A MAGAZINE TO TAKE.

One of the best magazines published in the United States is The Outlook. Nothing of world-wide importance escapes it and its comments on current events are always enlightening and helpful. Even casual reading of its pages week after—it is published weekly, every fourth number being a magazine number—gives one a clearer understanding of the meaning of the important events of the day, a keener insight into the movements that are moulding events. During the past year it has added a new feature which makes it more attractive and increases its educational value. It now carries weekly 8 or 10 pages of pictures illustrating important current events. These pictures are always interesting and helpful. The address of The Outlook is 287 Fourth Ave., New York. The subscription price is \$3.00 the year.

The Wilmington Dispatch says by all means let's have a primary in the glorious sixth congressional district, but Gentleman of the Executive committee, says The Dispatch, May 16 is too early, it would be hurrying things; let's not have any snap judgment. The Robesonian isn't hump-shouldered about it, one way or the other, but it would just as soon second the motion as not, since The Dispatch wants it that way. No use hurrying. By the way, what's the matter with the erstwhile bloody "sixt" anyhow? Huh? Ain't there to be no fight nor nothing? It certainly does seem strangely peaceful like and quiet for the "sixt." There is neither the voice of them that cry for being overcome, nor the voice of them that shout for mastery; and if there is no change from present conditions the indications are that there will not be enough life in the victors after the primary is pulled off to raise the noise of them that sing. Strange, most strange.

Counsellor and Solicitor of State Department Appointed.

Washington Dispatch, 21st. The President today nominated Robert Lansing, of New York, for counsellor of the State Department, to succeed John Bassett Moore and Cone Johnson, of Texas, solicitor of the department, to succeed Joseph Folk.

Mr. Lansing is an associate editor of the American Journal of International Law and the author of several work on international subjects. He will succeed John Bassett Moore. He is 50 years old, was associate counsel for the United States in the Bering Sea arbitration, 1892-93; counsel for the United States in the Bering Sea claims commission, 1896-97; solicitor of the United States on the Alaskan boundary tribunal, 1903; counsel in the arbitration at The Hague in 1909 of the North Atlantic coast fisheries' case. His home is in Watertown, N. Y.

Mr. Johnson, who will succeed Joseph W. Folk as solicitor, is about 49 years old, and according to the statement issued today is "one of the most brilliant lawyers in Texas." He was a candidate for the United States Senate once, but retired from the contest because of ill health.

The White House described him as "one of the leading factors in progressive Democracy of Texas."

Gen. Villa Preparing to Attack Torreon.

Constitutionalist Headquarters, Yermo, Chihuahua, Mexico, dispatch, March 20—General Villa and his army of 12,000 rebels today invested the Federal stronghold of Torreon. They occupied the environs of the city without opposition and today was spent in wheeling and dragging field pieces into place to shell the Federal trenches, dug at every point where the Federal commander, General Regugio Velasco, expects attack.

Velasco's army is estimated to number 9,000 men. South and west of the city his position is regarded as almost impregnable, by reason of the mountains through which only three passes run, these have been rendered almost impassable by fortifications and barbed-wire entanglements. In other directions the city is reached through the desert and high hills.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surface. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials; free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, Price 50c. Take Hall's Family Pills for constipation.

With Neck Broken Worked All Day

Greensboro News, 19th. Falling on a snag of wood and breaking his neck, John (Taz) Rogers, a negro trusty of the city chain gang, got up, picked up his axe and continued to cut wood and finish his day's work and then after going to the camp for the night died at 10 o'clock Tuesday night. Rogers was cutting cordwood and prior to the accident he leaned over to pull a piece of wood off a log when suddenly his foot slipped and he fell, the snag catching him under the chin. According to guards and prisoners at the camp the accident happened about 10 o'clock Tuesday morning. Rogers is said to have continued to work during the day without having any complaint of having been hurt when he fell. As he was getting up from his fall he is quoted as saying: "It's a good thing that wasn't a sharp snag, 'cause if it had been it would have cut my head off."

Plain Truth That's Worth Money.

Using Foley's Honey and Tar for cough or cold may save you both sickness and money. F. F. Monahan, Menomonic, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. For sale by all druggists.

Broad Ridge Breezes.

