Remedy Used by Three Generations

Mothers Who Took it When Children Now Giving it to Their Children.

WM. ROSWELL TAYLOR.

There must be genuine merit to an article that has stood the test of two generations of users. In the field of medicine none has had greater success to a greater degree than Dr. Caldwell's Syrup Pepsin, which is now being used by three generations of people. Its use in families is constantly becoming more general. The reason primarily is that it has merit. It is what it represents itself to be, a laxative, tonic; it does not make exaggerated claims nor use coarse language to set forth its virtues. It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to tiny infants, and yet in a slightly larger dose, it is equally as effective for grownups. It is for any disorder of the stomach, liver or bowels, for constipation, no matter how chronic, for dyspepsia, no matter how severe, for biliousness, sour stomach, gas on the stomach, headaches, drowsiness after eating and similar complaints arising from a clogged up condition of the bowels. It is pleasant to the taste and does not gripe. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle. Thousands of families throughout the country are never without Syrup

Pepsin in the house, among them Mrs. W. A. Taylor, 717 Lincoln Ave., Be- loit, Wis. She has five children and gives Dr. Caldwell's Syrup Pepsin to all of them as needed. Little William used to cry half the night with cramps and pain, but since giving him Syrup Pepsin, he does so no longer. The use of this remedy will teach you to avoid cathartics, salts, purgatives and physics generally as they are entirely too harsh. Syrup Pepsin cures gradually, but the cure is comfortable, safe and permanent. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Vera Cruz and Tampico. Greensboro News. Vera Cruz is the most important port of Mexico, situated in the State of Vera Cruz—officially, Vera Cruz Llave—and the census of ten years ago gave it a population of something less than 30,000. The capital of the State is not Vera Cruz, but Jalapa. Vera Cruz is 263 miles by rail east of the City of Mexico; built on a flat, sandy, barren beach, only a few feet above sea-level. The surrounding country is low, rank, damp, hot, malarial, humid; and there is an immense rainfall. It is the most nauseous hole that the American fleet has got into.

The whole east coast of Mexico is described by the Encyclopedia Britannica as "covered with streams, swamps and lagoons, the abode of noxious insects, pestilential fevers and dysentery." Tampico—population in 1900, 16,000—is also an old town. It was raided by buccaneers in 1682 and 140 years later Santa Anna, then dictator, fought a battle there with the Spanish. These two are practically the only times that Tampico has figured in Mexican history; it is the discovery of oil in the neighborhood that has given the town its modern importance.
