VOL XLVI.

LUMBERTON, NORTH CAROLINA, THURSDAY, OCTOBER 14, 1915.

NUMBER 69

CONTRACT LET FOR LIGHT AND WATER IMPROVEMENTS

Tucker & Laxton of Charlotte-Got Contract for Rebuilding Lumberton's Electric Lighting System and Putting in Filter Plant-Latest Improved Street Light.

The contract has been awarded Messrs. Tucker & Laxton of Charlotte for rebuilding the town's electric lighting system and putting in a filter plant. The price to be paid for this work is \$21,800, plus the old-line material. The contract provides that said company shall use the New York Continental Jewel Filtration Co.'s equipment in building the filter plant, use Morris Machine Works pumps for filter and fire, Westinghouse switch boards and transformers. The contract also provides that the company shall use the General Electric Co.'s street lamps and lamp fixtures, including the Holophane refractor equipment. The contract was conditioned upon the successful financing of the proposition.

The work is to begin within two weeks after the company has been notified that the bond money is available.

The bids were opened at 3 o'clock Tuesday afternoon, and while there were twenty-two bids in, that of the above named company was the lowest all-round bid submitted.

As evidence that progress is being made in the matter of rebuilding the electric light system and typical of the quality of the materials to be used, the town commissioners have arranged with the General Electric Company to leave the sample street lighting fixture installed at the corner of Elm and 7th streets.

The last ten years have witnessed radical changes in all methods of lighting. The Tungsten incandescent lamp has supplanted the carbon incandescent lamp, and the arc lamps on streets have given place to Tungsten lamps, thus permitting an increase in the number of lights for a given amount of power.

The fixture installed at Elm and Seventh streets by a representative of the General Electric Co., is the latest product of that company's research laboratory. The old clusters contain seven Tungsten lamps, having a combined candle power of 350. The new fixture contains one nitrogen gas-filled lamp of 250 candle power, giving light of a quality close to approximately sunlight. This lamp is under a large reflector and surrounded by a double glass globe known as a "refractor". Prisms in this "refractor" re-direct the light rays in such a manner as to take away from the light which would naturally fall immediately below the fixture and send the extra light towards the middle of the block, where it is needed. With one of these lights at either end of a 300-foot block an even illumination is secured over the space between them. Anyone can demonstrate this by walking 75 or 100 paces away from the new light and noting how well one can read a watch face and then try the same experiment with the present lights.

Four Hundred Million Dollars Will be Asked for National Defense.

Washington Dispatch, Oct. 13. Four hundred million dollars for national defense—an increase of approximately \$140,000,000 over last year—is the amount President Wilson and his advisers at present estimate should be appropriated by the next Congress for the army and navy. As the date—Friday—for completion of the annual estimates draws near, the President is doing preliminary consideration to the national defense budget, out of which it is hoped to lay down a stronger naval program than the United States has ever authorized in its history and similarly a larger provision for the military establishment than has been customary in time of peace.

Railroad Magnates on Trial

New York Dispatch, Oct. 13. The long pending trial of the directors and former directors of the New York, New Haven & Hartford railroad, which will test the ability of the government to obtain the conviction of the directors of an alleged monopolistic corporation under the so-called criminal clause of the Sherman anti-trust law, was begun here today before Federal Judge Hunt. Three tentative jurors were in the box when the first day's proceedings ended.

Boston Americans Are World's Champions

In the last game of the world series yesterday at Philadelphia the Boston Red Sox of the American Baseball League won the fifth game of a hard-fought series with the Phillies of the National League, this being the fourth successive game won by the Boston team and giving that team the world championship.

Fifteen to twenty fighting ships of the dreadnaught and battle cruiser type, with a proportionate number of sea-going submarines, coast submarines, scout cruisers, destroyers and auxiliaries—enough to make a new fleet—is contemplated by Secretary Daniels for recommendation as a five-year building programme for the United States navy.

In order to secure through taxation the funds necessary with which to run the government of the city of New York during the coming year, the assessed valuation of real estate for the year 1916 has been fixed by the tax department at \$3,149,859,912, which is an increase of \$100,000,000 over 1915.

GREAT BATTLE EXPECTED

Germans and Austrians Encountering Stubborn Resistance in Serbia—Russian Army Has Not Entered Balkans—Greece Will Not Aid Serbia—8 Persons Killed in New Raid by Zeppelins Over London.