Correspondence of The Robesonian. Orrum March 20—Mr. and Mrs. E. H. Surlis of Lumberton spent Saturday here visiting friends.

We are sorry to report the illness of Mr. J. H. Ammons. Hope he will soon recover.

Mr. E. G. M'White, who has been sick for some time is still unimproved.

Mr. John Parker visited friends at West Lumberton last Sunday.

Mr. Joseph Bullard will have his old residence remodeled and will move to it soon.

Mr. K. M. Britt made a business trip to Lumberton Friday.

To the Housewife.

Madam, if your husband is like most men he expects you to look after health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

Labor-Saving Cole Planters and Distributors THAT EVERY FARMER NEEDS

Every farmer in this section should own one of these Cole Planters and Distributors. They positively pay for themselves after a few days in the field. The planter plants better and cheaper than any other planter ever built. The distributor makes one trip do for two—doubles the good from guano. Cole Planters and Distributors are the "Farmer's Friend." They were "born and raised" on a North Carolina farm. You'll find them so downright useful and reliable that you'll wonder how you ever got along without them—why you were ever content to put up with out-of-date machines, when you could own a Cole!

The Cole Planter

SAVES Labor of 1 Man and Mule

At one trip the Cole Planter smooths the bed, opens a furrow, mixes guano with the soil, covers it, opens again, plants the seed and covers them in the most accurate manner. The guano being mixed with the soil directly underneath, feeds the plants as soon as the seed sprout. You get a quick start, get two chances at a big crop. The Cole Planter plants the seed in a straight line at the same depth. The depth is easily regulated. Cotton comes up in a straight line—without bunches. It can be chopped to a stand cheaper, cost of cultivation is less. The seed fall in plain sight. The wind can't blow them away—none are wasted at the end of the rows. Doesn't skip or bunch the seed—as far ahead of the old style planters—as the old style way is ahead of hand planting. Works perfectly on any kind of land, where other planters are unsatisfactory.

The Cole Spreader

and Cultivator Lister and Side Dresser

With this machine you can feed guano to growing crops—get more good out of it—spread guano at the right time to make fruit, right where a network of roots need it. By feeding the guano during the guano period, the plant receives all the benefits of the plant food. With cultivator attached (as shown in the cut) you can sow guano and effectively cultivate at the same time—save the work of one man and one mule. Two strong universal plow feet are furnished free. By removing cultivator and attaching plow feet, you have the best machine for sowing guano and throwing two good furrows upon it. The hopper holds 1/2 sack, and spreads uniformly any quantity from 100 lbs. to 2000 lbs. to the acre. Pays for itself in labor saved—doubles the good from guano.

The Cole SINGLE FOOT Distributor

Opens a Furrow and Sows Guano at One Trip

Here's a Cole Distributor with opening plow in front, which many farmers prefer. With one, you can run off rows, open a furrow, and sow guano at the same time. It'll save the work of one man and mule every planting day. Especially good for side-dressing—can be run right up alongside plant.

The Cole DOUBLE FOOT Distributor

Sows Guano in Open Furrow. Throws 2 Good Furrows Upon It.

The form of spout used on this machine spreads the guano, instead of putting it in a small stream. The fertilizer feeds more plant roots—gets more good from guano. Positive force feed sows from 100 to 1,500 lbs. of guano to the acre. Instantly regulated. The plow feet throw two good furrows upon guano at the same time. Plow feet are strongly attached to side beams, so that good plowing can be done. You can leave it without danger of its falling. Graduated hitch post adjusts the weight on the plows.

Other Styles of Planters and Distributors to Meet Every Need

Besides these machines we have the Universal Single Foot (either force feed or Knocker), Universal Double Foot Knocker, and other styles suitable to different uses. Discard your old out-of-date trouble making planter or distributor, hitch up to one of these labor saving Coles! Come and see them now.

Guaranteed By Us and By The Cole Mfg. Co.

The Cole is doubly guaranteed. The maker guarantees it. We guarantee it. Every machine must prove a practical daily working success in your field, no matter if the soil is rough or smooth, level or hilly, with crooked rows or straight. They are made as good as money and brains can make them—sold at a fair price to everybody. Come and see these machines. Get ready for planting time.
