

MEALS ARE NEVER LATE

WHEN you're behind with your work, with only a few minutes in which to get supper—then the handy NEW PERFECTION Oil Cookstove helps you to hurry.

It lights at the touch of a match, and cooks rapidly like a gas stove. It regulates high or low, merely by raising or lowering the wick. It is easy to operate, easy to clean, easy to re-wick.

Sold in 1, 2, 3 and 4 burner sizes by hardware, furniture and department stores everywhere.

NEW PERFECTION OVENS take better because a current of fresh hot air passes continually over and under the food—drying out the steam, and preventing soggy-ness. This is an exclusive NEW PERFECTION advantage.

Use Aladdin Security Oil or Diamond White Oil to obtain the best results in oil Stoves, Heaters and Lamps.

DEMONSTRATION RESULTS

Result of Demonstration Work in North Carolina Since 1910.

Raleigh News and Observer.
 The result of demonstration work in North Carolina since 1910 for cotton and corn has just been given out in a report submitted by Mr. Bradford Knapp, special agent in charge of Farm Demonstration in the South. Comparative tables are arranged in which are shown the production per acre under demonstration and the production per acre not under demonstration. The average number of pounds of cotton per acre increased from 1332.70 in 1910 under demonstration to 1452.8 in 1914. The number of pounds per acre in the acreage without demonstration show an increase from 681 to 849 pounds. In like manner, the number of bushels of corn under demonstration per acre increased from 43.4 in 1910 to 45.9 in 1914; while the acreage not under demonstration produced an average of 18.6 bushels in 1910 and increased to 20.3 in 1914. From this, it is argued that the demonstration methods have, in fact, exercised influence apart from the land directly under demonstration. The whole realm of cotton and corn growing has felt the good of the work.

The following table shows the detailed results:

Year	Dem.	No. Dem.
1910	1332.70 lbs	681.0
1911	1591.5	861.0
1912	1358.0	813.0
1913	1185.8	707.0
1914	1452.8	849.0
Corn		
1910	43.3 bu.	18.6 bu.
1911	42.6	18.4
1912	45.1	18.2
1913	45.1	19.5
1914	45.9	20.3

Will Put on Books Taxable Property That Has Escaped.

Statesville Landmark.
 The corporation commission, in its capacity as State tax commission, has appointed three traveling auditors who will go into each county in the State and look after the tax returns. Their special business, it is said, will be to look after the license taxes, income and inheritance taxes and other sources of taxation that might otherwise escape. The Landmark is of the opinion that these traveling auditors, if they are fit for their jobs—and it is understood they were selected with special reference to their fitness—are going to put on the tax books much taxable property that has escaped. Under the system of leaving these matters to county officials, it is often the case that through incompetence, fear or favor, many people escape taxes. These auditors will not be responsible to local authorities and will not be subject to local influence. As long as local influence controls in such matters the law will often be ignored in dealing with friends.

Malaria or Chills & Fever

Prescription No. 666 is prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c.

BUREAU OF INVENTION

Edison Will Head New Board of Civilian Inventors for Navy Department—Daniels Wants Inventive Genius to Solve New Problems of Naval Warfare.

West Orange, N. J., Dispatch, 12th. Thomas A. Edison has accepted an invitation from Secretary Daniels to head an advisory board of civilian inventors for a bureau of invention and development to be created in the Navy Department. His acceptance will go forward immediately to Washington, where the new plans await word from the man "who can turn dreams into realities."

Mr. Daniel's idea of utilizing the inventive genius of Americans in and out of the military and naval service to meet conditions of warfare shown in the conflict on land and sea in Europe, is outlined in a letter written last Wednesday asking Mr. Edison whether, as a patriotic service to his country, he would undertake the task of advising the proposed bureau. The plan is to have several men prominent in special lines of inventive research associated in the work.

Among the great problems to be laid before the investigators, the Secretary mentioned submarine warfare, adding that the felt sure that with Mr. Edison's wonderful brain to help them the officers of the navy would be able to meet this new danger with new devices that will assure "peace to our country by their effectiveness."

North Carolinian in British Army Wants to Get Out.

Washington Special, 8th, to Greensboro Daily News.
 Officials of the state department have taken steps to secure the release from the British army of Steve B. Tessier, a brother of F. M. Tessier of Franklin, N. C. Steve Tessier is not yet 19 years

England on a cattle ship with several other Americans. After arrival he appears to have engaged in a convivial bout with his comrades. After the mists cleared away Tessier found he had been enlisted in the British army and was being drilled for the front. He communicated with his people and Director of the Census Rogers has taken up the matter with the state department.

Many young Americans have been inveigled into enlisting in the British army heretofore. The policy of the British government has been to release them upon proper request. It is quite probable that young Tessier will be released.

GENERAL NEWS ITEMS

Philadelphia bade good-bye to the Liberty Bell on the 5th. Escorted by a national guard brigade, the old Revolutionary relic passed between lanes of thousands of persons to the Pennsylvania station, was hoisted on a specially constructed car and amid cheers left for the Panama-Pacific Exposition. Six months will elapse before it will be returned to Independence Hall.

Silas Turner, a prominent planter of Jones county, Ga., was shot in the back of the head and killed last Monday when he went to the home of Thomas Brooks, colored, to collect a bill. An all-day search of officers and friends failed to locate the murderer. Two negroes were killed by infuriated friends of Turner shortly after the murder.

In explanation of the part J. P. Morgan & Co. of New York has taken in the furnishing of war supplies for the European Nations at war, it has been stated authoritatively that the firm had handled more than \$500,000,000 worth of contracts for the account of foreign Governments since the war began.

Diarrhoea Quickly Cured
 "About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Fuquay, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.

Blindfolded Tire Buyers

This is to point out the way to the light.

Tires which seem identical are often most unlike. There are dozens of standards. The fierce competition compels many a compromise, affecting what you seek.

Features Which Cost Millions

Goodyear Fortified Tires have

five great features found in no other tire.

have others which are rare—hidden features, never missed until the tire meets trouble.

These Goodyear extras, on this year's output, will cost us \$1,635,000. Our 1915 improvements alone will cost us

Goodyear Service Stations Tires in Stock R. D. CALDWELL & SON LUMBERTON, N. C.

Willie Bell, a negro, the first person to die in the electric chair in North Carolina on any other than Friday, paid the death penalty in the State prison at Raleigh Thursday. Bell was sent to the chair from Durham county, where he was sentenced to death for the murder of B. N. Mann, a merchant. Bell confessed the killing before he was sentenced.

Frank P. Graves, a wealthy lawyer and promoter and president of the North Carolina Land Co., which has extensive holdings at Bolton, Columbus county, where a large settlement and development enterprise was started about a year ago, was found dead Thursday on the floor of the garage at his home at Lake Forest, a suburb of Chicago.

Chew "Bobs" 5c. the packet or two "Bobs" for a cent at all the better stands and stores.

WHAT are they, Ernestine?
 Why, little heart-shaped hunks of the chewiest chewing gum, all coated over with peppermint candy—a new chew to the gum and a new pep to the peppermint.

All Dealers Sell "Bobs"
