STATE UNIVERSITY NEWS

A Movement of State-Wide Significance—New Educational Building.

Correspondence of The Robesonian.

Chapel Hill, Nov. 9.—A movement of State-wide significance had its rise at the State University this week in the form of an organization of a "North Carolina High School Debating Union." The two debating societies of the University evolved the plan, and expressed as its purpose the stimulation of greater interest in debating and encouragement of inter-school debating among the secondary schools in the State. Towards the accomplishment of this end more than 375 letters have been sent to the high and graded schools of the State urging their co-operation. The plan provides for a triangular debate between schools of the same standing and convenience of location. The two societies of the University will suggest the query and provide from the University library in pamphlet form, material covering both sides of the question, free of cost. Each school will send out a team to debate the negative side of the query and keep a team at home to debate the affirmative side. The schools winning both sides of the debate will be entitled to send both teams to Chapel Hill, where a contest will be held to determine the two teams that shall contest in the final debate for the State championship. The school winning the debate in the finals will be awarded the "Aycock Memorial Cup," with the name of the school and the members of the team engraved on it. If a school should win the cup for two successive years, it becomes that school's property.

The new educational building, a gift of the Peabody Fund, is nearing completion and will be ready for occupancy the first of 1913. The Peabody Fund contributed \$40,000 towards its erection. It is a handsome structure and will be a credit to the educational department of the University as well as to North Carolina.

The preliminaries for Carolina's first intercollegiate debate for the college year will be held October 19. The debate is with

Washington and Lee University, of Lexington, Va., about the middle of December. The contest will be held either at Lexington or Lynchburg, Va.

What is considered to be the first definite step towards the restoration of athletic relations between all the colleges of North Carolina was taken in Raleigh recently in the organization of an intercollegiate basketball league. All of the leading colleges of the State formed the league with the agreement of playing a series of two games with each college. This evident sign of restoring athletic peace amongst the colleges of the State has been received everywhere with commendation and as a sign of good omen for all interested.
