

### Get the Building And Loan Habit

No matter if we do start on the right road to somewhere, we'll never arrive unless we keep on moving.

This is especially true of savings in a building and loan association. It is your duty to begin now to regularly place aside a portion of your savings for a definite purpose. Consult a director or the secretary of the Robeson Building and Loan Association and let him give you advice, how to

### ALL OUT OF SORTS

Has Any Lumberton Person Never Felt That Way? Feel all out of sorts? Tired, Blue, Irritable, Nervous? Back feel lame, and achy? Perhaps it's the story of disorderly kidneys—Bad blood circulating about; Uric acid poisoning the body. There's a way to feel right again. Stimulate the sluggish kidneys. Do it with Doan's Kidney Pills. Doan's are recommended by many Lumberton people.

Here's one case.

Mrs. G. E. Thompson, 317 First St., Lumberton, says: "I was nearly laid up with my back. I never had anything bother me like that constant, dull pain through my kidneys. I had no ambition, felt tired out and drowsy. My back ached so badly I could not rest well. My kidneys didn't act regularly and gave signs of inflammation. Seeing Doan's Kidney Pills advertised, I got a box at McMillan's Drug Store. A few doses relieved me and since I used two boxes, my kidneys have been normal and my back has been in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Thompson had. Foster-Milburn Co., Props., Buffalo, N. Y.

### ALLENTON NEWS NOTES

Panic Over—Preparing to Live at Home—Protracted Meeting Begins Oct. 10—Marriage of Miss Cora Britt and Mr. Henry Taylor—Personal.

Correspondence of The Robesonian.

Allenton, Oct. 4—Picking cotton seems to be the order of the day. People are having fine weather to gather crops.

Mr. and Mrs. Enoch Britt of the Long Branch section were visitors at the home of Mr. J. A. Taylor Sunday.

Mr. Johnnie Baxley of Chadbourne spent the week-end at the home of Mr. W. F. Baxley. Glad to report Mr. J. A. Taylor, who was taken sick last week, able to be out again.—Mr. and Mrs. William Phillips of Pee Dee visited relatives Sunday.—Sorry to report Mrs. Luther Baxley on the sick list.

Mr. and Mrs. Don M'White moved last week from their home 3 miles east of town to the Lumberton cotton mills.

Judging from the way people are buying cows, the panic must be about over. Mr. J. F. Taylor purchased last week a fine cow from Mr. H. T. Flowers.

Mr. and Mrs. James Taylor of the Globe Swamp section were visitors at the home of Mr. M. R. Phillips Sunday.

Judging from the hogs in this community, people must be preparing to fight hard times next year. They are planning to raise their hog and hominy at home. That is the right thing to do. People have been planting too much cotton. Plant less cotton and more corn, peas and potatoes, and they will get a better price for their cotton another fall than they are getting this fall.

Our protracted meeting will begin at Antioch next Sunday, Oct. 10. Rev. E. L. Weston will assist the pastor, Rev. W. R. Davis, in the meeting, which will probably last for a week or ten days. Everybody is cordially invited to attend the meeting.

It seems that people will get married in spite of hard times. Mr. Harry Taylor and Miss Cora Britt were married at the home of bride's father, Mr. T. O. Britt, Sunday p. m. Quite a large crowd witnessed the ceremony, which was performed by Rev. J. M. Fleming.

Mr. Walter West is all smiles: it's a girl.

Taylor Says, "Most Delightful"

Most tailors suffer from constipation. G. W. Roberson, Wichita Falls, Tex., says: "I find Foley Cathartic Tablets the most delightful, cleansing cathartic I have ever taken." They keep the stomach sweet and liver active, and drive away biliousness, bloating, headache, dullness and other results of clogged bowels. Sold everywhere.

### Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

### THEFORD'S BLACK-DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Theford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one."

Insist on Theford's, the original and genuine. E-57

### TURKISH ATROCITIES

Stories of Horrible Crimes Committed Against Armenians—Evidences of Inhuman Treatment Made Public.

New York Dispatch, Oct. 3.

Documentary evidence of the atrocities inflicted by the Turks upon the Armenians was made public tonight by the committee formed by Charles E. Crane, Cleveland H. Dodge and others to investigate the facts of the Armenian massacres and which also is taking steps to aid sufferers.

The committee states that the evidence was collected from sources that are unquestioned of the writers, but that for obvious reasons their names cannot be given and in most cases names of towns and cities must be concealed.

Quotations are given in the committee's report from 24 sources, some of which describe in detail instances where Armenians have been put to death, women violated and children slaughtered, of robbery, torture, and death by starvation and of terrible privations endured in long marches to the desert regions to which the Armenians have been exiled—crimes described as surpassing "in their horror and cruelty anything that history has recorded during the past 1,000 years."

"The idea of direct attack and massacre, carried out in former times," says one authority, writing under date of August 3, "has been altered somewhat in that the men and boys have been deported in great numbers and disappeared en route and later on the women and children have been made to follow. For some time stories have been prevalent from letters arriving from the interior of the killing of males and of great numbers of bodies along the roadsides and floating in the Euphrates river of the delivery to the Kurds, by the gendarmes accompanying the convoys, of women and children of all the younger members of the parties; of unthinkable outrages committed by gendarmes and Kurds and even the killing of many victims."

