GOOD ROADS DAYS

Not Much Work in Robeson—Estimated that 75,000 turned out in Entire State Yesterday.

Very little road work was done in Robeson yesterday as a result of the Governor's call for two days of work, at least so far as has been reported. Nobody turned out in Lumberton township. It is about the same today. This is not due to lack of patriotism but to two causes: under the county's road law everybody has to work the roads two days during the year or pay \$2. Had there is too much cotton in the fields to take any chances on leaving it during such pretty weather.

It is estimated that 75,000 men and boys turned out for road work throughout the State yesterday, and that the work in the western part of the State was worth some \$20,000. Governor Craig worked on he roads near Asheville.

Virtue of Salting Corn Away.

Mr. Dan H. Britt of Back Swamp was among the visitors in town yesterday. Mr. Britt says that to put a little salt in corn when putting it in the barn will keep the corn from getting dry, make the shucks work more, and also help to keep away weevils.

Death of Mr. A. A. Thaggard of Pembroke.

Mr. A. A. Thaggard died at his home Pembroke Monday of heart failure. Deceased was about 70 years old, having served in the Civil War. The remains were interred in the family burying ground near St. Paul's yesterday.

SPECIAL TERM ASKED FOR.

Commissioners Ask for Special Term of Court to Begin December 1—Township Hearing 17th—Other Proceedings of Commissioners' Meeting Held Over.

Owing to the crowded condition of the paper today report of the routine business transacted at the regular monthly meeting of the county commissioners Monday is held over for next Monday's paper.

At this meeting it was decided to petition Governor Craig to order a special 2-weeks' term of civil court to begin December 1, over to the accumulation of cases on the docket, this being made necessary by reason of the fact, heretofore mentioned in The Robesonian, that the recent session of the Legislature passed an act repealing by implication the regular December term of Robeson court and giving the first week to Hoke county.

A number of men who advocated and others who oppose the formation of the proposed township of Elrod appeared before the Board Monday, but no decision was made and the matter was continued for a hearing at a special meeting of the commissioners to be held on the 17th inst.

GRAND JURY'S REPORT

Only Four Bills For Consideration—A Number of Recommendations Made.

The grand jury made its report yesterday afternoon and was discharged. The report is in substance as follows:

Visited jail in a body and found it well kept. Prisoners all seem healthy and well provided for. Ten prisoners, one lunatic. Recommended that jail roof, which seems to leak in two or more places, be repaired. Called upon auditor for reports of justices of the peace, found 73 justices, 21 of whom have reported, 52 having failed to make report. Visited county offices, found them well kept and officers in charge obliging and accommodating. Recommend that clerk's office be furnished with files and that a metal bookcase be furnished for the court room. Recommend an additional typewriter for office of register of deeds and more shelving for the vault basement of the register's office; also a typewriter each for sheriff's office, auditor's office and treasurer's office. Recommend: employment of janitor to keep court house in more sanitary condition (a hard nut: every grand jury recommends same); for grand jury room, hat and coat racks, water cooler and table for some, drinking glasses; that court house be closed at night. Visited chain gang by committee, found 69 prisoners, who seem to be well taken care of. Recommend purchase of one more iron cage for securing prisoners at night. Health and sanitary conditions good. Committee found county home well kept; 13 inmates, 9 white, 3 colored, 1 Indian. Some carpenter work needed at home and recommend that it be attended to at once. Had for consideration 4 bills, found 3 true bills and 1 not true bill.

TAMMANY MEETS DEFEAT.

Mitchell, Fusion Candidate, Elected Mayor of New York—Democratic Governors Elected in Three States—More Democratic Than Republican Victories Recorded in Tuesday's Elections.

Press Dispatch, 5th.

Democratic Governors were elected yesterday in each State in which the office was filled—Massachusetts, New Jersey and Virginia. With the exception of New York State, where the Tammany Democracy was severely rebuked, more Democratic than Republican victories were recorded at the polls.

Maryland elected a Democratic United States Senator, Blair Lee. Of the four National representatives elected throughout the country, three were democrats. The exception was C. D. Paig in the third district, Massachusetts.

In Massachusetts there was a Democratic landslide. Lieut. Gov David I. Walsh was chosen Governor by a plurality of 53,691, the largest ever given a Democratic candidate for office. Mr. Walsh carried with him into office every democratic candidate on the State ticket with the possible exception of the Attorney General.

