In a report to the War Department

in Washington, Adjutant General Forbes of the National Guard of California has given official cognizance to an alleged plan of "General" Kelly's unemployed army to seize the Federal arsenal at Rock Island, Ill., in order to equip 500,000 men for a revolution against the Government.

General Forbes report is based on one made to him by Lieutenant Frankin Grimes of a Sacramento company of the State Guard, who joined Kelly's army as a spy.

Lieutenant Grimes related how the leaders of the unemployed divulged their plan for capturing the United States Government. There was to be a gathering of many "armies" at Chicago, according to Grimes, they reaching that city as best they might. The leaders according to the militia spy, telieved they could assemble 500,000 men there. Then moving in force they would capture the Rock Island arse-

Railroads out of Chicago would be commandeered said the Lieutenant, and the unemployed force, well armed, would be rushed toward Washington, where it would have the Federal Government at its mercy.

The plan was then to spread a Na. against employers of labor, which would depose all civil and military Company. authorities and install the army leaders as supreme.
