FARMERS' MARKET REPORTER.

Division of Markets of North Carolina Agricultural Experiment Station Planning to List Certain Products Which Farmers Have For Sale—A News Channel for Buyers.

The Division of Markets of the North Carolina Experiment Station, which is conducted jointly by the State Department of Agriculture and the College of Agriculture and Mechanic Arts at Raleigh, is planning to list certain products which the farmers have for sale and to distribute this information to all who may desire to use it.

The Division of Markets does not undertake to sell anything. It is simply the purpose to furnish a news channel for buyers, whether they be farmers, general consumers in the towns, retailers, or jobbers, so that they may know where such products may be bought.

Regulations for Listing Products in the Farmers' Market Reporter. Only those products which are in the hands of original growers or producers shall be listed.

No products which farmers have sold to dealers shall be included.

Farmers' organizations whose membership is limited to actual growers are permitted to list their products.

All products listed shall be of good quality. In quoting prices to buyers an exact and honest description of the grade and character of the products for sale shall be given.

Repeated complaints of products falling below description will result in the name of the grower being struck from the list for future issues.

The description given in this circular will be limited to the name and quantity of product price and the grower's name, address and shipping point. No matter whatever of a general advertising or "boosting" nature can be inserted, nor can publication be given of any special breeds or varieties of plants or animals.

Any products which are not on hand but which will be produced within the present season may be included. The period within which such products will be ready for shipment, should be indicated under the head of shipping date.

The quantity of a product may be expressed in bushels, barrels, pounds, crates or car loads.

All prices shall be listed at the rate per bushel, barrel, crate or pound, subject to change of markets. The local market prices requested in the last column are desired solely for the information of this office as to what market conditions are, and will not be published or given out in any form. Only the price which the farmer asks will be published.

In addition to the above we will appreciate any further information of market conditions which you may think of value.

W. M. R. CAMP, Chief, Division of Markets.

School Entertainment and Public Debate at Long Branch.

There was a much enjoyed time at Long Branch, about five miles from town, Saturday night. There were some exercises by the school that were as entertaining as you please, which consisted of dialogues, speeches, and some sure-enough music. The children all played their parts well, in a way that gave honor to themselves and their teachers.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Lumberton women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney disease by striking at the cause.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. Exemption of all assistant postmasters from the Civil Service and an experiment in the Government ownership of railway mail cars were two proposals that attracted much attention when the annual postoffice appropriation bill was submitted to the House of Congress Monday.

CHICHESTER'S PILLS THE LONDON BRAND. Ladies' Association of England. Sold by druggists everywhere.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once—Stops Falling Out.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair.

MAY DEVELOP WATER POWER.

Big Plant May be Built Near Currie, in Bladen County.

Wilmington Star, 10th. Councilman T. W. Wood stated yesterday that he had been informed that a group of capitalists of Salisbury and Concord have purchased several thousand acres of land in Bladen county and that they intend making an effort to develop a large power plant there.

The land was purchased primarily for the timber, but it was found that they had a good power proposition, and if they can make the arrangements they hope to have it harnessed and turning out electricity within the next few years.

CORNER STONE LAYING.

A Social Event Near Parkton.

Correspondence of The Robesonian. Parkton, Jan. 8.—On last Monday evening a delightful reception was given by Miss Nola Everitt at their country home two miles from Parkton. The guests began to gather about 6:30 o'clock. Many interesting games were played. At 7:30 the guests were invited to the dining room where peanuts were parching. As soon as parched they were served by Misses Nola Everitt and Ethel Baxley. The guests were carried back to the parlor where they were introduced to the king and queen, where Mr. Brisson sat on the floor. The guests were again invited to the dining room, where cake was served by Miss Everitt and Mr. Warren.

Blue Ridge Visited by a Heavy Snow.

In a dispatch of the 7th from Mt. Airy a heavy snow in the Blue Ridge Mountains is told about: The north and west of here are covered with the heaviest snow ever known, all communications with that section is cut off and the mountaineers no doubt are suffering untold hardship.

The report brought here by Mr. S. B. Richardson and wife, who came through Low Gap yesterday, is that snow on the mountain tops is 2 feet deep, while in drifts it reaches a depth of ten to twelve feet.

Mr. and Mrs. Richardson were coming from the other side of the Blue Ridge, through the gap in a one horse wagon. Their mule got beyond his depth in the snow and they were forced to leave the vehicle and with difficulty saving themselves, and the mule while the wagon sank out of sight.

For about eight hours they dragged themselves along the road, quite often getting beyond their depths in the drifts and almost freezing. At the foot of the mountain they secured a buggy and came to their home near here. This is the only authentic report received from the isolated region from which no mails have reached here.
