### ALL EUROPE IS IN ARMS.

Thousands of Germans Killed by Belgians in Attack Upon Liege — French and Belgian Troops Oppose Progress of Germany Through Belgium — England Declares War on Germany—President Wilson Offers Mediation.

Great Britain declared war on Germany Tuesday night.

A dispatch from London states that Germany has sent an ultimatum to Italy.

Germany in pushing her advance through Belgium has met with strong opposition around Liege where Belgian forces, according to official advices reaching Brussels, have repulsed the German Army of the Meuse under General Von Emmich.

The Germans are reported to have lost several thousand killed and wounded.

Field Marshal Kitchener has been appointed Secretary of State for War in the British Cabinet and will have under his direction the military campaign against Germany.

French troops have joined the Belgians in opposing the progress of Germany through Belgium and it is expected that possibly Great Britain may send reinforcements.

The German Ambassador will leave England today. Both at St. Petersburg and Berlin, the German and Russian embassies respectively have been attacked by mobs.

The capture of several German steamers by the British is reported and the British cruiser Amphion has converted into a mine-layer.

Russian frontier patrols have penetrated 10 miles into Germany.

Trawlers returning from the North Sea bring word that no hostile warships were to be seen.

President Wilson yesterday formally offered the services of the United States Government to the warring Nations of Europe should they desire to discuss terms of peace. He tendered what technically is phrased as "good offices" which, if accepted in principle, would be followed by a conference of Representatives of Powers of Europe, in which the United States would play the role of mediator.

The decision of the British Government, declaring war upon Germany, for which the whole world had been waiting, came before the expiration of the time limit set by Great Britain in her ultimatum to Germany demanding a satisfactory reply on the subject of Belgian neutrality.

Germany's reply was the summary rejection of the request that Belgian neutrality should be respected.

The British Foreign Office has issued the following statement: Owing to the summary rejection by the German Government of the request made by His Britannic Majesty's Government that the neutrality of Belgium should be respected, His Majesty's Ambassador at Berlin has received his passports, and His Majesty's Government has declared to the German Government that a state of war exists between Great Britain and Germany from 11 o'clock p. m., August 4.

All Europe Is In Arms.

London Dispatch, 4th.

On the one hand Austria-Hungary and Germany are opposed by Russia, France and Great Britain, Serbia and Montenegro.

Italy has declared her neutrality, but is mobilizing. Belgium, Holland and Switzerland have mobilized.

The German demand that the Belgian Government should permit the free passage of German troops, through Belgium was answered by hasty preparations to resist such an advance across Belgian territory.

Sweden has made no answer to inquiries from Russia and Germany regarding her attitude, but is preparing to defend her neutrality.

Japan is making ready to live up to her alliance with Great Britain in case of certain eventualities.

Spain is reported to be preparing a proclamation of neutrality.

Austria-Hungary for the moment has retired from her campaign against Serbia for the purpose of holding back Russia, and Serbia has mobilized with the reported intention of invading Bosnia.

A proclamation of the neutrality of the United States in the European war was issued by President Wilson Tuesday.

A bill appropriating \$1,250,000,000 for war expenses has been introduced in the German Parliament.

The Belgian Chamber of Deputies has voted \$40,000,000 for National defense.

President Wilson has asked Congress to appropriate \$2,500,000 for the general accommodation of Americans in Europe.

Tobacco Warehouses at Fairmont Open Again.

Mr. Nathan Andrews of Fairmont was among the visitors in town yesterday. Mr. Andrews told a Robesonian reporter that the report that the tobacco warehouses at Fairmont were closed Monday was true in part, but that they are open again and tobacco is selling very satisfactorily, although not quite so high as last week. The reason for this is, he thinks, because of the fact that one or two of the strongest companies have taken their buyers off the market to await the war progress in Europe.

### CORN-CLUB SCHOOL.

Will Be Held at Philadelphia Thursday and Friday, August 13 and 14—Reduced Railroad Rates—A Rare Opportunity to Receive Instruction From Experts On Up-to-Date Farming Methods.

A corn club school will be held at Philadelphia, near Red Springs, Thursday and Friday of next week. The best teachers and instructors of agriculture in the world will give instruction to the corn club boys during these two feast days—days when corn club boys, who will be farmers of tomorrow, can feast on things that will mean much in the future.

Prof. F. J. Kirby, principal of the farmers demonstration work at the A. & M. College, Raleigh; Dr. I. W. Hill, of the National Department of Agriculture, with headquarters at Washington, one of the leading promoters of corn club work in the Southern States; Dr. H. G. Hill, president of the A. & M. College, and two or more others from this college will be present to speak and teach the boys who attend this meeting.

County Farm Demonstrator J. A. Boone and Mr. A. K. Robertson, a Robeson county man, assistant in the corn club work in North Carolina, with headquarters at Raleigh, will canvass all the county possible between now and the date for the school and use all the means possible to try to get all the members of the county club to attend this school.

The Coast Line has promised reduced rates from all stations in the county to either Red Springs or Buie, and the people of the Philadelphia Section will meet at Red Springs on Thursday and Friday and entertain them while in the community—and it will be well worth one's while to visit this model rural community.

A phone message from Mr. Robertson to The Robesonian asks that all possible be done to impress the boys with the importance of attending this meeting. Rich entertainment is promised all who will avail themselves of this rare opportunity to receive instruction worth while to the farmer boy who expects to remain on the farm.

It is to be hoped that every one of the large number of corn club boys in Robeson will attend this school. The parents should arrange for the boys to be present. They may learn something that will mean many dollars to you and many more to themselves. Boys, remember the date, and be on the scene without fail.

