

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sulks drowsily or cries you may depend on it something physical is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring com-

plete satisfaction in the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for ill of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. J. W. Brooks, Durham, N. C., and Mrs. C. M. Branch, Apex, N. C. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

MOUNT ELIAM MATTERS.

Farmers Will be in Better Shape Next Year--An Election Ballad and Other Matters.

Correspondence of The Robesonian.

Mt. Eliam, Apr. 15--Owing to the appearance of things in the country, we think the farmers of Robeson county will be in better shape to live as farmers should (at home) next year than they are this. The year 1911 taught the farmers a lesson, which we hope they will never forget. The farmer should not be dependent on anybody for anything. Why? Because he has or should have what the world must have. A farmer never should go to town without being able to carry enough eggs, butter or farm produce to more than pay for what he has to buy. We long to see the day when the farmer will really realize who and what he is. The best way to bring this about is to instill it into the minds of the boys of today who will be the farmers of tomorrow. Teach them how to farm, and don't raise them up to be like a certain town "dude who loved a country girl. On one occasion when he called to see her she was very busy, and, taking a pail and stool, started to milk. When the boy, who was very handy, asked the girl to let him go milk while she did something else, she agreed, and he took the pail and stool and went off to the pasture. When he had been gone for two hours they saw him coming dirty and hot, and on being asked what was the trouble, he said, "I could not get that blamed cow to sit down on the stool."

The "Mount" is covered with measles.

There is a wildcat or two on the "Mount". All kinds of things like to live here.

While fishing in Edmonds' mill pond recently Mr. Jno. Ammons was troubled to some extent by an alligator. If it had not been for the hurry Mr. Ammons got in, it is not likely any damage would have been done.

There has been a great change in the appearance of the farms on the "Mount" in the last two weeks.

The matrimonial business has been dull and nothing doing on the "Mount" for some time past, but think business will brighten up in the near future.

Do you like to enjoy yourself? if so be at Mt. Eliam church every Sunday by 10 a. m.

The Mt. Eliam local of the F. E. and C. U. of A. met Friday night. It was a very enthusiastic meeting.

Make a Change

Election day will soon be here. The mighty howl we now can hear, Of many who are now in hopes, To carry the county by many votes.

The promises they make while going round, If carried out would be just grand; But when elected they do not care, About the promise that put them there.

When they get an office like they hope to do, They will not study me and you; But to the voters I want to say, Let's make a change on election day. "HAPPY JACK."

Mistrial in Holly Case.

Wilmington Star, 16th.

Although they were kept out for 90-odd hours, the Superior Court jury in the case against J. C. Holly, charged with the murder by poisoning of his ward, Edward Cromwell, was unable to agree, and acting favorably upon the third request of that body to be discharged, Judge G. S. Ferguson, who is presiding, after hearing an expression from each member, yesterday morning ordered a juror withdrawn and declared a mistrial. It is understood that the jury stood eight to four in favor of acquittal from the first ballot and that the division was the same on the last ballot.

Helps the Farmer to Sell

THE FARMER was worried over the market reports. Cotton was rising. When it reached a certain figure he proposed to sell. The day before it had almost reached his price. What would it bring today?

The farmer needed first-hand information at once. He stepped to his Bell Telephone. The Long Distance connection with the buyer in a distant city informed him that cotton had reached the top figure, and he sold his crop at a handsome profit.

The Universal Bell System enables the producer in remote rural districts to keep in touch with market conditions without the necessity of leaving home.

By the way, have you a Bell Telephone?
