WILL FURNISH ROOM AT HOME FOR CONFEDERATE WOMEN

Robeson Chapter Will Raise Money for That Purpose—Business Meeting.

At a business meeting of Robeson Chapter, Daughters of the Confederacy, Tuesday afternoon at the home of the president, Mrs. E. K. Proctor, it was decided to raise money to furnish a room at the home recently completed in Fayetteville for wives of Confederate soldiers. The amount required is about \$75. Mesdames Irvin Jenkins, R. E. Lewis, L. T. Townsend and N. A. Thompson were appointed a committee to solicit funds for this purpose and this committee will report what progress has been made at another meeting which will be held at the home of Mrs. Proctor Tuesday afternoon of next week.

At the meeting Tuesday afternoon a report of the district meeting held recently at Red Springs was made by the delegate to the meeting, Miss Mary G. McNeill; and Mesdames Irvin Jenkins and N. A. Thompson, delegates, made a report on the State convention held in Charlotte from the 5th to the 8th inst.

DATES CHANGED

Farm Products, Live Stock and Poultry Exhibit Will be Held Dec. 1, 2 and 3.

The time for the Farm Products, Live Stock and Poultry Exhibit, which was to have been held in Lumberton November 10, 11 and 12, has been changed to December 1, 2 and 3. The change in the date was made on account of the fact that the committee was unable to prepare the premium list as early as was expected.

State Publicity Bureau to be Incorporated—Mr. A. W. McLean Presides.

Raleigh Special, 20th, to Wilmington Star.

The North Carolina State Publicity Bureau for Development of Agriculture and Industry, in annual session tonight, determined to incorporate the bureau at once, and designated the following as the officers with which the incorporation shall be perfected: President, H. A. Page, Aberdeen; vice presidents, Clarence Poe, Raleigh; A. W. McLean, Lumberton; Hugh McRae, Wilmington; Leon and Turf, Pinhook; R. C. Hood, Greensboro; C. O. Keuster, Charlotte; secretary, J. C. Forester, Greensboro; treasurer, A. A. Thompson, Raleigh.

Mr. Page was detained at home by sickness and A. W. McLean presided tonight. There were fifteen business men prominent in different sections of the State present and taking a lively interest in the work of perfecting the organization and getting down to effective work. Field Secretary Bion H. Butler reported upwards of \$2,500 raised in his canvass thus far.

Embargo on Shipment of Munitions of War to Mexicans Except Carranza.

Washington Dispatch, Oct. 20. President Wilson issued simultaneously today a proclamation establishing an embargo on the shipments of arms and ammunition to Mexico and an order excepting from the prohibition the recognized de facto government of which General Carranza is Chief Executive. The proclamation makes it clear that the United States intends that no forces opposed to the recognized government in Mexico, particularly those of General Villa, shall obtain war munitions from this country.

Co-operative Breeders' Sale.

Mr. A. J. McKinnon of Maxton will conduct a co-operative breeders' sale on his farm near Raemon on November 10. All who desire can take their cattle to the place and sell for 5 per cent of sale and actual cost of feeding. No cattle or hogs, however, will be accepted that do not show good breeding and quality. This is a new plan and no doubt will mean much towards placing better breeds of cattle and hogs in the hands of the farmers and stock-raisers of the country.

Many New Barns.

In traveling through the country one sees many new barns going up. "There's a reason."

Woman Suffrage Defeated in New Jersey.

The defeat of woman suffrage in New Jersey was conceded tonight by Mrs. E. F. Feickert, president of the New Jersey State Woman Suffrage Association.

Her admission was borne out by unofficial early returns from every section of the State, which indicated that the majority against suffrage was decisive.

Indications based on unofficial returns even before midnight were that woman suffrage would be defeated in New Jersey by 50,000 to 60,000.

GEN. METTS COMMANDER

Wilmington Man Succeeds Gen. Carr as Head of State Confederate Veterans—To Prepare True History of North Carolina's Part in Civil War

Raleigh Special, 20th, to Wilmington Star.

The North Carolina Division of United Confederate Veterans tonight elected General J. I. Metts of Wilmington, as major general commanding the Division, in the stead of Gen. J. S. Carr of Durham, resigned on account of having been elected to the command of a Division of Northern Virginia. Other officers elected were: Division Commanders, P. C. Carlton, Statesville; W. L. London, Pittsboro, and R. H. Hicks, Rocky Mount; Major H. A. London, Pittsboro, secretary.

The Division adopted a resolution providing a special committee to raise by private subscription \$25,000 to meet the expense of preparing a true history of North Carolina's part in the Civil War, and appointed on this committee Major General Metts, General J. S. Carr, R. H. Hicks, A. H. Boyden and W. L. London, Col. J. Bryan Grimes made a stirring speech in advocacy of the resolution, and in explanation of the plans for the preparation of the history, which is intended to be written by the very best historian that the State affords.

It is understood that numbers of the leaders in the movement hope to induce Dr. D. H. Hill to resign the presidency of the A. & M. College and devote the next several years to the writing of this history. Already several prominent citizens have pledged subscriptions as large as \$5,000 each and it is expected that the fund necessary will be very soon in hand.