Press Summary. With the Germans and Austrians pressing through Serbia, the world awaits expectantly the great battle that must come when the Teutons and their Bulgarian ally meet the British and the combined forces of the Serbs, the British and the French.

The Germans and Austrians are encountering stubborn resistance from Serb forces left behind to check them, and Berlin admits that this resistance has retarded the Teutonic forward movement.

The capture of the Serbian positions south of Belgrade and at other points is reported by Berlin, but Nish claims the Teutons are paying a heavy toll, especially before Lipa, where the battlefield is covered with bodies.

So far as is known the Russian army, which the French premier announced was to fight shoulder to shoulder in the Balkans with the French and British has not yet entered the arena, nor is its point of attack indicated.

The situation in both Greece and Rumania remains unchanged, both the countries remaining neutral. Greece has notified Serbia that she is unable to come to the aid of her treaty ally.

The Russians have gained another victory along the river on the southern East Galicia front. They have pierced the last line of Austrian defenses and stormed one of their strongest points on the Austro-German right flank.

Although this fighting is not far from the northern Rumanian frontier and indicates that the Russians have strong forces here, there is nothing to show that it is in any way connected with the struggle in the Balkans.

On the western line the Germans in Artois have made violent attacks against the Allied positions preceding them with terrific bombardments. At point they penetrated trenches which had been shattered by shells, but everywhere else were repulsed with heavy losses, according to Paris. Elsewhere along the French and Belgian fronts artillery duels have predominated.

In Russia the hardest fighting seems to be in the Dvinsk region where Berlin says the Russian attack against the German line which is endeavoring to capture the city broke down under artillery fire.

Eight persons are known to have been killed and thirty-four injured in a new raid over London by Zeppelins. No great material damage was done by the airships, according to the British home office.

The French government has received a decisive vote of confidence in the chamber of deputies on its war policy. The vote was 372 to 9.

LEVER LAW UNCONSTITUTIONAL

Cotton Futures Act Declared Unconstitutional—Causes Break in Market But Later Market Rallies.

New York Dispatch, Oct. 13.

The cotton futures act of August 18, 1914, known as the Lever law, was declared unconstitutional today by Federal District Judge Hough, because, as a revenue measure, it originated in the Senate instead of the House, as the constitution requires. The decision was rendered in a test suit brought by Samuel T. Hubbard of the cotton brokerage firm of Hubbard Brothers, and others, to recover \$1,000 paid under protest to John Z. Lowe, Jr., collector of internal revenue, under the provisions of the law. Judgment was rendered in favor of the plaintiffs.

After reports of the decision reached cotton traders there was a sharp break in the market. Until then cotton had been firm, with January contracts selling more than \$1.50 a bale over Monday's closing, but news of the decision carried prices down almost to Monday's levels.

Later the opinion was expressed that the decision would not effect existing contracts and rallies of from 10 to 15 points followed. The market remained unsteady until the close, however, and opinions upon the effect of the decision were divergent.

The cotton futures act became operative February 18 and if the higher courts sustain Judge Hough or if the government does not appeal, all of the money collected under the law will have to be refunded.

Although the act placed a tax of two cents a pound upon all transactions in cotton for future delivery, it was openly avowed by its sponsors as being a measure designed to prevent speculation in cotton futures. This form of trading formed a considerable portion of the business done between cotton brokerage firms in the United States and Liverpool. When it became operative trading in futures was curtailed. The business done by two or three large New York and New Orleans firms rapidly dwindled and several prominent cotton brokers prepared to retire.

Superior Court Adjourns.

The second week of court for the trial of civil cases convened Tuesday afternoon without a single jury trial. There were a number of judgments signed however. Judge H. W. Whedbee left Tuesday evening for his home at Greenville. There were no other cases ready for trial.

RECORDER'S COURT

Barney Stubbs Draws Sentence of 6 Months On Roads for Assault—Trouble About Hiring Hands—More Liquor Cases From Howellsville—Other Cases.

