Field" comprising Pennsylvania, Ohio, Indiana and Illinois, will depend the basis for a new wage scale in other sections, where the present wage agreement does not expire until May 1st, or later. Southern and Southwestern miners are affected by this status of affairs. Today four hundred thousand men are directly affected. Some three hundred thousand more, scattered throughout the coal districts of the country, are watching the outcome.

The committee of the Lutheran Synod, appointed to look into and elect a site for the Southern Lutheran College for women, to cost approximately \$100,000, has decided to recommend Salisbury as the location. Several towns and cities in Piedmont North Carolina made flattering offers, including land and money. The Salisbury offer was considered the most favorable and was accepted.

**LIFE NOT WORTH LIVING**

Is the way Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed."

"Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine.)

What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.
