

PARKTON PARAGRAPHS

Graded School Starts Off Nicely— Splendid Fox Hunts—Cotton Market Takes a Spurt—Plan Fall Turnips—New 'Phone Line—Personal and Other Items.

Correspondence of The Robesonian. Parkton, Sept. 19.—Mr. J. B. McCormick and Mr. D. C. Culbreth have attended court in Fayetteville well night every day this week.

Mrs. Maggie Small and daughter Mrs. White of Fayetteville, came down yesterday evening and are visiting Mrs. Small's sister, Mrs. Annie Haywood.

Mr. S. M. Davis and son Malloy, left for their home in Gainesville, Fla., also Mrs. J. P. McMillan left for her home in Lake Joe, Fla. Mrs. McMillan spent the summer visiting relatives in Robeson, Cumberland and Sampson counties.

The following have left for school since our last letter: John D. McCormick, Davidson College; Prentiss Stanton, A. and M., Raleigh; Miss Roena Odom, Carolina College, Maxton; Miss Carrie McMillan, Statesville, and her sister, Miss Henrietta the State Normal, Greensboro.

Miss Mary McMillan returned home Saturday from an extended trip to friends in Lincoln.

Miss Effie McMillan has accepted a position to teach at Liberty.

Rev. E. L. Stack left Monday morning to be gone a couple of weeks holding revival meetings in the Eastern part of the State.

Miss Neal Roseman of Lincoln arrived tonight to spend a few days with friends here on her way to Linden, where she will teach school.

Mr. Heary Ammons is fast erecting a nice cottage in the southern part of town.

Miss Cora Gainy has tendered her resignation as music teacher at the graded school. This is to the sorrow of the school and community and a damper on the school as we see it. It is up to the board to straighten up the crooks and see if Miss Gainy can't be prevailed on to remain, as she is one of the best qualified teachers that ever taught in our town, and highly recommended from former schools where she has taught. There are some things going, or existing too shameful to make public. Work the golden rule a while and see if the crooks cannot be amended. I am speaking to the board and not the school. The school has started off nicely, with the best faculty that could be obtained anywhere, and no damper should ever be reported on this school.

The Parkton band gave a moonlight serenade on Wednesday night in honor of the new school faculty which was highly appreciated. The band has received five or six calls this week, mostly for auction sales. Also, they will be with the Fayetteville Boosters on October 15 and 16, with 10 pieces.

A word about some splendid fox hunts. Caught three last week. One race 2 1/2 hours, the second, 40 minutes; and the third race, only 30 minutes. All grown foxes, but remember there were 12 in first, 22 in the second, and 24 in the third race.

T. J. Bullard and Mr. Shufford of Fayetteville and a sportsman from Chesapeake, S. C., were in the latter race, also came down from Fayetteville last night and joined the chase, but for some unknown reason failed to catch; but we had a fine chase with 24 fine hounds. This is fine sport, nothing to equal it if you enjoy good music. Two of this pack, according to town laws were electrocuted on Tuesday. Dog muzzles must appear on the head of each dog, or go to the lock-up, and if the owner fails to come across the dog must die. The question arises, is this a just and honorable law? To be decided later.

The cotton market picked up a little this evening: plenty room. An agent from Dillon, S. C., was in the market. We would not object if he stays in our town through the season.

Fall turnips should be sowed, if not already, immediately. Also rye for chickens, and pasturage. Rack your hay and you will sure save it.

We are glad to see Mr. Norman Perry able to be at his post of duty as bookkeeper of the firm of T. W. Thompson & Co.

Mr. J. C. Culbreth has built a neat new brick beef market on Mr. H. C. McMillan's lot. We gladly welcome him as he is an experienced beef man and will have beef and fish six days in the week.

The Garage & Novelty Works have not opened up yet but we have been advised will be ready for business soon.

A new phone line is being installed from Mr. F. N. McMillan's in lower Cumberland to McMillan's Station, hence when completed will entitle the people of that section to full 'phone service. A mighty good move.

OLD PROVERB.

(From Bailey's Dictionary, 1766.)

If you trust before you try, You may repent before you die.

Under this proverbial Distich is couched a good Lesson of Caution and Circumspection, not to choose a Friend on a sudden, or make Persons our Intimates, and repose a Confidence in them by entrusting them with our Secrets and private Concerns, before we have experienced their integrity; it also cautions Persons against too easy a Credulity in buying upon the Credit of Persons unknown, without deliberately weighing in their Mind whether the Things are equal in Value to the Price of the Purchase.

The Longest Word.

Biblical Recorder. A little town in North Wales is said to have for its name the longest word in the world. A writer in the Philadelphia Press tells us that it is Llanfairpwllgwyngllgogerychwyrandobwlldullandiliegogoch. Think of it, and—pronounce it, if you can. On an address it is usually written Llanfair P. G., for short. Our authority says that its meaning is to this effect: "St. Mary's Church by the white hazel pool nearby the black whirlpool by St. Teilo's Church near the red cave." No wonder it takes a word of fifty-eight letters to give all this information!

Ben is 14 years old, weighs only 100 pounds, and is the son of Mr. H. M. Stanton, one of our most progressive and successful farmers. Ben challenges any boy of a like age to a cotton-picking contest.