The following cases have been disposed of by Recorder E. M. Britt: Barney Stubbs, assault with deadly weapon, six months on the roads. Stubbs gave notice of appeal. The evidence in this case was that Stubbs had been trying to hire some hands that were working for Mr. Robert Gaitley and Gaitley went to the home of Stubbs and asked him to stop trying to hire his hands, as nothing but a scoundrel would do such a trick. Some days after that while at Purvis Mr. Gaitley saw Stubbs cock both barrels of a shotgun and throw the gun into his face. At this stage of the game, which looked very much like a deadly one, Stubbs told Mr. Gaitley that he had insulted his wife, and must go, and go quick, and beg her pardon. Mr. Gaitley denied the charge, but told him that if he had offended any woman, he was man enough to beg her pardon. Mr. Gaitley went to the home of Stubbs and told Mrs. Stubbs that if he had said anything to offend her he begged her pardon. After Mr. Gaitley had done this and the two went back to Purvis, Stubbs told Mr. Gaitley that now he and his wife had made up, so the two men would settle it between themselves. Stubbs still held to the big gun. The row finally ceased and while nobody was killed, things looked gloomy, no doubt to the man before that double barrel gun.

Troy Rhodes, colored, carrying concealed weapons, 90 days on the roads. Nan Thompson and Ella Richardson, disorderly conduct. The case as to Ella Richardson was not pressed. Prayer for judgment was continued as to Nannie Thompson, provided she leave the section of town where she had been residing. Irvin and Jud Dean, manufacturing and selling spirituous liquors without license. The charge as to manufacturing was not pressed, but they were found guilty as to selling. Judgment was left open till tomorrow, when Geo. Allen will be given a hearing on the same charge. Allen was sent to the Federal Court recently, but the grand jury failed to find a true bill. This offense is, however, a different charge from the one for which he was sent to the Federal Court. Both the Deans and Allen hail from Howellsville township.

THE DEATH RECORD

Mr. D. Alex McPhail Answered Early Morning Summons Yesterday—Earnest Church and Sunday School Worker—Funeral Yesterday Afternoon.

Mr. D. Alex McPhail, 59 years old, died at the home of his mother, Mrs. Mattie McPhail, near the county home yesterday morning at 2:30 o'clock, the cause of his death being heart trouble and complications. Deceased had been sick for some two weeks but had improved and worked Monday in the store of Mr. J. A. Branch for whom he had worked for a number of years. Monday night he attended the B. Y. P. U. meeting at the East Lumberton Baptist church and it was after he returned home that he was taken seriously ill. Deceased is survived by his mother, six sisters and a brother. The funeral was conducted from the home yesterday afternoon at 4 o'clock by Rev. W. R. Davis, pastor of East Lumberton Baptist church, of which deceased was a loyal member, being treasurer of the church. Mr. McPhail was an ardent church and Sunday school worker and was also a leading member of the B. Y. P. U. His quiet unassuming disposition won for him many friends who were prieved to hear of his untimely death.

Mrs. Nancy C. Monroe. Mrs. Nancy C. Monroe, aged 68 years, died at her home at Tar Heel yesterday afternoon, after suffering for some time with fever.

Clara Smith, Colored. Clara Smith, colored, aged 16 years, died at her home across the river from town yesterday afternoon at 5 o'clock of pellagra.

Among the Sick.

Mrs. Sallie Nance, who lives in the eastern part of town, is very sick. Miss Annie Bell Johnson of route 2 from Fairmont underwent an operation for appendicitis at the Thompson hospital this morning. The condition of Mrs. J. R. Poole, who, as mentioned in Monday's Robesonian, underwent an operation at the hospital Friday night of last week for appendicitis and complications, continues to improve. Miss Elizabeth Thomas, daughter of Mrs. F. J. Thomas, who underwent an operation for appendicitis at the hospital Saturday night, also continues to improve.

Dr. R. M. Johnson of Scotland Neck, a leading citizen, and philanthropist of eastern Carolina and vice moderator of the Roanoke Baptist Association, died yesterday while the association was in session at Robersonville following an attack of acute indigestion. Editor Archibald Johnson of Charity and Children was speaking when Dr. Johnson, who had just read the report on the Thompsonville orphanage and delivered a brief address, then assuming the chair as moderator retired to a side room and died within ten minutes.

U. N. C. ALUMNI SMOKER

Members of South Robeson Alumni Association of University Enjoy Smoker—First President of University Practiced Law in Lumberton—Ex-Judge McNeill Was Manager of First U.N.C. Baseball Team—Officers and Committees—Banquet Planned for Christmas Holidays.

