

Don't you need a new suit of clothes?

When you need a new suit and overcoat, come in and let us show you ours. We will not palm off on you clothes that do not fit, just to make a sale; we can't sell you clothing poorly made out of poor cloth, because WE DON'T HAVE that kind of stuff in our store.

We make money on what we sell--- what's the use LYING about it?---but we don't make too much, because we know we can make more by making a little each time, and make it EVERY TIME YOU BUY CLOTHES.

Let Us Demonstrate No-Rim-Cut Tires

You know these tires, and know they outsell every other tire made today.

You have heard of the sales doubling over and over, until the output is now 100,000 per month.

But you don't know, perhaps, just why these tires have become such a famous sensation.

It's something you ought to know.

SAVE ONE-HALF.

No-Rim-Cut tires, with tens of thousands of users, have cut tire bills right in two.

We can show you in five minutes why this thing is possible.

You can see that the tires never rim-cut. You can see the 10 per cent oversize.

When you see these features you are bound to want them, like everyone else who knows.

WE SELL THEM

No-Rim-Cut tires are fast becoming the universal tires. That is why we sell them.

We are ready at all times to help you to know them.

From that time on your tire upkeep will be immensely less than now. We can prove this to you in five minutes. It will save you no less than \$10 a minute, and you'll be glad you came.

GOOD YEAR
No-Rim-Cut Tires
With or Without Non-Skid Treads.

PRIZE FOR ROAD ESSAYS

Gold and Silver Medals Offered to Children for Best Essay on Repair and Maintenance of Earth Roads. (From Office of Information, U. S. Dept. of Agriculture.)

Washington, D. C., Sept. 27.—The director of the Office of Public Roads of this Department, Logan Waller Page, has announced that the time in which children may submit essays on the repair and maintenance of earth roads, in competition for the gold medal and the two silver medals, has been extended to March 2, 1914.

The conditions for the essay contest are as follows:

1. The subject of the essay will be the "Repair and Keeping Up of Earth Roads."

2. It is open only to children from ten to fifteen years, inclusive, who are actually living on farms and who are actually attending some school.

3. The essay should be not more than eight hundred words in length, in the handwriting of the child, and should be written on only one side of the paper.

4. In the upper left hand corner of the first page should appear the following statement: Essay on Earth Roads by (name of child; age of child; actual residence of child; school attended by child.)

5. Children wishing to enter this contest may ask the advice of their parents, teachers, neighbors, highway commissioners, and other people, and read books or magazines giving information about the subject. They must not give the information they gain in this way in the exact words of an adult or the author of a book. They must express the ideas in their own language. They will not be expected to use technical terms and any words that make the meaning clear will be acceptable.

The essays will be rated by an impartial committee according to the understanding of the subject shown by the child and according to the penmanship, English and spelling. The writer of the best essay will receive a gold medal; the writer of the next best essay a silver medal; and the writer of the third best essay, a silver medal.

All essays should be plainly addressed, in an envelope stamped with a two-cent stamp, to: Committee on Children's Road Essay Contest, Office of Public Roads, U. S. Department of Agriculture, Washington, D. C., and should be mailed to reach that office not later than 9 a. m. on Monday, March 2, 1914.

8. Children who have already submitted essays in that contest which was originally announced to close October 15th, may, if they wish, submit a second essay.

As a help to children, the suggestions given below are made. Children need not follow these suggestions absolutely. They must not submit essays in the form of direct answers to these questions. They must not quote any of the following material word for word.

How to Tell a Good Road From a Bad Road.

To the children: In getting facts to write your essays for the prize contest on the repair and maintenance of earth roads, use your eyes. Look at a bad piece of road and a good piece of road, when both are dry. Study, particularly, the ruts, and holes and uneven places in the road to see whether they make it easier or harder for the wheels of a loaded wagon to go along. Study the kind of footing that the two roads give to horses.

