NUMBER 81

## INTEREST GROWS

### EACH DAY

#### SATURDAY LIVE STOCK DAY

Farm Products, Live Stock and Poultry Exhibit in Lumberton Dec. 2, 3 and 4. Bids Fair to be Big and Successful Event—Bring Exhibits—Prizes May be Given for Some Products Not on Premium List

Each day interest is growing in the Farm Products, Live Stock and Poultry Exhibit which will be held in Lumberton Thursday, Friday and Saturday of next week. The farm products and poultry will be on exhibition the entire three days and Saturday will be "Live Stock" day. All who enter live stock will be expected to have the stock here Saturday morning and carry it away the same day. Many have already made the fact known that they will have something on exhibition. Even from other nearby counties word comes that the folks will be here with something for exhibition.

At a meeting of the officers of the exhibit held Monday night the following committees were appointed: finance, L. B. Townsend, M. F. Caldwell; management, W. P. Barker, J. A. Townsend, V. D. Baker and E. B. Freeman; transportation, Frank Gough, J. Q. Beckwith. The committees appointed have entered upon their duties and will have everything in shape for the opening day. There are perhaps prizes offered for things that will not be brought in. These will be changed for the things brought in for which no prize has been offered. Bring something along whether a prize has been offered for what you have or not. You may get a prize just the same.

The corn club boys will meet on Saturday, also the county teachers meeting will be held on this the last day of the exhibit.

This is an exhibit planned for the purpose of getting the agricultural classes together and let them learn something more than they know of what Robeson is doing along the line of farming and stock raising. Don't be one of the number to miss attending this great occasion.

#### TRUSTEES SUPPORT FACULTY

Graded School Trustees Publicly Assure Faculty and Student Body That No Outside Interference With Discipline of Faculty Will be Tolerated—Board Has Entire Confidence in Fairness and Justice of Measures of Discipline Used by Superintendent and Principal—Work on New Building Expected to Begin Soon

The trustees of the graded school visited the school in a body Tuesday morning, spending chapel exercises, and Mr. L. R. Vasser, chairman of the board, told the faculty and student body that the trustees had looked into some recent matters connected with school discipline, had at a recent meeting given a vote of confidence in the faculty, and that the trustees were a unit in standing squarely behind the faculty in matters of discipline. Some recent unpleasantness made it necessary, it seemed, for the trustees to let it be known where they stood, and they in no uncertain manner let it be known in this manner publicly that they are standing with the faculty and that all who attend the school must be subject to the discipline of the teachers and need expect no sympathy or aid from the trustees in any effort to appeal from the discipline of the superintendent and principal.

Another meeting of the school board will be held next week and at that meeting it is expected that contract will be awarded for the new school building for which bonds in the sum of \$90,000 were voted some months ago. It is expected that this money will be available in a short time and work on the new building will be pushed to completion as rapidly as possible.

#### Town Clerk and Treasurer Page Revisions—School Bond Money Soon Will Be Available

The town commissioners met in called meeting Tuesday night for the purpose of adopting ordinance and form for school bonds. As has been mentioned in The Robesonian, it is now thought that the \$20,000 bond money voted some months ago for erecting a new school building will soon be available.

At this meeting Town Clerk and Treasurer Grover T. Page offered his resignation to go into effect December 23, which was accepted. Mr. Page has made an efficient officer. He has not disclosed his plans for the future.

The town clerk and treasurer and the fire chief were instructed to purchase 550 feet of fire hose.

#### COTTON GINNED IN ROBESON

39,328 Bales Ginned Prior to Nov. 14 This Year as Compared With 49,145 Bales to Same Date Last Year. Mr. D. McP. McArthur one of the two special agents in Robeson of the Census Bureau, advises The Robesonian there were 39,328 bales of cotton, counting round as half bales, ginned in Robeson county from the crop of 1915 prior to November 14, as compared with 49,145 bales prior to November 14, 1914.

## ROAD EXHIBIT ALSO

### WILL BE SENT TO LUMBERTON

State Highway Commission Will Send Its Road Exhibit for Robeson Farm Products, Live Stock and Poultry Exhibit December 2, 3 and 4—Important Addition to the Event—All Who Are Interested in Good Roads Invited to Visit Exhibit—State Highway Engineer Falls May Come—Exhibits Will be in Charge of Mr. Ira B. Mullis

The State Highway Commission will send its road exhibit to Lumberton for the Farm Products, Poultry and Live Stock Exhibit December 2, 3 and 4. This will make an exceedingly interesting and profitable addition to the exhibit and one that Mr. Ira B. Mullis, civil engineer, of Lumberton, deserves credit for obtaining. It was through Mr. Mullis that the State Highway Commission agreed to send its exhibit.

