

Severe Head Pains Caused By Catarrh Cured By Peruna

I Feel It a Duty to Mankind to Let All Know of My Cure. Peruna Did It.

Mr. W. H. Chaney, R. F. D. 2, Sutherlin, Pittsylvania Co., Va., writes: "For the past twelve months I have been a sufferer from catarrh of the head. Since taking four bottles of your Peruna I feel like a different person altogether. The severe pains in my head have disappeared, and my entire system has been greatly strengthened. This is my first testimonial to the curative qualities of any patent medicine. I feel it a duty to mankind to let them know of Peruna. In my estimation it is the greatest medicine on earth for catarrh."

We have thousands of testimonials like Mr. Chaney's. Some of them were cured after years of suffering and disappointment in finding a remedy. Send for free copy of "Ils of Life." The Peruna Co., Columbus, Ohio. Those who object to liquid medicines can now procure Peruna Tablets.

SADDLE TREE TOPICS

Farmers Busy—Death of Mr. A. A. M'White—Closing Exercises of Mt. Tabor School—Personal Mention. Correspondence of The Robesonian. Saddle Tree, (Lumberton, R. 2), March 15—We are having excellent weather and the farmers are very busy with their farm work. Miss Hattie Powell, who had been teaching near Elizabethtown, has returned home. Mr. J. L. Humphrey attended the Woodmen of the World meeting held at Durham last week. The many friends of Mr. A. A. M'White of Raeford were shocked to hear of his death, which occurred last week. Among those who attended the funeral from here were Mr. and Mrs. G. P. Pevatt, Messrs. J. L., J. J., and W. P. Humphrey and C. N. Pevatt and little Miss Virginia Humphrey. Quite a number from here attended the closing exercises of Mt. Tabor school Friday night. The exercises consisted of recitations, pantomime, plays and dialogues, and they were all fine. After the exercises, cream and cake were sold, the proceeds to go for some good cause unknown to the reporter. Mrs. F. P. Humphrey was principal of the school. Mr. M. C. Powell spent a while in Lumberton Saturday afternoon. Mr. and Mrs. Lee Powell attended church at Oak Grove last Sunday. Messrs. Dan Regan and Raymond Powell and Miss Hattie Powell attended church at Rozier's Sunday. Mr. Frank Williford, who lives near Red Springs, spent the week-end at Saddle Tree. Miss Margaret J. Johnston, our assistant teacher, spent the week-end with home folks at Clarkton. Mr. W. H. Farmer of Red Springs spent Sunday in our midst. Among those who spent Saturday in Lumberton were Messrs. T. M. Davis, Arch McDuffie, J. E. Gray, Lee Parnell, M. S. and Ed Humphrey and J. I. Paul. Miss Bettie Regan of Red Springs, who had been visiting her brother, Mr. J. N. Regan, returned home last week. Mr. R. Humphrey and Miss Kate Johnston attended church at Rozier's Saturday. Mr. R. Humphrey and niece, Miss Mary Humphrey, spent Wednesday night in the Oak Grove section. Mr. F. P. Humphrey and daughter, Miss Effie, attended church at Barker's Sunday. Messrs. Richard Carey and Roy Lee Johnson of St. Pauls were callers in our community Sunday p. m. Ex-Sheriff J. M. Hall of Lumber Bridge was in our community last Wednesday. Miss Annie Belle Humphrey, who is teaching at Oak Grove, spent the week-end at home. The many friends of Mr. Malcolm Humphrey are glad to know he is improving fast and able to be out driving. Mr. A. F. Britt of Rozier's was in our midst Sunday p. m.

What Every Housekeeper Should Do In April. April is the month for every housekeeper to do the following things, says the April Woman's Home Companion: "This is the month to put away the winter clothes and furs, pasting a list of contents on each package and bag. To take down the storm windows and doors and repair the screens. To have the furnace cleaned and put in good order. To plan summer curtains and covers."

For any pain, burn, scald or bruise, apply Dr. Thomas' Eclectic Oil—the household remedy. Two sizes 25c and 50c at all drug stores.

