PROBABLE CANDIDATES FOR GOVERNOR.

What the Papers are Saying as to Who May be in the Race to Succeed Governor Craig.

Sanford Express.
A number of North Carolinians are being mentioned in connection with the Democratic nomination for Governor in 1916. Rumor says Associate Justice W. R. Allen of the Supreme Court and A. W. McLean of Lumberton will be candidates for the office of chief executive. Both men have strong and influential friends. Judge Allen, on account of his long service on the Superior Court bench, knows practically every influential politician in the State. Mr. McLean has been active politically for the past few years and was a tower of strength in the Wilson-Simmons organization in North Carolina. It is believed that Attorney-General T. W. Bickett, Secretary of State J. Bryan Grimes and Treasurer B. R. Lacy will be in the running for Governor. Close friends of H. A. Page have mentioned him as a likely candidate. With any three of these men in the contest the race will not be uninteresting.

Fayetteville Observer.

Among the probable candidates for Governor in 1916, A. W. McLean, of Robeson county is beginning to loom up. A special Morehead correspondent of the Wilmington Dispatch says:

"Among the interesting political rumors heard about the water—especially when one is fishing—is that Associate Justice W. R. Allen of the Supreme Court will be a candidate for Governor in 1916. It is practically certain that A. W. McLean, of Lumberton will be in the race, and it is said here that Attorney General T. W. Bickett is another strong probability. Among others mentioned are State Treasurer Lacy and Secretary of State Bryan Grimes. Persons with a knowledge of politics in this State say that a contest in which Judge Allen and Mr. McLean are running will be as exciting as the race for the pennant in the Carolina League."

Washington Cor., Wilmington Star.

Representative Godwin believes the sixth district will furnish the next Governor for North Carolina and that A. W. McLean, the well known banker of Lumberton, will be the man. It is generally understood about Lumberton, Mr. Godwin says, that Mr. McLean will be a candidate to succeed Governor Craig.

Government Funds to Facilitate Movement of Crops.

Washington Dispatch, July 31.

Twenty-five to fifty million dollars of government funds will be deposited in the National banks of the South and West at once by Secretary McAdoo to facilitate the movement of crops. Federal, State and municipal bonds and prime commercial paper will be accepted as security for the money upon which the banks will pay 2 per cent interest.

The motive of Secretary McAdoo in establishing this new policy is to anticipate the money stringency in the late summer and fall, which invariably accompanies the marketing and movement of crops, especially when the crops are unusually large, as the harvest now beginning forecasts. He intends to take time by the forelock and prevent or minimize the usual tightness of money.

In a statement today the Secretary made significant answer that government bonds would be accepted at par as security for the new deposits and that additional money would be placed only with banks which have taken out at least 40 per cent of their authorized circulation.

An Expert Laundryman. Maxton Chief.

In securing the services of Mr. P. E. Linnell to take charge of the Sanitary Laundry plant the people of Lumberton were fortunate in their selection, as he is an expert. Capt. Linnell, as the Lumberton correspondent of the Wilmington Star styles him, is an old friend of the writer, but when and where he acquired the title is a mystery to us. Anyway he is a prince of good fellows, and we hope he will have abundant success in his new home. Here's hoping, Captain.

END EASTERN PATRONAGE FIGHT.

Three Biggest Polical Jobs in This Section of State Distributed—Bailey to Be Collector and Winston District Attorney.

Washington Cor., July 31, Wilmington Star.

Josiah William Bailey of Raleigh, was recommended today to Secretary of the Treasury McAdoo for collector of internal revenue for Eastern North Carolina to succeed Wheeler Martin, the Republican incumbent. Bailey's nomination, it is believed, will be sent to the Senate in short order and he will take charge of his new job immediately after he is confirmed and a satisfactory bond executed. Senator Simmons presented the Raleigh man's name to Mr. McAdoo.

Francis D. Winston is now almost certain to be district attorney to succeed H. F. Seawell, of Carthage, and W. T. Dortch will be named marshal, thus ending the eastern patronage fight for the three biggest jobs in that section of the State. Dortch has already been recommended for the place now held by Marshal Dockery, and it is understood Winston will be recommended by Senator Simmons for the District Attorneyship as soon as definite information can be obtained as to when Seawell will be removed.

The delay in selecting a man for the collectorship in the east was probably due to the fact that both Winston and Bailey wanted the more dignified job now held by Seawell. Bailey's decision to accept the collectorship in the east was probably due to the fact that both Winston and Bailey wanted the more dignified job now held by Seawell. Bailey's decision to accept the collectorship, it is understood, leaves a clear field for Winston.

On the Right Road.

St. Paul's Messenger.

People who pass through our section remark about the fine farms and good crops they see around here. Crops are very good and the farmers are making progress, but there will be a greater improvement still within the next few years. These people are just starting on the right road.

There is this difference between a wise man and a fool; the wise man expects future things, but does not depend upon them, and in the meantime enjoys the present, remembering the past with delight. But the fool is wholly carried on to the future.—Epicurus.