Mr. Mullis had charge of this exhibit at the State Fair at Raleigh, at the Mecklenburg County Fair, and at the Anson County Fair last week. But the exhibit here perhaps will be even better than it was at either of the other fairs mentioned, as there have been additions to it. It consists of 250 square feet of photographs, a representative collection of road-building materials found in various parts of the State, plans of reinforced concrete and steel bridges and culverts. There will be demonstrations of testing of road-building materials, and discussions of proper methods of construction of sand-clay and top-soil roads.

Every man in the county who is interested in good roads is invited to visit this exhibit, and a special invitation is extended to every road supervisor in the county. It is the purpose to send a special invitation to every road supervisor of the various townships, but difficulty has been experienced in getting the address of some of the supervisors and some invitations may not reach the persons for whom they are intended. If this occurs it will not be an oversight but merely inability to obtain the necessary information. Mr. Mullis will be glad to discuss with the supervisors problems of location and construction, and anything else connected with road building. The county commissioners and members of the Farmers' Union are also especially invited to visit this exhibit.

Mr. Mullis is going to try to get Mr. W. S. Falls, State Highway Engineer, to be here at least one day during the exhibit, and if Mr. Falls can come he will make a talk on road building.

There has been much complaint about roads in Robeson during the past few months and this exhibit should be of especial interest now to every citizen of the county who is interested in good roads.

#### Thanksgiving in Lumberton.

The day is being observed in Lumberton. Practically all places of business are closed. Sunday hours are being observed at the postoffice. Services will be held at the various churches at 11 this morning and colorations will be taken for the various orphanages. The graded school suspended work yesterday afternoon and will not resume until next Monday morning. Good things contributed by townspeople are being gotten together at the court house this morning by Mrs. Alice Tait, Misses Flora Prevatt and Isabella Wooten and Mr. M. G. McKenzie for dinner for the inmates of the county home, and other poor of the community are being remembered.

#### Dr. Edmund Chemical Co. Elects Officers—Will Erect Modern Plant

The Dr. Edmund Chemical Company, which, as mentioned in Monday's Robesonian, was chartered last week, was organized Saturday and officers elected as follows: president, Dr. W. O. Edmund; vice-president and treasurer, C. V. Brown; secretary, A. P. Caldwell. A committee was appointed to purchase a sight and machinery for the purpose of manufacturing the horse, hog, dog and cow remedies for which Dr. Edmund already has a patent.

#### J. P. Newman & Co. Purchase C. H. Carlee & Company's 5, 10 and 25 Cent Store

It was stated in Monday's Robesonian that a charter had been issued to J. P. Newman & Co. of Lumberton to do a mercantile business. This company, which has a paid-in capital of \$6,000, has purchased the stock of the 5, 10 and 25 cent store which C. H. Carlee & Co. have conducted here for the past two years or more on Elm street, and will continue the business in the same building. Mr. J. P. Newman, who came to Lumberton from Winston-Salem last February and has since been manager of the store, will continue in the same capacity with the new company. Mr. Newman has had considerable experience in this line of business and has made many friends since coming to Lumberton.

#### Drainage Convention at Belhaven Next Week

The 8th annual drainage convention will be held at Belhaven next week—Nov. 29 and 30 and Dec. 1—under the auspices of the North Carolina Drainage Association and the North Carolina Geological and Economic Survey. An interesting program has been arranged for this important convention and it is expected that it will be attended by a large crowd of representative men.

## MALARIA STAMPED OUT

Malaria Has Practically Been Eradicated From Lumberton During Past Two Years—Two Years Ago Over 30 Per Cent of Inhabitants Suffered From This Disease, While Now the Percentage is Nothing—Shows What Application of a Few Scientific Principles Will Do—Typhoid

Shout it from the housetops and let all the people know and understand that Lumberton and vicinity, formerly something of a hotbed of malaria and considered even more of a hotbed for the disease than it was, is now practically free of the disease. Fact. And it is a fact to be proud of, a fact that proves what can be done by systematic work.

About this time two years ago a census was taken of East Lumberton and it was found that 43 per cent of the children had chills and fever—malaria,—during the year; last year the per cent came down to 11; and a census taken Friday of last week revealed the gratifying fact that during the past year not a single case of malaria has been known among the boys and girls of East Lumberton. Practically the same record has been made in Lumberton proper, and at the other mill villages near town. Two years ago in the Lumberton graded school the per cent was 33; last year it was ten; this year it is nothing.