PARKTON PARAGRAPHS

Baseball Season Begins—An Excellent Play at Lumber Bridge—Horse Dies of Hydrophobia—Band Concert Tomorrow Night Promises to be a Record-Breaker—Personal Mention. Correspondence of The Robesonian. Parkton, March 16—The first game of baseball for the season was played last Saturday evening by the second nine of St. Pauls and the second nine of Parkton. The game was an interesting one, resulting in a victory for the visitors. Score 7 to 5. A good many of our young people attended the play at Lumber Bridge Friday night given by the Lumber Bridge high school, and the report was most favorable. We consider it was just splendid and reflects credit on the school and town. Only wish it would come to our town in like manner, and Prof. Olive of St. Pauls proved to be a great entertainer in three vocal selections. No better singer in these diggings. Messrs. J. B. McCormick, E. B. Daniel and A. A. Wright were Lumberton visitors Monday. Mr. C. D. Williamson went up to Fayetteville Sunday to hear Bishop Dennis, who preached at Hay Street M. E. church at 11 o'clock, and reports as hearing a big and interesting sermon. Mr. T. W. Thompson and family visited Pinehurst Sunday. Messrs. D. H. and J. D. McCormick and their mother, Mrs. J. B. McCormick, visited relatives at Linden Sunday. Mr. A. C. McCormick lost a valuable horse Sunday night. The horse was discovered sick about 8 o'clock Sunday night and was in a most peculiar condition when discovered and the indications were that he must have had hydrophobia. The neighbors soon gathered near the sick horse and no one there ever saw a horse suffer so intensely; and the decision was unanimous that the best thing could be done was to kill the horse, which was done. We report all the sick of our town and community improving. The indications point to a record-breaker for the band concert Friday night, the 19th. The band will number fifteen for the occasion, which promises a success. Everybody invited. Only a silver offering for the benefit of the band. Messrs. J. G. and L. E. Hughes and sister, Mrs. Collier Cobb, returned home Friday from Georgia where they visited their father, Dr. D. Hughes, who was taken ill. They found their father much better and he is still improving. His many friends trust he may be able to return home this spring as is his usual custom.

E. LUMBERTON SCHOOL CLOSES Prizes Awarded—Children Entertained at Pastime Theatre. The East Lumberton school closed on Friday, March 5th. An all-day picnic at one of the near-by farms had been planned for this day, but because of the inclement weather a frolic in the auditorium had to content the children. They played games until tired when the following prizes were awarded: Reading—Pauline Flowers; attendance—David Evers, Estelle Evers; spelling—Dolar Pittman, Pauline Flowers, David Evers. On Thursday, March 4th, Mr. W. S. Wishart kindly entertained the school at the Pastime theatre. The children, some of whom had never been to the moving pictures before, seemed to enjoy themselves very much. CONELIA STEELE, Principal.

STATE NEWS Owing to inability to secure dyestuffs from Germany, the large Holt-Morgan cotton mills of Fayetteville are closed down. N. A. Gregg, superintendent of the mills, says the period of suspension will be of indefinite duration. Whether or not the mills will resume operation in the near future depends on the presence or absence of the colors needed by the Holt-Morgan Company in two cargoes of dye-stuffs which will reach New York within the next ten days. It is not known whether the desired colors are aboard. If they are the mills can resume work shortly. There are now eleven morning papers in North Carolina, four of which publish seven days in the week; 20 evening papers, 192 weeklies, 29 semi-weeklies; 52 monthlies; 10 semi-monthlies; 9 quarterlies, and three annuals. A mob fired at the home of a negro, Pink Goodson, near Hickory, Saturday night, a number of shots striking the house and one of them striking the wife and got up when the firing began. It is thought the mob meant merely to frighten the negro into leaving the community and did not intend murder. Six boys, members of good families, are charged with the crime. With the purpose of developing a model orchard and vineyard, Prof. J. A. Bizzell, professor of soils in Cornell University, has purchased "Happy Valley" vineyard, a few miles north of Fayetteville, made famous by the late George W. Lawrence. Professor Bizzell is already working toward the development of his idea, and the improvement is even now to be noted. A number of extra fine young fruit trees have been added to the orchards and in addition to the setting out of these, the vines and arbors are being carefully worked over and put in the best shape, according to a Fayetteville dispatch. Not Feeling "Just Right" When you get tired early in the day, have an overfull feeling, are full of indigestion or constipation you will find Foley's Cathartic Tablets quick and comfortable in action. They are wholesome and health giving. Mr. L. L. Levy, Green Bay, Wis., says: "They do not gripe and their effect is quick and sure. The finest cathartic I ever used."

