MEXICANS AROUSED OVER LIND'S VISIT.

Don't Like President Wilson's Plan for Pacification of Republic-Lind's Position Will Require Great Diplo-

Mexico City Dispatch, 6th.

Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the Republic, by the latest news from Washington that the object of John Lind's visit here as the repreentative of President Wilson is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

Earlier reports that Mr. Lind proposed to deal with Huerta, perhaps by making the direct suggestion that he resign, were received with indignation by Mexican officials.

It was pointed out by a prominent Mexican today that in the former case the government might not consider itself oblighted to act until the suggestion was actually put forward by Mr. Lind, but that in the second case the government might be justified in choosing him as one whose inciting Mexicans along lines of sedition and applying the pernicious foreign expulsion clause of the constitution. This Mexican also indicated that Mr. Lind was coming to Mexico in an unofficial capacity and with no credentials, he could not expect more consideration or immunity than an ordinary foreigner would receive.

Mexicans familiar with international law are reluctant to believe that Mr. Lind's instructions are for him to deal with others than the authorized officials of the de facto government.

These officials are still firm in their assertion that no suggestions whatever, instructing mediation or the resignation of Huerta will be acceptable and say that the best that Mr. Lind can hope for in this respect is to be ignored. However, the anti-Huerta element which is not prominently in evidence in the capital is skeptical regading the firm stand by the administration.

PEACE CONCLUDED BETWEEN

BALKAN STATES

Preliminary Treaty Will Be Signed Today-Frontier Agreed To-Trouble Arose Over Dividing Territory. Bucharest Dispatch, 6th.

Peace was concluded tonight between the Balkan States and preliminary treaty will be signed tomorrow by the delegates of Servia, Greece, Montenegro, Rumania and Bulgaria. The agreement was arrived at only after another exhibition of utter helplessness of Bulgaria to face the ring of her enemies.

Wednesday the discussions of the peace conference threatened to become iterminable but M. Majoresco, the Rumanian Premier and president of the conference, clinched matters by threatening unless Bulgaria accepted the modified frontier proposed by the Allies, Rumania's Army would occupy Sofia next Saturday. This threat had the desired effect and an agreement was arrived at today after numerous private consultations between the delegates and a four-hour sitting of the conference.

The frontier as agreed to, starts at a point on the old frontier west of the Struma river, follows the water shed to Strumitza, thence runs almost through the Struma Valley to the Belesh mountains and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumitza the port of Lagos and Kanthi to Bulgaria and the port of Kavala to Greece. The new frontier is a deep disappointment to the Bulgarians, who still nurse hopes of its eventual reverse by the Powers.

It is believed that an agreement for the demobilization of the various armies will be signed tomorrow. The news that peace had been ararnged caused great rejoicing here.

Th war between the former Balkan Allies who had fought shoulder to shoulder against Turkey began on July 1. On that date the Servian Minister of the Interior declared that Servia was at war with Bulgaria. On her troops over the Bulgarian fron-

The trouble between the Allies arose from the difficulty of dividing the territory captured from Turkey.

Severe fighting followed and many thousands of men were killed or wounded. Soon after the beginning acts of pillage were reported to have been committeed by the numerous ar-

TERMS OFFERED BY RAILROADS

Rate Concessions Reported to Governor Craig by Corporation Commission - Reductions on Freight Rates About 20 Per Cent .- Report to Be Considered in Detail Next Tues-

Raleigh Special, 5th, to Greensboro Daily News.

The various railroads operating in North Carolina offered the Corporation Commission a scale of reductions averaging 20 per cent on Western products from the Virginia cities.

The greatest reductions were offered on grain and grain products, commodities shipped from the West in larger volume than any other class of shipping.

The saving to North Carolina shippers will be \$24 a car on flour in carload lots, \$1.20 a ton on hay in less than car load lots, \$21.60 a car on canned goods, \$12 car on fresh meats, \$12 car on wire fencing.

Each of the three zones will get its relative reduction and only the water points and those points near the Virginia line will not share in the general reductions, their rates already

sion to Governor Craig this afternoon on the result of the negotiation with the railroads for lower proportionatal rates from the Virginia cities on inter-State shipments from the West. The commission asked for an average reduction of 24 per cent and the railroads offered 20 per cent. The report was transmitted to the Governor without recommendation, the commission preferring to wait until the Governor, the Council of State and the special rate commission and any others whom the Governor might desire to call in could have time to digest the matter. The commission hopes all parties interested in the matter ing purposes, this being amount remay discuss the report thoroughly and agree harmoniously if possible on what to do.

conferred for nearly three hours this given. afternoon over the report, the Governor announcing that he would call a meeting of the legislative commission and probably others for next Tuesday to consider the report in de-

Printed copies of the report will be ready by the end of the week and ship- colored graded school, this order being pers interested may secure them by according to an agreement between writting the commission.