The Tammany Democracy in New York was condemned in a manner which left little solace to the leaders. John Purroy Mitchell the fusionist, was elected Mayor of New York, leading Edward E. McCall, the Tammany candidate, by 121,209 votes. William Sulzer, deposed Governor of the State was returned to the Assembly from New York City. The New York State Assembly will be safely Republican.

In New Jersey James I. Felder, Democrat, was elected Governor with a plurality of about 22,000 over the Republican candidate and the Democrats will control both Houses of the Legislature.

Monument Unveiling November 9.

The monument unveiling at Antioch, Hoke county, by the Woodmen of the World, at the grave of the late sovereign A. H. McKenzie, who was a member of Maple Camp 227 at Red Springs, mentioned in Monday's Robesonian, will take place Sunday afternoon, November 9, at 3 o'clock.

At Sumter, S. C., Tuesday Mrs. Geo. F. Epperson received a painful flesh wound in a leg when a pistol dropped from the pocket of policeman J. M. Lawrence and was discharged as it struck the pavement. The officer was cranking the lady's auto when his pistol dropped.

BACK SWAMP ITEMS

School Begins With Good Attendance—Potato and Cotton Crops Short. Corn Good—Singing School Closes—Other Items.

Correspondence of The Robesonian. Lumberton, R. F. D. 3, Nov. 5—Miss Gussie Britt visited friends in Rowland Saturday and Sunday.

Miss Sallie Thompson of Lumberton began school here Monday with a very good attendance. Miss Thompson is an excellent teacher and if our patrons will co-operate with her and we feel sure they will, will give us a good school.

Everyone seems to be digging potatoes this week. The crop through this section is unusually poor this season. Cotton is pretty well gathered and most farmers say they will get about one-half of an average crop. Corn is fairly good.

Mr. W. F. Prevatt of Buie's has just closed a very successful singing school at Back Swamp church. Mr. Prevatt has shown that he is a good instructor and his class has made rapid progress and has been greatly benefited by his teaching. We trust that our young people will be more interested in music in the future.

So far as this scribe knows, Mr. Jennings does not buy cotton on the streets in Lumberton. We never knew him in recent years, to make any effort to buy cotton there at all. There is a man there that claims to grade cotton for him or his mills, but I did not know that he ever bought any cotton. Perhaps Mr. Jennings pays good prices, as he says he does, for the Robeson county staple, and as we understand, he buys from the merchants, and it is just possible that the merchants are the ones that get the benefit of the said prices. However, we never knew a buyer in Lumberton to bid against a merchant for cotton on the streets as they do at some other markets. At Fairmont the bidding between the buyer and the merchants is very sharp and this co-operation is most assuredly appreciated by the farmers of this section. If I am not correct in this, will some one who knows better give the actual facts in the case.

Miss Quessie Prevatt began teaching near Long Branch church Monday.

Miss Elyce Townsend, who has been quite sick with bronchial pneumonia, is able to be out again.

Along Route 4—Much Cotton in the Fields.

Correspondence of The Robesonian. Lumberton, R. F. D. 4, Nov. 4—The farmers of this section are most done gathering their corn, but there is a great deal of cotton in the field yet.

Public school began here Monday with Miss Alma Floyd of Fairmont, as teacher.—Miss Annie Rice is on the sick list.

Mr. James Britt, who lives near Smyrna, spent the week end with his cousin Mr. Charlie Barnes.—Mr. Luther Huggins of Barnesville is visiting relatives and friends at this place.—We are sorry to note the death of Mr. Henry W. Ivey. He had been in bad health for some time. He spent his last days with his daughter and son-in-law, Mr. and Mrs. James Branch. He leaves a host of friends and relatives to mourn his death.—Our ladies missionary society is progressing nicely. Prayer meeting every Sunday night at 7 o'clock.

Out Barker's Way—Movements of the People.

Correspondence of The Robesonian. Lumberton, R. F. D. 1, Nov. 4—We are having some pretty weather which is very good on the farmers that are gathering corn and potatoes.—Mrs. Catherine Inman and two children, Miss Rubie and Master Northrop, of Barker's are spending a few days with Mrs. Inman's daughter, Mrs. Pearl Gillis of Laurinburg.—Mr. and Mrs. J. W. Howell are all smiles: it's two babies.—Mr. and Mrs. Kellie Regan and son, Master Vernon, of Satsuma Heights, Florida, spent last week with relatives at Barker's. Ornum Occurrences.