NEWS NOTES AND COMMENT

Everybody Coming to County Commencement—Mr. Conary Arnett's Faithful Services Appreciated. Correspondence of The Robesonian. Lumberton, R. 5, March 15—Coming! What? Everybody to the county commencement the 9th of April. Sunday was a fine day and we had the pleasure of preaching to a large congregation at Smyrna. Among the visitors were Mr. D. S. Wilkins of West Lumberton and Messrs. Isham Lamb and W. J. Wilkerson of Center. It was a privilege to conduct a service for the Indians Sunday afternoon at the school house two miles from Lumberton on the Fairmont road. The prayer meeting at Cedar Grove Sunday night was largely attended. Instead of falling off, the interest grows and the congregation increased which is indeed gratifying. Besides the very interesting services, the crowning feature at the close was the presentation of a nice red letter New Testament, with the Psalms combined, to Mr. Conary Arnett, as a slight token of appreciation by the Sunday school of his faithfulness as superintendent for six years. J. M. FLEMING.

DEBATE AT INDIAN SCHOOL Hopewell School Making Fine Progress—Farmers Not Buying Much Tobacco—Personal. Correspondence of The Robesonian. Elrod, March 15—It seems that the farmers around Elrod are not going to use much guano this year, for you can't see them hauling any yet. I expect there will be less guano used this year than there has been for many years. Mr. A. B. Lowrey has bought some tons for his truck farm, but I don't know how many tons he will buy for the rest of his crop. The Hopewell school is making good progress under the management of Prof. E. Lowry and Miss Cottie A. Lowry. They seem to be taking great interest in the school work. The boys of Hopewell school had an appropriate debate Friday, 12th; query was, "Resolved, That the arts of man are more attractive to the eyes of man than the works of nature." Affirmative, Messrs. H. P. Bowen, Z. A. Lowry, W. F. Lowry; negative, Messrs. O. H. Lowry, W. L. C. J. Woodell. To our surprise the negative won. This was the tightest debate that the boys have debated on yet. When Mr. O. H. Lowry took the floor on this debate he hallowed that he was going to beat the boys on the negative side speaking if the jury would not give him credit for it, and today I think he beat all of the boys speaking. I believe a debating society in a school is about as good a society that young men can engage in to make good speakers. Prof. E. Lowry was in town Saturday on business. Mr. and Mrs. J. W. Smith of Rowland were visiting relatives near Elrod Saturday and Sunday. Rev. H. H. Lowry was in Pembroke Friday on business. Rev. Z. R. Jacobs filled his regular appointment at Hopewell Sunday.

Summary of Farmer's Institutes Work During Winter Months. Extension Farm News. During the winter months 91 Farmers' Institutes have been held in 40 counties embracing the Eastern half of the State. At most of these places both morning and afternoon sessions were held making a total of 175 sessions held for both men and women. The attendance at these meetings was 8,432 men and 9,107 women, a total of 17,539. A year ago 95 Institutes were held in the same territory with an attendance of 8,455 men and 7,409 women or a total of 15,864. This is an increase this year of 1,675 in total attendance, and an increase of 1,698 in attendance at women's meetings.

Honor Roll of Glennwood School. Correspondence of The Robesonian. Pembroke, March 13—Honor roll of Glennwood school for month beginning Feb. 10 and ending March 9th: 6th grade—Viola M'White, Jerry Townsend, Archie McNeill; 4th grade—Gaston Lewis, Loyd Pevatte, Calvin Hatchel; 2nd grade—Bertha Bullard, Charlie McNeill; 1st grade—Nellie Culbreth, Norman Townsend, Levi Hatchel. BESSIE CASHWELL, Teacher.