Now, study the same stretches of road after a good rain storm. You will see that one road holds small puddles, or pools, of water that keep the road soft and allow it to be cut up by the wheels of the wagons and hoofs of the horses. How do road builders keep water from gathering on the traveled way of a road? Should a road slope to the side ditches? How much higher should the center, or crown, of the road be than the outside edges of the road? Why do good ditches at the side of the road help make the center of the road better for hauling? What happens when ditches get full of rubbish or weeds? when a ditch along roads holds water or collects it into pools, how does this injure the road?

Using a Drag on Earth Roads.

Have you ever seen a home-made road drag? It is made by splitting in two a log six or eight inches in thickness and about six or eight feet long. The two halves of the log are 3 ft. apart with smooth faces forward and upright. They are fastened together with braces. A pair of horses are hitched to a chain fastened to the front half of the log. Should these logs be drawn straight down the road or should it be dragged at a slant so that a little of the loose earth will slide toward the center of the road? Should the dragging be started next to the ditch or at the center of the road? Should you drag the whole road in one way, or drag each half of it in an opposite direction? Should the dragging be done when the road is dry or after it has

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandefine hair cleanse." Just try this—moisten a cloth with a little Dandefine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandefine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you can care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandefine from any druggist or toilet counter, and just try it. adv. 9114Th

FEDERAL COURT.

Fall Term Will Begin in Wilmington November 11—Jurors.

Wilmington Star, 27th. The regular fall term of United States District Court will convene in this city Tuesday, November 11th, with Judge H. G. Connor presiding. This will be the first term in months but there are not a great many cases waiting disposition, this being due to the fact that criminal offenses have been few in this district for the past several years. There are probably not more than 25 or 30 criminal cases appearing on the docket at the present time. There has also been a paucity in civil business.

Jurors for the term were drawn yesterday by Mr. S. P. Colliers, the clerk.

The jurors drawn from Robeson are as follows: First week—A. T. McKellar, S. L. Parker, Ira Townsend, Neill Freeman, A. S. Thompson, D. W. Bullock, Lorkins Walters; second week—J. F. Flowers.

STATE NEWS

Geo. W. Watts will build a pellagra hospital near the Watts hospital in Durham.

W. O. Saunders, editor of The Independent of Elizabeth City, was acquitted Saturday of the charge of criminal libel on E. F. Aydtlett, one of eastern Carolina's wealthiest and most prominent lawyers. The suit grew out of articles published in Mr. Saunders' paper in regard to business transactions which took place between Mr. Aydtlett and the Browns of New York several years ago. This was the third libel suit Mr. Saunders has withstood within the past two months. He was acquitted in each trial.

rained? A good strong pair of horses with a well-built drag can drag about three or four miles of road in a day. What would it cost a farmer to drag four miles of road? How would he be repaid for the cost of his labor?

Remember, children, you are not to answer these questions as if you were answering an examination paper. You are to think about the answers and ask people for information and watch people actually working on roads, and then write a composition that will be just the same as if you were writing a letter to a friend, telling him, or her, how they made the earth road near you better, and keep it from getting full of holes, ruts, and puddles.

Mayor Grace of Charleston, S. C., has filed with Speaker Clark a sensational petition in which he charges that Richard S. Whaley, Democratic member of Congress from the first South Carolina district, bought his seat in Congress, spending \$60,000 in buying votes. Representative Whaley characterizes the charge as a "lie."

DON'T MISTAKE THE CAUSE

Many Lumberton People Have Kidney Trouble and Do Not Know It. Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular?

Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warnings of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Read this Marion testimony.

C. C. Boone, blacksmith, Marion, N. C., says: "My experience with Doan's Kidney Pills has been so satisfactory that I do not hesitate to recommend them to anyone. My kidneys were disordered and my back ached. I had trouble in straightening after stooping. Doan's Kidney Pills fixed me in good shape, stopping the pains in my back and regulating the action of my kidneys."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. adv.