The South Robeson Alumni Association of the University of North Carolina was most pleasantly entertained at a smoker at the home of Mr. T. A. McNeill, Jr., Ninth street, Tuesday evening. Quite a number of old students of the University were present and all spent a most pleasant evening.

A number of interesting speeches by alumni made the occasion much more enjoyable. In his speech Mr. Jas. D. Proctor revealed the fact—one that few knew—that David Kerr, the first president of the University, at one time practiced law in Lumberton and lived on the McMillan lot opposite the Normant cemetery, Fifth street. It was also learned that Ex-Judge T. A. McNeill of Lumberton was the manager of the first baseball team ever organized at the University.

As a whole the occasion was one of rare pleasure for those who were present and the alumni were greatly enthused and no doubt a bigger spirit of loyalty was kindled.

The following officers were elected for the ensuing year: president, T. A. McNeill, Sr.; vice presidents, H. E. Stacy, Prof. Gunter; secretary, Dixon McLean; membership committee—T. A. McNeill, Jr., Robert Prevatt, N. H. Andrews, Henry Pope, Geo. McNeill; University Extension—H. E. Stacy, J. F. Love, Prof. Mosley, Jas. D. Proctor, Jno. Knox; executive committee—A. W. McLean, Geo. B. McLeod, Wm. Davis, T. L. Northrop, T. A. McNeill, Sr.

It is interesting to note that three members of the South Robeson Alumni are now trustees of the University, namely, A. W. McLean, Geo. B. McLeod and Jas. D. Proctor.

The executive committee was instructed to arrange with the local associations at Red Springs and Rowland for a banquet to be held during the Christmas holidays, the entire alumni of the county to take part. President E. K. Graham of the University will be invited to be present on this occasion.

UP PHILADELPHUS WAY

Folks All Busy—New Road Plover Purchased for Burnt Swamp—Personal.

Correspondence of The Robesonian. Buie, Oct. 13.—Our letter will be short this week, as everyone is busy and news is very scarce; and generally speaking when the people are at work in the country there is not much news.

Miss Mabel Currie and Miss Townsend are spending this morning at Red Springs.—Messrs. Paisley, McMillan, J. B. Humphrey, A. C. McLeod and J. L. McNeill spent yesterday in Lumberton.—Messrs. Charlie Adkinson and John Adkinson spent yesterday at Bladenboro.

The road trustees in Burnt Swamp have secured a valuable piece of machinery, this being a nice road plow. No doubt this means better roads.

Since our last letter to the Old Reliable, we have secured a new Ford from the Robeson Auto Co., Lumberton and are now ready again to do delivery work at the right prices. Mr. A. Britt spent Tuesday in Lumberton.

Elrod Echoes—Movements of the People.

Correspondence of The Robesonian. Elrod, Oct. 13.—Mr. and Mrs. J. M. McCall spent Wednesday in Lumberton.—Mrs. Anna J. McCall spent Saturday night and Sunday with friends near Pembroke.—Mr. R. H. Poole was in Rowland Monday.—Mr. W. L. Alston was in Rowland Saturday.—Mr. John Williams of near Maxton was in Elrod Sunday.—Mr. and Mrs. Hatton McLean of McDonald visited Mr. and Mrs. R. H. Poole Sunday.—Mrs. D. H. McCall is visiting friends in McDonald.—Mr. R. D. Jones paid a visit to Rowland Tuesday.—Mrs. Edith Barnard of Pee Dee is visiting at the home of her father, Mr. John Bridges.—Mr. Walter McRae left last Wednesday for Atlanta, Ga., where he will resume his studies at the Atlanta Dental College.

The circus at Lumberton next Wednesday, October 20, is being talked considerably in our neighborhood and very likely a large delegation will attend from this vicinity.

Singing Convention of Burnt Swamp Baptist Sunday Schools. Correspondence of The Robesonian. Lumberton, R. 1, October 13.—The singing convention of the Burnt Swamp Baptist Sunday schools will meet with the Deep Branch school the fourth Sunday in this month. All the schools who compose this convention are expected to be present and a good time witnessed.

G. W. LOCKLEAR, Clerk. Miss Margaret Wilson Will Marry Same Day as Father and Mrs. Galt. A Chicago dispatch of the 13th states that Frank Elbert Compton, a Chicago publisher, is engaged to marry Miss Margaret Wilson, the President's oldest and only unmarried daughter. The wedding is said to be scheduled to take place the same day that Mrs. Norman Galt becomes the bride of President Wilson.