Correspondence of The Robesonian. Ornum, Nov. 4—Farmers are making use of fine weather, gathering their crops. H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation. But he refused and reluctant. I tried Bucklen's Arnica Salve as a last resort. LUMBER BRIDGE NEWS BATCH

A Ghostly Time on Halloween—Personal Mention.

Correspondence of The Robesonian. Lumber Bridge, Nov. 5—Quite a number of our people have been attending the fairs held recently both at Raleigh and at Fayetteville. Miss Bessie Hamer of the school faculty, left Wednesday to attend the fair, being held at Bennettsville this week. Messrs. Arthur Chason and Erast Baker are spending the week there also with their autos. They are accompanying our South Carolina friend by carrying them to and from the fair.

If one had not known that last Friday night was the time for the appearance of the hobgoblins, he might easily have been frightened out of his wits by their appearance here in many shapes and forms. Black cats, with mouthful meows and fearful shrieks, ghost with their solemn countenances bespeaking death and shades of the other world were everywhere visible. All of these met at the school house for a general frolic which they indulge in every year at this season. They went through their grotesque and weird performances there until the midnight hour, at which time they scattered to parts unknown.

Mr. Delton Wright of South Carolina visited his uncle Mr. Dan Sinclair Sunday.—The following spent Tuesday in Fayetteville: Mr. and Mrs. Ed Clifton, Miss Mary Clifton and Mrs. Lillie McGowan.—Friends were shaking hands with Mr. J. T. Bynum of Hope Mills here on the streets Wednesday.—Mr. Walter Fisher and sister of St. Paul's spent Sunday with Miss Glenn Bennett.—Miss Mary Klapp of Battleboro spent the week-end with Mrs. Ed. Clifton.

LONG BRANCH LOCALS

Large School Attendance—Cotton Crop Short and Potatoes Rotting—New Residences—Selling Tobacco—Death of H. W. Ivey.

Correspondence of The Robesonian. Lumberton, R. F. D. 4, Nov. 5—The school at Long Branch began Monday with Miss Alma Floyd the teacher. There were many scholars to begin with and they will at once have to get an assistant. It seems like the compulsory law is doing good right in the beginning.—Farmers are having a hard time to get their cotton picked, though it is short crop in this section. Several farmers have dug their potatoes and lots of them are rotting in the ground, which is going to cut the crop short next spring for the city market.—Mr. D. G. Lawson is building a new six room house. Mr. F. C. Britt is building a new house.—Mr. Stafford of Greensboro was through here last week selling tobacco to the farmers. He has been selling tobacco through here for several years and says his sales were the best yet. He sold about 1700 pounds in one day.

This community was saddened last Saturday by the death of one of its beloved citizens, Mr. Henry W. Ivey. Mr. Ivey was about 75 years old and one whom everybody loved. He always knew how to entertain the young and the old. He was a veteran in the war and therefore could entertain the young by telling some of his experiences. He was a member of the Big Branch church. He leaves one sister and three daughters and five sons to mourn the loss of a good father. The funeral was preached by his pastor, Rev. I. P. Hezpepp. Interment was made Sunday at the Branch graveyard, near Ornum.

Messrs. F. M. Ammons and Grover Pope and D. G. Lawson attended the fair at Fayetteville last week and report a nice time.

Prosperity seems to be on the upward trend, as there have been some big real estate deals made in this community.

WAITING WORD FROM HUERTA.

This Appears to be Attitude of Official Washington—Still Hope to Solve Situation by Peaceful Means—Cruiser Chester Ordered to Vera Cruz.

Washington Dispatch, 5th.

Waiting for word from Provisional President Huerta—this was the attitude of official Washington tonight in the Mexican situation.

Administration officials still refuse to shed any light on the last communication which conveyed to General Huerta the desire of the United States that he eliminate himself from the tangled situation.

Their attitude was that to discuss publicly the delicate phases of the problem, might defeat the ends being sought.

The feeling in the National Capitol is none the less one of tense interest, especially as to what course will be pursued if General Huerta declines to abdicate. It was evident from those who talked with President Wilson about the situation today that he was calmly awaiting developments. He has told his friends that he would continue to solve the situation by peaceful means and would not be disturbed by predictions of armed intervention.

The belief is general here that the solution is being worked out with extreme secrecy in diplomatic channels and that only when some tangible conclusion has been reached will there be any official announcement. There was no collective opinion in official circles as to the probable nature of Huerta's reply to the American representations. So far as could be learned no intimation have been received to indicate what this reply will be.

The scout cruiser Chester at the Philadelphia Navy Yard was ordered today to prepare to sail for Vera Cruz immediately.