On grain and grain products the commission asked for a scale of reductions amounting to 28 per cent, and the railroads offered 28. The commission asked for a reduction on flour of 331-3 per cent and was offered 29. On grain and grain products in less than carload lots, the commission requested 22 per cent and got it. A reduction of 10 cents was asked on flour in barrels; the railroads conceded 8 cents

Reduction in agricultural implements, ets., in less than car load lots was asked of 25 per cent, and the railroads offered 20. The reduction in hay amounts to \$1.20 a ton in less than than car load lots and \$12 a ton in car load lots.

Grain and grain products, except flour, are reduced \$20 a car on car load lots. The reduction on flour not in barrels amounts to \$24 a car. On canned goods the reduction offered amounts to \$21.60 a car, on fresh meats \$12 a car, wire fencing \$12.

Eachof the three zones will share in the proposed reductions. Zone No. 1, the Greensboro zone, extends from Winston to, but not including, New Bern on the Southern and Norfolk Southern, from Littleton to Cary and Henderson to Durham, including Oxford, on the Seaboard, and from Halifax to and including Goldsboro, on the Coast Line.

Zone No. 2 includes Charlotte, Statesville, Salisbury, Monroe, Hamlet, Sanford and other cities.

Zone No. 3, includes the territory between Wilmington and Hamlet and Fayetteville. Wilmington already has a lower rate than that conceded.

While Asheville is not in any zone, the reductions to that city and territory are substantially the same as to other cities in the zones. A large number of reductions in commodities were made, the rates being as low as those to Atlanta.

Bailey Nomination for Collector of Eastern District,

Star. the same day Greece also announced that a state of war existed. Rumania declared war on July 10 and moved internal revenue for Eastern North Carolina. It is understood that his confirmation will be made quickly and that he will take charge of the Raleigh office within a week, if his bond is approved by that time.

MUST PAY FOR PAVING.

Town Fathers Instruct Town Attorney to Proceed to Collect From Those Behind With Paving Ac-Committee-Property of Delinquent Taxpayers to be Sold.

The mayor and town commissioners held their regular monthly meeting Tuesday evening.

For some time the board has had

filter system for the town and has been making some investigation. At brought people rushing out of doors to this meeting Town Clerk and Treasurer Page was instructed to write at once to Tucker & Lawson, Charlotte, to send a man to go over the water plant and give an estimate of the cost of installing a filter plant. Dr. W. A. McPhaul and Mr. C. M. Barker came before the board and the average wayfarer passes by as made request that the town take steps toward the opening up of First street from Elm to Chestnut by having all dead bodies which have been surprisingly pretty and attractive. buried in the old cemetery, on the land that would be a part of this street, removed to Meadowbrook cemetery. Dr. McPhaul said that the Legislature of 1911 passed a law providing for this to be done, provided to put them on here, but owing to the that the nearest relatives of the dead did not object. After some discussion it was ordered that this matter be re-

Wants \$25,000 for Involuntary Flight. J. W. Smith vs. Cumberland Coun-

ty Agricultural Sociey, a suit for damages in the sum of \$25,000, is attracting considerable attention at Bladen court at Elizabethtown this week. It will be recalled that last fall during the fair at Fayetteville Mr. Smith took Jim McCloud, colored, who shot and an involuntary ride dangling from a cilled Deputy Sheriff Robt. L. Bain balloon rope. His feet became tangled in the rope when the balloon ascended officer tried to arrest him for his part suddenly and Mr. Smith had a dandy ride through the air very much to his surprise and terror and against his will. Wherefore he prays the court to award him damages in the sum of \$25,000 for mental anguish. That is the only damage he suffered for he reached the ground in safety,

There are so many witnesses in the case that means for accommodating them at Elizabethtown are overtaxed and a steamer has been chartered to take them to the Bladen county seat. The trial began yesterday and is expected to close today.

Believe A. W. McLean Will Be Next

Messrs. Charley P. Grantham and Edgar Price, who live in the McDonald section, returned Tuesday evening from a trip to the western part of the State. They were away several days and visited several points of interest, spending some time at Asheville and Waynesville. The Robesonian's local reporter saw Mr. Grantham at Fairmont yesterday and he says that he is beginning to believe that Governor of North Carolina. He says while in Waynesville the other day Mr. Love, treasurer of Haywood county, told him that the people of that section of the State would be for Mr. McLean.

A Near Serious Auto Accident.

Mr. W. P. McAllister came near having a serious accident Tuesday about noon when Mr. H. M. McAllister's big Chalmers touring car, which he was driving, ran off an embankment just across the river at the Kingsdale saw mill plant. Mr. McAllister had been out to his farm, about 4 miles from town on the Creek road. and was returning when in some way the driving shaft to the steering wheel got caught and wouldn't work.

The car ran off the embankment on the south side of the river only a short distance from the bridge. Fortunately for Mr. McAllister and two or three others who were in the machine with him, the car was running slowly when the accident occurred. The auto went down the side of the embankment, which is about 6 or 8 feet high, without turning turtle, but when it stopped it was just about half under water. The car was pulled out Tuesday afternoon and it is not thought that it is damaged to any great extent.