PARKTON PARAGRAPHS

Busy Time—Telephone System Changes Hands—Church Notes—A Fox Hunt—Social and Personal.

Correspondence of The Robesonian. Parkton, Oct. 12.—Our letter of this week will be brief as there is not much news of importance to mention. The stir and hustle on the streets reminds us of a few years ago. From early morn till 10 at night the gins can be heard and you move more of a rush. Our local market for cotton and seed is second to none—and the farmers are bringing it in. We have three regular buyers here—but only one physician.

Last Friday evening Mr. B. A. McDonald, cotton weigher of the Cobb & Johnson ginners, had a right bad accident when his right hand was very suddenly and unavoidably caught in one of the cog wheels and very painfully bruised and for a little more would have been as minus of fingers as Lumber Bridge is of physicians. But we are glad to say he is improving nicely.

The Parkton Telephone Co. has sold their plant to Holmes & McRainey. Some improvements are being made and splendid service is anticipated. We feel that the right men are behind it and things must move and move right.

Rev. J. L. Jenkins, pastor of the Baptist church, preached one of his best sermons on last Sunday morning at 11 o'clock to a very large congregation, holding them spell-bound for about an hour. Mr. Jenkins is a young preacher of much ability and is held in high esteem by all denominations and is daily growing in favor with his people, and he preaches to as few empty pews as any preacher we know of; and we are persuaded his services will be productive and fruit-bearing in days to come.—Rev. H. B. Porter filled his pulpit Sunday night, preaching an able sermon. Rev. H. A. Porter of Whiteville spent Sunday night in town and assisted in the services at the M. E. church.

Prof. J. B. Evans, editor of the St. Paul Messenger, was a pleasant caller this afternoon.—Mr. W. F. Blount and wife of Fayetteville were also callers in town this afternoon. Mr. Blount is still selling musical instruments and has a wide range and does an extensive business in that line, and is one of Fayetteville's most progressive business men.

Next week seems to be show week. Spark's large circus is billed for Lumberton on the twentieth and we only wish we could be there. This year no doubt will be a successful year for shows, as there is some money in circulation.

Mr. S. S. Stephens and wife of Lumberton were noted among the many visitors in our town today.

A very large social affair was that given last Thursday night at the elegant home of Mr. and Mrs. A. M. Stubbs. A large crowd of young people was present and all enjoyed themselves to the fullest. Cream and cake were served.

We are glad to see Mr. A. F. Hughes able to fill his post of duty since a few days of sickness.

Bright and early Mr. J. B. McCormick, with his splendid pack of hounds, passed down the road this morning and soon succeeded in jumping a fox and for more than four hours a finer race you never heard; and just a little before noon returned with the fox. This was the first real race of the season for the above pack.

We have no authority for this statement but we predict that our sister town L. B. will soon establish a sanatorium—just a few more doctors needed.

Mr. A. H. Perry was a Fayetteville visitor today.

News Notes From the National Cotton Mill

Correspondence of The Robesonian. West Lumberton, Oct. 13.—Messrs. Z. R. and L. L. Lynton left Monday for Gastonia in response to a telegram stating that their mother suffered a stroke of paralysis on that day.

Mr. I. E. McAnulty, who has been sick for several days, is able to be out again.

Mrs. Jas. R. Barnes, who has been sick for some time is improving.

The public school opened up here two weeks ago, with Miss Agnes Johnson as teacher, and the prospects are that this will be one of the very best sessions in the history of the school.

COTTON AND COTTON SEED

Midline cotton is selling on the local market today for 11 7-8 cents the pound; strict middling 12 1-8. Cotton seed are selling for 57 cents the bushel.

Reports received by The Robesonian from other seed markets in the country give prices as follows: Rowland 60 cents; Maxton 67 1-2 cents; Fairmont 65 cents; Red Springs 62; McDonald 60 cents.

Master Knox Andrews, son of Mr. and Mrs. N. P. Andrews, who last week developed a case of diphtheria, is able to be up today.