ACT QUICKLY Delay Has Been Dangerous in Lumberton Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of evidence of their worth. J. T. Williams, Garden St., Marion, N. C., says: "I became all run down as the result of kidney trouble and the best doctors in the state held out no hope for my recovery. I suffered from rheumatic twinges throughout my body, and was nervous and didn't sleep well. The kidney secretions were scanty and scalding in passage and caused me much distress. A friend finally advised me to try Doan's Kidney Pills and although I had but little faith in them, I began using them. In a few days I felt better. I was soon on the road to recovery and can now say that my cure is permanent." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Props., Buffalo, N. Y.

Children Cry FOR FLETCHER'S CASTORIA GENERAL NEWS ITEMS Harry K. Thaw was acquitted Saturday at New York of conspiracy in escaping from Matteawan, but he faces a renewal of the determined efforts of New York State to send him back to the asylum. Almost endless litigation seems to be in sight as a result of the verdict. Newport News, Va., dispatch, 13th: Struck on her starboard bow and literally cut in two by the Norwegian steamer Laly the American schooner William J. Quillin sank within five minutes off Cape Hatteras light ship at 2 o'clock this morning. Immediately following the crash the vessels swung together and the captain and crew of seven on the schooner clambered aboard the steamer, two of the men being barely able to get from their bunks to the Laly before the sailing vessel plunged to the bottom. Count Sergius Julovich Witte, Russian first Prime Minister and regarded as one of the most remarkable men his country has produced, died at Petrograd Friday night of influenza. He was born June 29 in Tiflis. He was one of the Russian plenipotentiaries at Portsmouth, N. H., in the negotiations for peace with Japan in 1905.

HOW FRENCH PEOPLE CURE STOMACH TROUBLE A household remedy of the French peasantry, consisting of pure vegetable oil and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

DYESTUFFS SUPPLY OUT

Grave Situation Confronts the Textile Industry. Charlotte Observer, 16th. That a situation of unprecedented consequence confronts the textile industry of the country by reason of the inability to get any more dyestuffs as a result of the enforcement by Great Britain of its embargo on the shipment of any more German-made goods is the consensus of opinion on the part of Charlotte manufacturers generally. Announcement was made yesterday that the Highland Park Manufacturing Company has withdrawn all quotations on ginghams and will sell what it has on hand and what it will manufacture before its supply of indigo is exhausted at its own prices, determined by the conditions that arise. Other mills on colored goods are following the same policy and the belief is prevalent among the best posted mill men that a majority of the textile plants of the country on colored goods will be forced to go on short time or close down completely before six weeks have passed. According to the Charlotte representatives of the various dyestuff houses, notably the Farbwerke-Hoechst Company, the Berlin Aniline Works, A. Klipstein and others, all of which maintain Southern offices in this city, the textile industry is now confronted with a situation that demands the most careful consideration. They say that there is less than six weeks supply of dyestuffs and chemicals in the country used in the popular textile processes, and the announcement by Great Britain of her more rigid embargo on all goods of German origin means that no more dyestuffs will be received. This places the cotton manufacturing interests of this country in the position of being forced to do without any colors after the present supply and that which is now on the water en route to America, has been received. Unable to manufacture dyestuffs in the country and the only source of supply left being what comes from Switzerland and a few other places, the gravity of the situation may be appreciated.

Conservation. Under the provisions of a law enacted at the recent session of the General Assembly, towns and counties will be enabled to send tubercular patients to the sanatorium at Montrose for treatment. Heretofore fraternal orders and churches have had this privilege, they simply paying \$1 a day until such time as the patient is discharged. In every community there are persons afflicted with the disease who are unable to receive treatment, and the authorities of cities and counties have not been able to furnish it. Under the new law a town or county can avail itself of the privilege, and where they are no local hospitals for treating tuberculosis, the provision will be a blessing. The State also appropriated \$10,000 to be used in extension work, and as physicians report cases to the State board of health everything will be done in reason to help the patient get well. The reclaiming of tubercular persons and the prevention of disease will be worth more to North Carolina than furnishing asylums for worn-out drunks, as humane as this is. North Carolina has about reached the point where the State is prepared to do almost as much for her people as for her hogs and cows.
