WOODMEN PICNIC JULY 5

Thousands of Woodmen Expected in Lumberton on That Occasion—Chamber of Commerce Appoints Committee to Decorate Town and Co-operate with Woodmen in Preparing to Take Care of Crowd—Races, Parade, Big Picnic Dinner—Mr. W. J. Bryan Invited But It is Hardly Expected That He Can Come.

At a meeting of the Chamber of Commerce Tuesday evening at the court house, Messrs. J. P. Townsend, D. D. French, W. O. Thompson, P. P. Green and E. G. Sipher were appointed a committee, the first-named being chairman, to decorate the town for the Woodmen of the World picnic which will be held in Lumberton July 5. The two last-named represent the Woodmen. It is expected that from 3,000 to 5,000 people will visit Lumberton on that occasion and preparations are being made by the Woodmen to entertain all Woodmen at a picnic dinner.

This is really going to be a Woodmen's day and picnic but of course the town of Lumberton is going to assist in every possible way to make all visitors enjoy the day. President J. P. Russell called the meeting of the Chamber of Commerce Tuesday evening for the purpose of determining what could be done. Mr. E. G. Sipher, speaking for the Woodmen, said that financial assistance was not needed or asked for, that the Woodmen expected to take care of that end, but that they wanted the co-operation of the Chamber of Commerce and the business men of Lumberton in order to swell the attractions. Mr. Sipher said he thought a conservative estimate of the number of people that might be expected would be 2,000 to 3,000, and that if there were some star attraction the crowd might reach 6,000. There are some 700 Woodmen alone right around Lumberton.

There will be foot races, bicycle races, parade and a picnic dinner. The dinner will be spread in Mr. J. P. Townsend's park at the foot of Sixth street, at the overflow well or, if it is seen that the crowd will be too large to be accommodated there, it has been suggested that Sixth street from Elm to the river be roped off. The speaking will be where the dinner will be served. There will not be much speaking. It has been decided not to go outside the order of speakers. Mr. W. J. Bryan has been invited, but nothing has been heard from him. It is hardly probable that he will come. State Senator G. B. McLeod suggested that a committee representing the Woodmen and the Chamber of Commerce go to Asheville the last part of this week and invite Mr. Bryan in such a way that he would be apt to accept, and Mr. Sipher was asked to get in touch with Mr. Bryan by wire and find out when he would be in Asheville, but later the Woodmen decided that would make the occasion assume proportions larger than they were prepared to cope with, and the idea was abandoned. Mr. Bryan would cause the town to be overrun with people and they would be welcome, of course, but the Woodmen feel that they would not be able to take care of the crowd.

Mayor White thought the merchants would help but did not think much of the idea that was first suggested of having floats. They were more trouble than they were worth, and there was nothing in the occasion that called for floats. Mr. J. P. Newman, manager of C. H. Cartee's store, was of the same opinion.

Senator McLeod thought Lumberton should loosen up and help to have a big occasion. He wanted to go after Mr. Bryan in such a way as to be sure to get him, and predicted that if that were done there would be 20,000 people in town.

Anyway, whether Mr. Bryan comes or not, the Woodmen picnic on the fifth will be a great occasion and there will be a large crowd in Lumberton on that day.

Bryan Can't Come

It is learned from a news item in today's Greensboro Daily News that Mr. Bryan will deliver an address at San Francisco on July 4, hence of course he cannot be in Lumberton on the 5th.

RUSSIANS LOSE LEMBERG

Galician Capital, Occupied by Russians Early in September, Captured by Austro-German Forces—Teutons Predict Blow Will Prove Crushing to German Arms—Berlin and Vienna Joyful Over Victory.

London Dispatch, 23d.

The Russians have lost Lemberg. They occupied the Galician capital early in September and held it continuously until Tuesday, when the combined Austro-German forces compelled them to retreat from the city, which is only sixty odd miles due west from the nearest point of the Russian frontier.

Whether the fall of Lemberg means that the Russian army operating south of it in Southern Galicia is effectively cut off from the army to the north stretching across Poland to the Baltic, cannot yet be said. Vienna and Berlin newspaper say this is the case, and that the Russian arms have received a blow from which they cannot recover.

If the stroke proves as crushing as the Teutons predict, its effect, military observers here say, soon should be felt in the transfer of vast German forces to the West, where for days they have been harried by the French.

Up to 10:30 o'clock tonight Petrograd had not conceded the fall of Lemberg. Previous dispatches from the Russian capital, however, related details of what purported to be the systematic withdrawal of the Russians from the town and if these details should prove correct it is believed in military circles that when the count is taken of the Austro-German booty it will not be large, for, as was the case at Przemyśl, the Russians are said to have worked hard to move everything of military value.

Telegrams from Vienna concerning the capture of Lemberg and recounting the celebration of the populace in Vienna over the victory and that the newspaper correspondents with the Teutonic armies pay tribute to the magnificent rear guard action fought by the Russians, who are declared to have retreated eastward in good order, leaving behind few prisoners and even removing the Russian documents from the city which, since the Russians occupied it, has been called by them Lwow.

One telegram from Vienna says Emperor William and Emperor Francis-Joseph purpose to meet soon in the re-captured Galician capital for "fitting ceremonies to mark the end of Russian's dominance of Galicia."