### FARMERS' UNION MEETING

County Meeting Will Be Held in Lumberton, August 19.

A county meeting of the Robeson Division of the Farmers' Union will be held in the court house in Lumberton Wednesday, August 19. This will be a very important meeting and all locals are earnestly requested to send a full delegation; and all members, whether delegates or not, are requested to be present. It is also very essential that all the local secretaries in the county be present. Don't forget the date, and remember it is up to the farmer to be much further up the ladder than he is at this time. The meeting will be open at 10:30 a. m. F. GROVER BRITT, Sec.-Treas. ROBESON DIVISION.

A Runaway—Buggy Wheel Smashed.

Carelessness seems to have been the cause of a runaway on Elm street this morning. A team belonging to the Jennings Cotton Mill Company, was left standing in front of the court house unhitched and something frightened them and they proceeded to runaway, going up Elm street at a rapid pace, and ran the wagon to which they were hitched into Mr. W. C. Boone's buggy, tearing every spoke out of one wheel. Mr. Boone was slightly hurt, and had it not been for the kindness of Mr. Boone's mule might have been seriously hurt, the mule acting like a gentleman, not even trying to get out of the way. The team was stopped further up the street by a colored man.

Cotton Leaves 14-Inches Across.

Mr. L. H. Caldwell plucked two cotton leaves from a cotton field on one of his farms north of Lumberton Monday that measured 14 inches across. The leaves mentioned in a recent issue of The Robesonian measured 12 1/2 inches across were thought to have been the largest ever seen here, and only Robeson has yet reported anything that beats that. Robeson leads.

Recorder's Court.

Joe Edwards was before Assistant Recorder E. M. Johnson yesterday charged with being drunk on the streets, assault with deadly weapon and resisting officers. Prayer for judgment was continued on payment of costs, the defendant to show good behavior for the next 18 months, otherwise sentence to be imposed.

Decided to Name His Farm.

Mr. J. H. Purvis of route 1 from Orrum, a young man who is doing the right thing—staying on the farm—was town yesterday. Mr. Purvis says that after reading the article in a recent issue of The Robesonian about naming farms and using printed letter heads, he decided to name his farm and have some letter heads and envelopes printed. His ideas are exactly right—all of them—even the idea of coming to The Robesonian to have the work done. Let others follow suit.

### LUMBERTON TOBACCO MARKET

Plenty of Buyers on Lumberton Market—This Market Has Never Closed.

As will be seen from an advertisement elsewhere in this issue, the Lumberton tobacco market has not closed for a day and the Farmers' Tobacco Warehouse of Lumberton has plenty of buyers and guarantees to get for farmers as high prices as they can get anywhere. Tobacco warehouses at some other markets have been reported closed, but some other Robeson county markets that were closed the first of the week have opened up again. The price of tobacco is a little off, but is still very satisfactory. Quite a bit of tobacco has been sold on the local market today.

TAX LEVY FOR 1914.

Three Cents Increase on Poll and One Cent Increase on County Tax—Levy Otherwise Same as Last Year.

The county commissioners have ordered that the following tax be levied for 1914: State 27.23 cents, school 20, county fund 19, road 21, court house bond 2, funding bond 1, pension fund 2, poll \$2.

The levy is the same as last year with the exception of the county fund, which is one cent higher, and the poll, 3 cents higher, the increase being to aid in the construction of the double iron bridge in Lumberton and in moving the iron bridge to the creek road crossing, near the plant of the Kingsdale Lumber Co.

Correspondence of The Robesonian.

Lumberton Route Five, August 4.—We had a fine rain Sunday, which was very badly needed. Corn crops are short on account of so much dry weather. Cotton is looking very well.

There was a pea-nut popping at Mr. Foster Taylors Saturday night, which was enjoyed by a large crowd.

Mrs. Woodrow Wilson in Extremis.

Washington Dispatch, 5th.

Mrs. Woodrow Wilson tonight lies at the point of death.

Four months of almost unbroken illness a complication of nervous ailments and Bright's disease have sapped the vitality of the first lady of the land.

The end is regarded as a matter of days perhaps hours.

Her husband and three daughters are at her bedside and relatives have been summoned. Physicians have been in consultation for days, but it was admitted at the White House tonight that hope for her recovery had almost vanished.

When the Candidates Spieled in Lumberton.

There was a lively time in the court house Monday evening when each one of the candidates did all possible to make plain the fact that he is the only man "fitten" to hold the office for which he is an aspirant. The court room was filled almost to its capacity with voters and candidates, and the candidates did themselves proud. They furnished good entertainment for their congregation, and all seemed to have spent a pleasant evening. There was a little mud thrown about—not mud, either, just a little "dragging." It is not known just who the result of the meeting will be. Some might have won votes, while others might have lost. But nobody knows who won or who lost. They should worry.

Mr. H. M. McAllister, cashier of the First National Bank, returned this morning from Ocean View, Va., and other points, where he spent several days. Mrs. McAllister, and their son, Master H. M. Jr., will spend some time at Ocean View.

Money is a good thing to have about the house folks, said to say are not very particular about how they come into possession of it. Mr. Wade Wishart, a clerk in the auditor's office, hired by the county, who is not elected himself, says one man came to him recently and told him about how faithfully he was working for him to be nominated Saturday of this week, and assuring him if he would give him a few dollars he would turn a large number of votes his way. Remember, Mr. Wishart is not in any race, but this man thought he was one of the boys just because he was at work in the court house. Been working for him already! Did you get the point?