Drainage and removal of tin cans, screens on doors and windows and quinine; these three have turned the trick, have changed the scale for better and made people efficient where before they were half alive and very inefficient—and the greatest of these is quinine. It has been furnished free by the Lumberton cotton mills and that has proven a wise investment for them. The National cotton mill is situated on higher ground and has never had as much malaria as the other mill villages, but conditions have been greatly improved there also.

That the same treatment will not do for malaria and typhoid is proved, if further proof at this late day were necessary, by the experience in East Lumberton. As stated above, malaria has been stamped out, while during the past summer in East Lumberton there were more cases of typhoid fever than had been known in three years. This is further proof of the fact that one is a mosquito-borne disease and the other a fly-borne and filth disease. Sanitary conditions so far as typhoid is concerned were rather neglected with the result that there was something of an epidemic of typhoid, there being in that section as many cases as in the entire county combined. There were no cases at all at the National mills. The cases in the Lumberton and Dresden mill villages were milder than elsewhere in the county—only two deaths as compared with 10 deaths elsewhere in the county, whereas the number of cases was equal to the number of cases elsewhere in the county. The disease seems to have been left in these mill villages to vaccination alone, and about half the people refused to be vaccinated.

Mill authorities in East Lumberton, however, are making arrangements to improve conditions by installing a sewer system, which will no doubt be ready between now and spring.

But the typhoid situation compares most favorably with the typhoid situation elsewhere in the State, for the record during the past summer was only one-half as high as the average of the State last year.

The malaria situation is something to brag about, though. Very few if any other towns in the State can equal that record. It shows what can be done by the application of a few scientific principles. And incidentally it shows the value of having a wholesome health officer.

#### Recorder's Court

Arthur McNair, colored, was before Recorder E. M. Britt recently on the charge of hunting upon the land of Mr. Lewis Herring of Howellsville township. The evidence brought out was that Mr. Herring saw McNair traveling in an old car on his land carrying his gun and allowing a dog to follow him. There was no evidence to show that McNair hunted or shot any game on the land of the plaintiff so the case was dismissed and Mr. Herring was called upon to pay the cost in the action.

Nell-Russ was also given a hearing on the charge of assault with deadly weapon. Prayer for judgment was continued on the payment of the cost.

Hector McNeill, colored, was given a hearing on the charge of being drunk and disorderly. Prayer for judgment was continued upon the payment of the cost.

#### RICHMOND SPECIAL WRECKED

C. E. Hall and H. C. Severs of Charlotte Killed—O. Max Gardner and Score of Others Injured

C. E. Hall and H. C. Severs of Charlotte were killed and a score of others, including O. Max Gardner, were injured last night shortly after 10 o'clock when Southern Railway passenger train No. 38 crashed into a Richmond special en route to the Virginia city with North Carolinians to attend the Carolina-Virginia football game today. The condition of some of the injured was thought to have been serious.

The special was standing in the station at Salisbury and the cause of the accident, it is said, was due to the flagman not going back far enough to stop train No. 38.

## MARIETTA NEWS LETTER

In Social Circles—Church News—Personal Mention

Correspondence of The Robesonian. Marietta, Nov. 23—Mrs. J. M. Wells entertained the G. W. club in a most novel and pleasant manner last Saturday afternoon from 3 to 6 o'clock. In the decorations of the home the Thanksgiving idea was beautifully carried out. After a brief and interesting business session, score cards were presented to the guests and tables arranged for "Progressive Turkey". The prize was won by Miss Ada Henley. Delicious refreshments were served by Misses Mae and Elizabeth Wells and Willie Dell Parham.

The Ladies Aid Society of the Methodist church held an interesting meeting Monday afternoon at the home of Mrs. S. M. Oliver. After the business was transacted appetizing refreshments were served by Mrs. Oliver assisted by her daughter, Miss Mae. During the winter the meetings will be held at the different homes of the members. The next meeting will be with Mrs. Janie Oliver. This organization has helped wonderfully in the work which it has done in furnishing the church. Their work is not yet finished and they are pushing on with much zeal and enthusiasm. They are now preparing for a bazaar the 17th and 18th of December and will greatly appreciate any help which may be given them.

Services will be held here at three o'clock Thursday afternoon. The Sunday school is preparing a special program for the service.