Jail Sentence of Killing Negro Suspended.

Raleigh Times, 19th.

Judge C. M. Cooke today suspended the four months jail sentence imposed last week on J. J. Holland for the killing of Van Stewart, colored, and allowed Mr. Holland to pay the costs. Petitions carrying the signatures of eight hundred persons, fifty of whom were colored citizens of Millbrook section were filed with the court today. Annie Stewart of Petersburg, Va., made affidavit that the negro lawyer, Burgess, was not retained by her to prosecute, and she wrote a letter to the court saying that she understood the provocation under which her son was shot and asking for mercy for the defendant.

The homicide occurred at Millbrook three weeks ago.

Stewart exposed his person in an indecent manner in front of Mr. Holland's home, and the white man fired at him with a shot gun. A buckshot entered the head and caused death.

Southern Presbyterian College and Conservatory of Music.

Special to The Robesonian. Red Springs, Sept. 20.—On Monday, September 15th, when the president called the officers and the faculty of the Southern Presbyterian College and Conservatory of Music together, all the faculty, thirty in number, and all of the officers, were present and ready for duty. At the opening the registration went at once to 205, with quite a number to come in. The student body comes to us from eleven States and two foreign countries, and is a fine and earnest set of young women. The work has begun very smoothly. A number of improvements have been made. Among these may be mentioned the rebuilding of the pipe organ, the completion of the gymnasium; and the college is now thoroughly organized for work, and bids fair to have a very pleasant and prosperous year.

No Punishment for Death of Madero.

Mexico City Dispatch, 19th.

The deaths of the late President Francisco I. Madero and Vice-President Jose Maria Pino Suarez were not brought about by a punishable crime, according to a decision pronounced by the military court here today. The investigation lasted six months. It was started by the military commandant of the Federal district immediately on the conclusion of the 10 days' battle in the streets of Mexico last February which resulted in Provisional President Huerta coming into power.

Report of Military Tribunal a Farce.

Washington Dispatch, 19th. Senator Perez-Romero, brother-in-law of the late President Madero, and confidential agent here of the Mexican Constitutionalists, today characterized as a "farce" the report of the military tribunal on the killing of Madero and Suarez.

From independent channels and from all the evidence that we have gathered," he said, "we have learned that Major Francisco Cardenas frequently has boasted in many public places that he killed Madero himself, yet he was never taken into custody. "All our evidence shows that both President Madero and Vice President Suarez were assassinated in the National Palace before being taken to the penitentiary."

More Than \$50,000,000 If Needed—Two Parcel-Post Terminals.

Washington Cor., 19th, Charlotte Observer.

John Skelton Williams, assistant Secretary of the Treasury, today informed a North Carolina delegation that the department would be extremely liberal in responding to applications for money by Southern banks to move the cotton crop.

If the \$50,000,000 already set aside for this purpose is not sufficient, more Government funds will be deposited, moreover the time for repayment will be extended.

This assurance was given by Mr. Williams to Representatives Stearns and Doughton, who called at Treasury Department, accompanied by S. C. Hobbs of Clinton, and J.C. Kennett of Greensboro, members of the committee from the Farmers' Union.

They went away well satisfied with the attitude of the department toward the farmers.

It now seems that two terminals for distribution of parcel post packages will be established in North Carolina, at Charlotte and Raleigh. Representative Webb was reassured today that Charlotte will be made one of the depots of the State, if satisfactory rentals can be arranged.

Governor Grants Rev. R. L. Davis Unconditional Pardon.

Raleigh Times, 19th.

Governor Craig this afternoon granted an unconditional pardon to Rev. R. L. Davis, superintendent of the North Carolina Anti-Saloon League, who was convicted at the July term of assaulting Wiley Straughan with a liquor bottle. After hearing the petition and affidavits Governor Craig promptly granted the pardon on the ground that Mr. Davis was an innocent man. Judge C. M. Cooke and Solicitor H. E. Norris, after reading the affidavits, wrote letters to the Governor asking him for the pardon, and Secretary of the Navy Daniels and Senators Simmons and Overman were among the host of prominent North Carolinians urging a clean bill of health. A conspiracy to discredit the anti-saloon league leader was charged by the defense.

Princess Commits Suicide—Love Affair.

Heidelberg, Germany, Dispatch, 18th. Princess Sophia of Saxe-Weimar-Eissenach, a beautiful young woman, unusually popular, of sunny disposition and much courted by the officers with whom she often rode behind the hounds of the Baden Court hunts, committed suicide early this morning. Her body with a bullet wound in the temple, was found this morning in her room in the palace of her father, Prince William.

The death of the Princess was due to a love affair. She was engaged to Hans Von Bleichroeder, the elder son of the senior member of one of the most powerful banking houses in Germany. When the engagement was announced prematurely some months ago, it was learned that the reigning Grand Duke, Prince William Ernest, strenuously prohibited the union, unless the Princess renounced all her titles and dignities. This she refused to do.

Great care should be exercised in keeping glasses in proper condition. If they get bent or out of shape they will not afford you that relief desired.
