

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make it Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scaggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—anytime—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Defying Death

What is probably the most perilous, hazardous and sensational performance ever conceived is called the "Death Ride," and is executed daily by the Great Reynard outside the show tents of the Sparks World Famous Shows, which are billed to exhibit here Oct. 20.

The paraphernalia for this sensational act is so cumbersome and the space required for its erection is so great that it is necessarily given as a free outside attraction, and takes place just after the street parade. The Great Reynard, in what is billed as the "Last Word in Human Hazard," rides down a hundred foot ladder incline while, blindfolded, mounted insecurely a-top of a unicycle. The hazardous part of this marvelous performance lies in the fact that the Great Reynard is blindfolded and can not see to maintain the perfect balance that is required in order to successfully accomplish this wonderful performance. Should he in the least lose his sense of direction or his balance he would fall from the ladder to the earth far below.

This act is conceded to be the greatest thriller ever presented and the public are invited to witness it free just after the street parade.

ADVERTISE in The ROBESONIAN

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy'us jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just-jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and—the classy pound crystal-glass humidor with the sponge-moistener top that's not only a joy'us thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here is Casimiro Irado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1822, when he was a lad of 12 summers. Irado has been a smoker all his life, and today he seeks no dearer, no truer friend than his old jimmy pipe. Irado has just been elected a member of the Prince Albert' old-time jimmy-pipers club.