Dr. and Mrs. N. A. Thompson, Miss Maude Watson, superintendent of nurses at the Thompson hospital, and Mr. Ed Ranck left yesterday morning at 6 o'clock and drove through in 4 hours to Raleigh where Dr. H. A. Royster had arranged for Dr. Thompson and Miss Watson a surgical clinic of five patients, Miss Watson giving the anesthetics and Dr. Thompson assisting in operation. They all report a fine time, a good road and only 112 miles from Lumberton. They returned last night.

WEEKLY WEATHER FORECAST

Issued by the U. S. Weather Bureau, Washington, D. C., for the Week Beginning Wednesday, October 13, 1915.

For South Atlantic and East Gulf States: Partly cloudy weather with occasional showers is probable Wednesday and Thursday, and generally fair weather thereafter. Temperatures will be near and slightly above the seasonal average.

BRIEF ITEMS OF LOCAL NEWS

—Mr. E. Haggerty is in town today advertising the Hagenbeck-Wallace show which will exhibit in Fayetteville Tuesday of next week.

—On account of increase in business the Thompson hotel has leased the Griffith cottage, Fourth and Walnut streets, and has fitted up four bedrooms there.

—Mr. C. W. Bullock and daughter Miss Cattie, of route 1 from Fairmont are among the visitors in town today. Miss Bullock is taking the teachers' examination.

—Dr. W. W. Parker went yesterday to Wilmington to attend the fall reunion of Scottish Rite Masons, of which he is a member. He will return home this evening.

—The Tar Heel Minstrel Company, Lumberton talent, will give a performance in the auditorium at Flora McDonald College, Red Springs, Monday evening of next week.

—Thirty-one—three men and twenty-eight women—are taking the teachers examination here today. As has been mentioned in The Robesonian examination for colored teachers will be held tomorrow and Saturday for Indians.

—Mr. Stephen Davis of route 1 from Buies was among the visitors in town Tuesday. Mr. Davis says he is preparing to plant an acre in wheat this winter. He says that quite a number of farmers in his section will plant wheat.

—Dr. L. L. Whiteley of Monroe has located at Lumber Bridge for the practice of medicine. Dr. and Mrs. Whiteley arrived at Lumber Bridge Saturday from New York, where Dr. Whiteley had been taking a special course in medicine for the past two years.

—Mrs. M. A. Stephens and daughter, Miss Ethel and Mr. E. M. Kismam of Evergreen were among the visitors in town yesterday. Mrs. Stephens reports the condition of her husband, Rev. M. A. Stephens, who has been very ill for several months, unimproved.

—A meeting of the guarantors of the Radcliffe Chautauqua to be held in Lumberton this month will be held in the commissioners' room in the court house tomorrow evening at 7:30. This is a most important meeting and it will be to the interest of all the guarantors to be present.

—License has been issued for the marriage of Ambrose Davis and Florence Bruce. In the list of marriage license published in Monday's paper it was stated that license had been issued for the marriage of I. A. Smith to Elga Wall, when it should have been Andrew Stankwyth to Elga Wall.

—Not the least of the good things that the delightful month of October has to its credit is the delicious Luola grape. When other grapes are gone the Luola comes and it is a delight. The editor is indebted to Mr. George W. Lennon of Lumberton for a liberal supply of these grapes from his farm in Columbus county.

—Mr. M. J. Merritt, representing Mr. J. W. H. Fuchs of Wilmington, is in town today making investigations with the view of Mr. Fuchs opening up a department store in Lumberton. Mr. Fuchs is one of Wilmington's leading dry goods merchants. It is not yet definitely known that he will open up a branch store here but his coming is considered very probable and he would be welcomed.

—While in Washington some time ago Mr. Thos. J. Pence, who is in charge of the publicity work of the National Democratic Committee, got Mr. A. W. McLean of Lumberton to help him select a suitable campaign pin for use now. The "Safety First" button, bearing the likeness of President Wilson, which some people hereabouts are wearing is a result. Mr. Pence sent Mr. McLean a supply to distribute as soon as the buttons were obtained.

—Mr. Colin Phillips of Lumberton has just received a letter from his brother Mr. J. M. Phillips, who left here last spring to join the British army, in which he says that he has just received his commission as second lieutenant of the Black Wasp regiment in Scotland. Mr. Phillips is expecting to go to the front at any time, and would have been there now had he not been promoted, as the regiment to which he formerly belonged has just gone. Mr. Phillips spent several years in Robeson and many friends throughout this section.