The news of the fall of Lemberg was known on the continent yesterday but it did not reach London until late today. Then bulletins arrived almost simultaneously by wireless from Berlin and Vienna by way of Amsterdam. The British press had been expecting such a development and there was no more than passing comment on it, though it drove home, according to military observers, the fact how ample must have been the Austro-German ammunition supply to accomplish the feat.

Berlin and Vienna are reported joyful over the victory of their forces. Archduke Frederick of Austria, commander-in-chief of the Australian forces, and General August Von Mackensen, of the German army, both have been made field marshals of the Prussian army in recognition of their services in the Galician campaign.

On the river Dneister, south of Lemberg, the battle still rages.

Trying to Find Out About Hotel.

At the meeting of the Chamber of Commerce Tuesday evening, after consideration of the Woodmen picnic, President J. P. Russell brought up the question of a hotel and expressed the opinion that it would not be amiss for the Chamber of Commerce to ask the Lumberton Hotel Co. to make some definite announcement of its intentions in regard to building a hotel. He said that if the company has no idea of building soon and would say so, perhaps some private parties would build, but that no private parties would build so long as there was uncertainty as to what the Lumberton Hotel Co. would do, for this company would command the majority of the trade, since so many business men of the town are interested in it. It was the sense of the meeting that it could do no harm to ask for the information desired, but the majority of those present were of opinion that nothing could be done, that the hotel company could not say definitely when it would be able to build and that it would not be willing to obligate itself not to build. The meeting was not largely attended.

Miss Harriet Humphrey, a saleslady at White & Gough's department store, returned this morning from St. Pauls, where she visited her parents, Mr. and Mrs. R. B. Humphrey.

Heavy Wind and Rain Near Pembroke Monday—Mule Killed by Lightning.

The rain Monday afternoon was much heavier in some other sections of Robeson than at Lumberton. Mr. W. H. Edwards, who was in town Tuesday, reports that at his place, between Moss Neck and Pembroke, the hardest rain he ever saw fell for about 20 or 30 minutes between 4 and 5 o'clock. Water flowed in a stream around his house. Tobacco in a field of 18 acres on his place was beaten down, and Tuesday morning much of his corn was lying flat, some of it broken and whipped to pieces. It was impossible to tell then just how much damage was done. The wind took off a part of the top of one Mr. Edwards' barn. The heavy rain and wind seems to have been confined to a small area. Mr. Edwards saw no damage on the way to Lumberton except at what is known as the Culbreth place, where he noticed some trees blown down and two chimneys partly blown off. A mule belonging to Chas. Oxendine, near Pembroke, was killed by lightning the same afternoon and Mr. Edwards heard of a cow being killed by lightning near Pembroke during the same storm, but he did not know to whom the cow belonged.

Indian Shot in Hand by Negro—Thought to be Accident.

Libby Ammons, Indian, was shot in the hand by Billie Jones, colored, at Raft Swamp Tuesday morning. Ammons and Jones both are in the employ of the Beaufort County Lumber Company. It seems that Ammons was not working Tuesday but was taking a day off. Jones went to Ammons' home Tuesday morning after a bucket of water and as he went into the yard he saw Ammons oiling a pistol. He at once went over and asked him to let him see the pistol, which Ammons did. Jones took the pistol and looked at it carefully. While he was inspecting the pistol Ammons turned his head a little and when he did the pistol was discharged, the ball hitting a finger on his right hand and glancing a little inflicting an ugly flesh wound on the arm. Jones gave no reason for the affair more than he did not mean to do it. Jones and Ammons had been on good terms and it is thought that it was accidental. No warrant has been issued yet.

Robeson County Veterans Will Hold Annual Reunion at Rowland July 6—Rowland is Preparing to Entertain the Veterans in Great Shape—Contests and Prizes.

It has been stated in The Robesonian that the annual reunion of Robeson county Confederate veterans will be held at Rowland July 6. Great preparations are being made at Rowland to entertain the old soldiers and all other visitors on that day, as will be seen from the following from this week's Rowlander:

The citizens and committees have been very active arranging for the reunion this week. A mass meeting of the citizens was largely attended Friday night and Mr. W. F. Bristow was elected manager to take the place of Lawyer M. T. Bobbitt, who has typhoid and will be unable to act. Several new committees were appointed and things are booming loudly. Evidently the people of Rowland don't do things by halves.

A grand parade about ten o'clock is to start the day off. This will be led by a number of mounted marshals and citizens and followed by a band float and a float carrying twenty young girls singing the old-time songs. The old soldiers, fire companies and a number of other things will be listed in the parade.

The speaker of the day will be Mr. Joseph W. Little of Wilmington. Mr. H. E. Stacy will deliver the address of welcome to the soldiers and visitors and introduce the speaker.

Congressman Godwin a Lumberton Visitor.

Congressman H. L. Godwin, who has represented this, the sixth, congressional district in Congress for several successive terms, and who no doubt will be in the field during the next campaign, spent last night in Lumberton, and today is out among the farmers of the county. "I am here to ascertain the wishes of the people of this section, and to get first hand their wishes, and not for political purposes," Mr. Godwin remarked. "It is entirely too soon to start the race for Congress, yet," he says. When asked how he felt as to the outlook for his return to Congress, Mr. Godwin declared that it was very satisfactory. Mr. Godwin has many staunch friends and supporters in Robeson, especially among the farmers who, regard him as one who looks after their interest in National affairs. Mr. Godwin is a guest of Mr. W. K. Bethune, who is clerk to the committee on reform in the Civil Service, of which Mr. Godwin is chairman.