Mr. Billy Connelly of Nichols spent Sunday here with his father Mr. J. M. Connelly. Mrs. Kate Hill has returned from Waycross and Dublin, Ga., where she visited relatives. Miss Lola Pate, one of the teachers in the Marietta school, returned Wednesday night from near Dillon, where she played the wedding music for the marriage of Miss Moody to Mr. Daniel Fore. Mr. D. F. Grey, who for several years had been engaged in mercantile business here moved last week to his farm in Columbus county. He will be the change on account of his health. His store will be managed by Mr. Andrews, who has been in the store for several months. Mr. Andrews moved his family last week from Reynoldsville into the home vacated by Mr. Gregg.

#### FARMERS' UNION MEETING

Robeson County Division Will Hold Important Meeting in Lumberton Dec. 15—Each Local Should Send Delegates and All Members Who Can Do So Urged to Attend

The last meeting of the Robeson Division of the Farmers' Educational and Co-operative Union for the year will be held in the court house in Lumberton Wednesday, December 15. At this meeting, which will be perhaps the most important of the year, officers will be elected for the ensuing year. Each and every local in the county is urged to send a full delegation. All members, whether delegates or not, are invited to be present. The State Union has outlined some big measures for the next year, and Robeson, the foremost agricultural county in the State, cannot afford to be in the background. Let each member of the Union take it upon himself to come to this meeting and help plan some way in which a bigger, stronger and more profitable organization may be perfected in this county. The meeting will open at 10:30 a. m. Be on hand and on time.

F. FROVER BRITT,  
Sec. Treas. Robeson County Division.

#### Among the Sick

The condition of Mrs. Belle McMillan, who has been sick at her home, Cedar street, for several days, is improving.

Dr. N. A. Thompson returned last night from Charlotte, where he had been under the care of a specialist for several days. Dr. Thompson's condition is greatly improved and he hopes to be able to resume his duties at the hospital in a week.

#### Marriage of Miss Ethel Johnson of Red Springs and Dr. Seavy Higsmith

Red Springs Dispatch, 24th.  
Dr. Seavy Higsmith of Fayetteville, and Miss Ethel Johnson were married Tuesday afternoon at 5 o'clock at the home of the bride's parents here. Rev. Mr. Hill being the officiating minister. Among those attending were Dr. J. F. Highsmith and Mrs. Highsmith, Dr. John Highsmith and Dr. J. V. McGougan of Fayetteville, and Dr. Charles Highsmith, of Dunn. After the ceremony the bride and groom went by auto to Pembroke, where they took a Seaboard train for a honeymoon trip, after which they will return to Fayetteville and take up their residence. The bride is a young woman of culture and charming personality. The groom is one of the leading physicians of Fayetteville, a busy and public spirited citizen and quite popular.

#### Marriage of Miss Hannah Floyd and Mr. D. B. Lewis

Mr. D. B. Lewis and Miss Hannah Floyd, both of Barnesville section, were happily united in marriage at the home of Mr. J. B. Ward at Sadle Tree Monday at 1 of the clock p. m. Only a few intimate friends witnessed the ceremony. This is Mr. Lewis' third venture into the pleasures of married life, his first two wives having died.

Mr. F. F. Hayes will open up a grocery and fruit store in the Caldwell building, formerly occupied by Mr. J. A. Branch, corner Elm and Second streets, at an early date.

## GLENNWOOD GLEANINGS

Literary Club Organized—Mr. W. K. Culbreth's Condition—Personal Mention

Correspondence of The Robesonian. Glennwood (Pembroke, R.), Nov. 23—Messrs. O. O. Fowler and Lucy Beasley of Pembroke were visitors in this section last Sunday.

A crowd of young folks from this section attended preaching at the Baptist church at Pembroke last Sunday night. Rev. Mr. Davis preached one of his able sermons.

Mr. N. C. Stubbs has returned from Baltimore, where he went to see Mr. W. K. Culbreth. We are sorry to report that Mr. Culbreth is no better. His daughter, Miss Annie of Purvis left last night and will be with him for a few days. Hope he will soon be restored to his usual health and strength.

Prof. Edgar Bundy made a flying trip to Lumberton last Saturday. Mr. and Mrs. Edwin Pate of Pembroke were visitors in this section one day this week. Misses Stella McNeill and Lillian Buie made a business trip to Pembroke last Monday afternoon. Everybody in this section is anticipating a big time Thanksgiving.—Mr. Douglas McNeill returned last week to his work as chain gang guard. His place being filled by his brother Sandy.—Mr. Calton McNeill has a position with Mr. E. L. Odum.—Mr. and Mrs. W. A. McNeill visited at the home of Mr. Frank Smith last Sunday.

Glennwood organized a literary society last Friday afternoon. Its colors are navy-blue and white; flower, white rose; motto, "Come what may, we will do our best."