A writer tells of the cruel use of the bastinado in a certain prison where Armenians were held.

"At the time of the Romans," he writes, "40 strokes were administered at the very most; in this place, however, 200, 300, 500 and even 800 strokes were administered. A young man was beaten to death within the space of five minutes."

Another authority telling of the expulsion of the Armenian inhabitants, writes:

"They (the men) were sent off toward \_\_\_\_\_ in groups of from 30 to 150. Various reports have been circulated, the only one generally accepted being that they were killed.

"On July 5, before the order for the expulsion of the women was carried out, \_\_\_\_\_ went to the Government to protest. He was told that the order came from those higher up."

WOMEN CARRIED POISON

"The panic in the city was terrible. The people felt that the Government was determined to exterminate the Armenian race. Many of the convicts of the prisons had been released and the mountains around \_\_\_\_\_ were full of outlaws. It was feared that the women and children were taken some distance from the city and left to the mercy of these men. The women believed that they were going to worse than death and many carried poison to use if necessary."

In a similar description of scenes attending the expulsion of Armenians from another community, a writer says:

"By July 6 all the Armenian houses in \_\_\_\_\_ about 1,000, had been emptied of inhabitants and the people sent off. A number of lighters have been laded with people at different times and sent off towards \_\_\_\_\_ It is generally believed that such persons were drowned."

"The 1,000 Armenian houses," the account continues, "are being emptied of furniture by the police, one after the other. A crowd of Turkish women and children follow the police about like a lot of vultures and seize everything they can lay their hands on."

YOUNG AND OLD EXILE

From another Armenian town, an authority reports:

"Those poor exiles were mostly women, children and old men and they were clubbed and beaten and lashed along as though they had been wild animals. About 2,000 have passed through, all more dead than alive; many hundreds have died from starvation and abuse along the roadside and nearly all are dying of starvation and thirst."

Recorded as the testimony of the widow \_\_\_\_\_ of \_\_\_\_\_ a harrowing story is given of the experiences of a party of some 500 Armenians. She and her daughter escaped death by accepting the Mohammedan faith. She says:

"We had got only two hours away from home when bands of villagers and brigands, with rifles, guns, axes, etc., surrounded us and robbed us of all we had. The gendarmes took my money and that from my daughter's neck, also our food. After this, they separated the men, one by one and shot them all within six or seven days—every male above 15 years of age. These bandmen took all the good-looking women and carried them off on their horses.

"We found on the road many of those who had been in previous sections. Some women were among the killed with their husbands and sons. We also came across some old people and little infants still alive in a pitiable condition.

"The worst and most unimaginable horrors were reserved for us at the banks of the Euphrates and in the Organization plain. The mutilat-

How to be Efficient

Nothing saps the vitality like kidney trouble. It causes backache, headache, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble.

### Tires 30x3 1/2 Also 30x3 With Three More Extras

Note that the Goodyear has for years held the leading place. It has proved its supremacy to hundreds of thousands. No other tire has ever won so many users.

Even the 30x3 size is a four-ply tire. And the All-Weather tread on it is made double-thick

These three new extras will this year cost us \$317,000. They will save our users ten times that or more.

Added Size

This year we've increased our small-tire size. We have added 20 per cent to the air capacity—the factor which carries the load.

We have added 30 per cent to the side-wall rubber—just above the bead. That's where constant flexing breaks so many tires. And we've made new molds because

a new design has shown increased endurance.

\$317,000 Extra

No like capacity was ever before embodied in a small-size tire. Yet this year we made another big price reduction.

Get these new extras when you next buy tires. See for yourself what they add to your mileage. Don't take smaller, thinner tires when Goodyears offer these things

LUMBERTON R. D. Caldwell & Son, Inc. People's Garage

ed bodies of women, girls and little children made everybody shudder. The bandmen were doing all sorts of awful deeds to the women and girls that were with us. At the Euphrates the bandmen and gendarmes threw into the river all the remaining children under 15 years of age. After seven days we reached \_\_\_\_\_ Not an Armenian was left alive there. Between there and \_\_\_\_\_ the fields and hillsides were dotted with corpses."

The North Carolina Corn Crop.

The last estimate of the United States Department of Agriculture placed the corn crop of North Carolina at 59,600,000, which is two million more bushels than was produced last year. "It is a remarkable stride forward toward independence," says the University News Letter.

Such an increase is certainly most noteworthy and one of the most marked industrial achievements ever accomplished in the State. This tremendous increase shows what persistent cooperative work will accom-

plish. For seven years now the Agricultural College, the State Department of Agriculture, with the cooperation of the Federal Department of Agriculture, have untiringly worked to secure a bigger corn crop. Through the Boys' Corn Clubs, the Demonstration Agents, Farmers Institutes, Farmers Conventions and through the Experiment Station staff the necessity of growing feed crops has been emphasized both in season and out of season. The results obtained should encourage all these workers to even greater efforts.

The average yield per acre of corn has increased seven bushels since the work was outlined and begun seven years ago but we still need more corn; for that reason the efforts will be continued. With the present acreage it is estimated that an average acre yield of thirty bushels will be needed to supply the State. More live stock and increased population will then create a demand for a still greater increase—which increase the Extension Service Workers will work toward until we have all we want and some to sell.