The Association received an invitation through Major General Metts to hold the next annual encampment in the early summer of 1916 in Wilmington. The invitation was backed by the Wilmington Chamber of Commerce and other organizations and was enthusiastically accepted.

WAR NEWS SUMMARY

Serbian Continue Stubborn Resistance—Britain Makes Greece Offer to Side With Allies—War Drags On in Eastern and Western Zones.

The Serbians continue their stubborn resistance to the Austro-German advance in the north, and to the Bulgarians along the eastern frontier. Their lines have been broken at places and some of their towns have been captured, but from all reports the progress of the invaders has not been great.

French and British forces are being landed in large numbers at Saloniki. Some of these have been engaged with the Bulgarians but the greatest effort of France and England is to concentrate sufficient troops at strategic points and along the line of defense to make their service count.

The British government, according to the London Daily Telegraph, has proffered to Greece the island of Cyprus if Greece will enter the war with the Allies. Greece may be given the alternative of plainly defining her attitude in the world conflict.

Diplomacy has been at work at Bucharest, and a Rumanian commission is reported to be on its way to Paris, first having made a brief visit to Odessa.

In explaining in the House of Commons his reasons for resigning from the Cabinet, Sir Edward Carson declared that he held views with respect to the military situation in the East strongly at variance with other members of the Cabinet, and that he felt his presence in the Cabinet would be of no further service. He declared he had acted in the best interest of his country.

Premier Asquith's continued illness has relieved for the moment the tension in England caused by the threatened Cabinet crisis and temporarily quieted the controversy which had arisen over the ministry.

In the Eastern and Western war zones the war drags on. In the West the Germans have been bombarding heavily the district to the East of Rheims, while the French batteries have exploded munitions depots in the German lines on the Aisne.

Except in northwest Russia, the Russians are vigorously on the offensive, and are taking towns and positions from the Austrians and Germans inflicting heavy casualties. Some Petrograd reports.

General von Linsingen's army along the Styx river is on the defensive against the Russians.

Grand auction sale of 35 residence lots in Lumberton and 4 vacant store lots on Oct. 27.

The St. John hotel at Hendersonville, a 120-room pebble-dash structure, was burned Sunday morning. There was \$25,000 insurance and the fire is attributed to defective wiring.

CHAUTAUQUA OCT. 28-30

Three Days of Entertainment Next Week—Guarantors Hope to Realize Enough Money to Start Building a Rest Room—A Town-Boosting Affair.

At a meeting recently at the court house of a few of the thirty-three guarantors of the Chautauqua entertainments which will be given in Lumberton three days of next week—October 28, 29 and 30—the following officers were elected: president, Supt. R. E. Sentelle of the graded school; vice presidents, Messrs. R. D. Caldwell and F. A. Crabtree; secretary, Mr. J. A. Sharpe; treasurer, Mr. M. W. Floyd. Messrs. T. L. Johnson and M. M. McAllister were appointed a committee to provide proper place for holding the Chautauqua and also to provide a piano for use during the entertainments.

In order that the plan may be understood thoroughly by the public it may be well to explain: After the Chautauqua last spring thirty-three Lumberton citizens signed an agreement to stand responsible for the \$300 necessary to secure a similar Chautauqua this fall. Season tickets are \$1.50, entitling one to admission to two entertainments each day for three days, making six entertainments in all.

The entertainments given here last spring by the same bureau—Radcliffe of Washington—were so delightful, and everybody was so pleased that there was no trouble in getting guarantors for a similar Chautauqua this fall notwithstanding the fact that the twenty men who guaranteed the attractions last spring had to make good a small deficit. That was due to the fact that the attractions were not well advertised, to bad weather, and to depressed conditions. No trouble along that line is anticipated this fall. There is even a lively hope that some money may be realized. All receipts above \$300 from sale of tickets is to be divided equally between the Radcliffe company and the guarantors. It is hoped that enough money will be realized in this way to reimburse those who had to make good the deficit last spring and to form a nucleus for a fund to build a rest room for people who visit Lumberton from the country.

Lumberton badly needs a rest room, or community room, and if all who are interested in securing this addition to the town will help boost the Chautauqua no doubt enough money will be realized from sale of tickets to make such a room a certainty in the near future. This is a matter that no doubt will interest the ladies of the Civic Association, who were the first to agitate the matter of providing a rest room.

Every one who sells or buys tickets to the Chautauqua will be certain of getting her or his money's worth and also may be helping to start a fund for a rest room for ladies from the country, a convenience that is badly needed.

Mr. T. F. Barnes Purchases Entire Business of Robeson Soda Water Co.

Mr. T. F. Barnes, who has been manager of the Robeson Soda Water Co since it was organized a few years ago, has purchased the entire business and notice of dissolution of the corporation is published elsewhere in this paper. If he does not take over the Chero-Cola franchise, which he is considering, Mr. Barnes will continue the business under the same name. Mr. Barnes recently erected a building for the plant on the south side of the Seaboard railroad, near the station, moving from the north side of the railroad. At the new plant Mr. Barnes says he has obtained water better suited for his purposes and therefore the quality of his products—ginger ale, Gaylor and a general line of soda water—has been greatly improved. Mr. Barnes has recently installed a Noxall filter, which he says guarantees the purity of his products.
