ON THE MEXICAN BORDER

A Robeson County Boy With Uncle Sam's Troops On the Border—In the Trenches—The Battle of Agua Prieta.

Correspondence of The Robesonian. U. S. Army Camp, Douglas, Ariz., Nov. 2—It seems to be war time here. The battle of Agua Prieta was just across the border from us. Saturday afternoon we were called out 3 miles east of camp to dig trenches and did not get them completed and commenced to finish them up. At 2 p. m. Villa's troops commenced marching in just across the line, and we didn't hesitate to get busy in our trenches. We struck rock and had to blast it. But Monday a. m. 9 o'clock we got them finished, and at 1:30 p. m. Carranza's troops at Agua Prieta opened fire with heavy artillery. At 4 o'clock the rifle fire began between them and last night it was a roar of cannon and rifle fire from both sides and has been going on all day. This p. m. 5:15, they commenced heavy cannon fire but it only lasted 40 minutes.

I am not situated near enough to give you much news for I am in trenches 4 miles from the battle front. We have 4 1-2 miles of trenches and spent last night in the trenches on guard to keep Villa's soldiers from coming across the border. But we caught 2 yesterday just after the battle commenced. They said they hadn't had any food for 48 hours, no water, either, and we gave them some of our food and nourished them up and after night-fall we carried them back to the border line and put them back through and told them to vamose.

Out at our trenches we can't hear much of the rifle fire, but I am in camp now for an indefinite time and can hear the rifles and machine guns barking. Gen. Villa asked Gen. Funston, who took us in charge this p. m. to move the United States soldiers back from the border line so he could take Agua Prieta for Carranza soldiers in Agua Prieta are well entrenched, and he said that he could take the town if he would move them, and he immediately moved U. S. troops five blocks back and told him to go to it, and now there is a heavy fire from both sides.

The 22d holds position on the left flank and the famous old M company is on the extreme left flank. I think Gen. Davis was a wise member for placing us so far away from the battle. There has been reported 6 American soldiers shot in the legs by Carranza's troops, said they mistook them for Villa soldiers; and several sharpshooters have fallen in Douglas, according to the Douglas Dispatch of Tuesday morning, Nov. 2d, but not doing any damage.

Gen. Villa says if he don't succeed in taking Agua Prieta it is his last chance, for his men are without food and water, about 13000 of them. He was looking for the Yaqui Indians to come to his support from the west side of the town.

Well, guess I had better drop off the war question for you Robeson people are too well pleased with this year's crops and prices to read about war. But I will write again if you all want the news of the war, if this don't find its way to the waste basket. The dear old paper came to me in the trenches yesterday.

**Good Health
Doubles the Value
of Your Services**

A half sick man is not worth half pay. A man or woman in poor health makes a poor leader, a poor sort of a parent.

The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feeling.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Peruna Tablets to the fluid Peruna.

WAR NOTES

The young men of England are warned by the Earl of Derby, who has under his direction recruiting for the British armies that if they do not come forward voluntarily before November 30 for enlistment, unless it can be shown that they are indispensable in their present employment the Government will take compulsory means to secure their services under the colors. The British House of Commons has agreed to a new vote of credit for war purposes amounting to \$2,000,000,000.

The war is now costing Great Britain \$21,750,000 a day and the cost is on the increase.

Indescribable Panic On Ancona Re-sponsible for Loss of Many Lives London Dispatch, 11th.

The Italian steamer Ancona was sunk without warning according to information obtained from survivors landed at Malta by the Reuter correspondent and cabled here. The Austrian submarine which overhauled her after a long stern chase gave the commander a brief respite to permit the removal of passengers but the indescribable panic which began among the immigrants on board as soon as the underwater craft was sighted was responsible for the loss of many lives. In a mad rush for safety, men, women and children over-

whelmed the boats, several of which were overturned before they could be lowered. Many of the occupants fell into the sea and were drowned. Passengers agree, the correspondent says, that shots fired around the steamer by the submarine apparently to hasten the loading of the boats, added to the panic.

Horace Jones, the negro who while a "trusty" in the Wake county convict camp entered the home of Associate Justice Hoke of the Supreme Court while the family were at supper and stole a quantity of jewelry and other valuables, was given 20 years in the Satta prison by Judge Peebles in Wake Superior Court last week. Jones is believed to have committed a number of other burglaries while enjoying the privileges of a "trusty".

At a special election Tuesday of last week Asheville voted to issue bond in the sum of \$200,000 for school purposes.

Wonder how the coast artilleryman Mr. Helgram of Ft. Wright, New York, would like to be on the Mexican border where he could watch the battle? Like us, with a trusty 2030 cal. rifle on his shoulder with 5 steel jackets in the magazine. Well, "Aunt Becky", come often. "Rebel Kid", where have you gone? You had better answer this.

All the correspondents, come often, for I like the news from dear old Robeson. Attiose, W. S. McLEAN, (of Bellamy, N. C.) 22nd Inf. Co. M. Douglass, Ariz. Cochise County. [We are sure our readers will join us in hoping that Mr. McLean will

write often. It adds interest to news from the Mexican border to have it written by a boy from Robeson who is now with Uncle Sam's boys.—Editor]. For earache, toothache, pains, burns, scalds, sore throat, try Dr. Thomas' Electric Oil, a splendid remedy for emergencies.
