Aviator Who Will Fly in Lumberton Fourth One of Only Two Men Who Have Successfully Flown From Chi-

... cago to Milwaukee-Uses Genuine Curtis Biplane - Capable and Dar-

ing Bird-Man.

Mr. Frank Gough, chairman of the program committee of the Fourth of July Celebration — Robeson County Day-in Lumberton has received a letter from the International Theatrical Co. of Chicago in which it is stated that the aviator who will fly in Lumberton on the Fourth is a very capable and daring young man who will certainly give a very satisfac-tory exhibition. "He has," quoting from the letter, "successfully flown from .Chicago to Milwaukee. This has only been accomplished by one other aviator. He has a genuine Curtiss biplane, identically the same as the one that Lincoln Beachey always flew in."

Two or more flights are to be given. This one feature of the celebration of the Fourth in Lumberton \$106,200 given in the auditorium, will draw the largest crowd that has ever assembled at one place in Robeeson county.

Largest Gift for One Purpose Ever Made at One Time by Any Church in South - Expect to Reach \$250,-

Lake Junaluska Special, 28th, to Charlotte Observer.

\$106,000 FOR MISSIONS.

After stirring missionary addresses by J. Campbell White and W. T. Ellis and a statement by W. W. Hinson of the needs of the mission fields, a voluntary collection of \$106,000 was made for missions here today. One man gave \$100. A lady gave a diamond ring, another gave a gold watch which sold at once for \$100. One young lady offered her life to the mission field. The great Methodist Missionary Conference came to its highest in the zeal and spiritual power of this hearty offering. Strong men wept. The first collection going beyond the \$100,000 mark, the mis-sionary secretaries expect it will go on to \$250,000.

The women this afternoon raised \$9,600 for missions. This with the makes \$115,800 for missionary en-terprises. This is the largest gift for one purpose ever made at one time

by any Church in the South. The delegation of the Western North Carolina Conference effected organization with Rev. W. R. Ware as chairman and Rev. C. F. Sherrill as secretary, to build a home for permanent quarters at Lake Junaluska.

Rev. W. B. Palmore, editor of The St. Louis Advocate, globe traveler, said this is the Switzerland of America. J. Campbell White said he had seen nearly all the Chatauquas and this has the advantage o fthem all. Eighteen missionaries from the foreign fields gave hopeful messages of their work, among them being Rev. W. R. Weekly, Japan; Miss Roberts spoke of Mexico, A. W. Wasson of Korea, and Miss Jains of Japan.

WILSON WILL VISIT GETTYS-BURG.

Has Decided to Attend Fiftieth Anniversary Celebration of Battle.

Washington Dispatch, 28th. President Wilson tonight decided to attend the fiftieth anniversary cele-bration of the Battle of Gettysburg on the Fourth of July. He telegraphed Governor Tener that he had reconsidered his previous declination and would make a brief speech to the veterans.

The Pesident's decision followed a conference with Representative A. Mitchell Palmer of Pennsylvania. The resident had taken the position pre viously in declining to go, that he would be breaking his rule established months ago, not to leave Washington for any speech-making occasion while Congress was in session. Mr. Palmer pointed out, however the importance of the Gettysburg celebration, its Nationwide significance and particularly the spirit of sectional sympathy that would result from a speech by a Southern-born President McKenzie, Burten Graham, Brown at the re-union of the North and The President had intended to leave Tuesday for New Hampshire to spend a few days with his family but the trip will necessitate a re-arrangement of plans. A Big Syrian and a Jew Mix it Up on the Street - Not Much Damage

AN EXCITING TIME.

A. Schwartzberg and Saloom Saleebee caused quite some deal of excitement Friday morning about 10 o'clock when they mixed it up on Elm street, in front of the Dixie cafe. It was excitement that was so delicious to some of the onlookers that they appeared to have no idea of breaking it up when Mayor A. E. White appeared upon the scene and secured help enough to break up the party. When the mayor arrived it is said that the big Syrian was on top of the short but stout Jew bumping the Jew's head against the pavement. And the lew was busy with his dental weapons, the Syrian receiving a couple of ugly bites on his right arm.

For this affray the combatants appeared before Acting Recorder R. A. McLean Friday afternoon and got what was coming to them at the hands of the law. It was in evidence that in this particular instance Saleebee, who has borne the name of being quite a peaceable citizen, was the aggressor, being under great provocation, and he was taxed \$5 and costs; and Schwartzberg was taxed \$5, the court remarking before imposing the fine that Mr. Schwartzberg's proneness for getting into similar trouble made an equal fine about the thing. An interested crowd appeared for the trial. Neither defendant had coun-

sel. Saleebee plead guilty to the charge of the affray, Schwartzberg pleading not guilty. Appearing for himself, Schwartzberg handled one or two witnesses after the rough and tumble "Lord-pity-you-now-you-son-of a-gun-of-a-witness" style so much affected by a certain class of lawyers. Dr. W. O. Edmund and Mr. J. H Floyd testified, in substance, that in talking of some plumbing which Saleebee wanted done by Schwartzberg the latter said something to the effect that the former was trying to do him out of the price of the job, Saleebee said that was a lie, Schwartzberg said it was a bigger lie, when Saleebee walked across the sidewalk, took him by the shoulders and shook him, Schwartzberg falling back, when his shirt was torn; that Saleebee picked Schwartzberg up and laid him down on the pavement, that the latter was snapping and biting, that Saleebee handled him roughly and with easeone witness did not think Saleebee was trying to hurt him. Mr. I. V. Hooper and Dr. Rowland Deese, witnesses put on by Schwartzberg, testified substantially as above in regard

#### Fight for Collectorship Ends in Victory for Simmons.

Washington Special, 27th, Wilmington Star.

The President sent to the Senate this afternoon the nomination of Col. Alston D. Watts to be collector of internal revenue for the Western district of North Carolina, thus ending a political fight between the followers of Senators Simmons and Overman, and Secretary of the Navy Josephus Daniels, which had been waged since early in March.

Watts' nomination was confirmed without being referred to a committee, a most unusual proceeding. It was charged that Watts was a reactionary and not in sympathy with the policies of President Wilson. It is known that Mr. Wilson believed these charges to be well founded.