Prof. Edgar Bundy will leave Wednesday night for Norfolk, Va., and Elizabeth City, where he will spend his Thanksgiving holidays. He is going to attend the annual football game of the A. & M. College of Raleigh and Washington & Lee University on Thursday at Norfolk.

This morning "Jack Frost" visited us—with his glory.—The gardens and fields were clad in white and once again we were reminded that winter had come.

Mr. W. A. McNeill and son Calton and daughter Ola spent last Saturday in Lumberton on business.

The hunting season began last Monday and the birds are fat and juicy. Prof. Edgar Bundy and Miss Ruby Stubbs went hunting Monday p. m. but were unsuccessful—did not catch anything.

Listen for the wedding bells in this section this week.

Best wishes to the Robesonian and its readers.

#### ALLENTON NEWS NOTES

School Progressing Nicely—Good Corn Crop This Year—Everybody Should Take The Robesonian—Personal

Correspondence of The Robesonian. Allenton, Nov. 22—School is progressing nicely at Antioch with Miss Gussie Cameron and Miss Ethel Covington as teachers, according to reports.

There's a bountiful crop of corn this year. Owing to the fact that the panic was so severe last spring people never planted so much cotton as they had been planting and it caused many of them to plant more corn. More corn and less cotton—that's the idea. But owing to the fact that cotton has sold on the local market for a better price than it did last year has got people in the notion to go back to raising cotton another year.

Mr. and Mrs. J. F. Taylor spent Sunday in the Long Branch section visiting friends and relatives.—Miss Sid Phillips and Miss Gussie Phillips left Saturday for Bladenboro, where they went to attend the burial of Mr. Davie Pait.—Mr. George Williams and Mr. Henry Ellis, both of Columbus county spent Saturday night at the home of Mr. J. A. Taylor.

According to what the boys write that have gone to the army, we are likely to be in war before long. But we hope not to be. Some time ago it looked like we were going to lose all the young men and boys in this community when they were going off to the army so fast. I think we have lost two for the last twelve months which have gone and enlisted in Uncle Sam's army.

Mr. J. F. Taylor had the misfortune of losing a fine cow one day recently.—We had a general storm in this section Thursday night.—Mr. Arella Smith purchased a fine male one day recently from Mr. W. F. French. There are a great many apples being bought this year. That indicates farming another year.—Mr. Dewey Britt of the Meadow Brook section spent Saturday night at the home of Mr. J. A. Taylor.—Mr. Henry Baxley of Chadbourn, spent Saturday night and Sunday in this section visiting at the home of Mr. W. F. Baxley.

Everybody should take The Robesonian. Any one that does not take it never knows what is going on. Everybody should take the right thought and subscribe for The Dear Old Robesonian. It gives more news than any other in the county.

—Mr. J. S. Thompson, who has been living on route 3 from Lumberton for the past year or so, began work Tuesday in the department store of Messrs. White & Gough. Mr. Thompson formerly clerked for this firm and has many friends here who are glad to welcome him back to Lumberton and hope that he will move his family here in the near future.

## SEVERAL HOURS EARLY

The Robesonian is printed several hours early today, going to press this morning instead of afternoon.

#### BRIEF ITEMS OF LOCAL NEWS

Fifteenth street has been opened up from the Carthage road to Elm street, the work having been finished this week.

Mr. Haynes Britt has accepted a position as assistant bookkeeper in the office of the Kingsdale Lumber Corporation.

Mr. A. Weinstein will leave Sunday night for New York, where he will spend several days buying goods for his large department store.

Mrs. Charley Evers suffered a broken hip as a result of being knocked out at the door when the wind blew the door against her at her home in East Lumberton one day recently.

Messrs. Jno. F. and W. F. French, Wallace Norment, J. Dixon McLean, T. O. Edens and H. J. Singleton left last evening for Richmond, Va., to witness the football game there today.

In the news item about Mr. L. H. Caldwell's growing 112 bushels of Irish potatoes after an oat crop appearing in Monday's Robesonian, it should have been stated that the potatoes grew on only one acre of ground.

Mr. A. B. Stubbs of Center was in town yesterday and asked The Robesonian to say that there will be a special meeting of Center Camp No. 399, W. O. W., Saturday night of this week. All members are urged to be present.

The Robeson Auto Company, of which Mr. J. H. Felts is general manager, received Tuesday a car load of Ford automobiles, for which orders had already been placed with the company. They expect 24 more cars at an early date.

Mr. A. W. Harrington and daughter, Miss Anna Bell and Mr. and Mrs. Leon Henley of Marietta were among the shoppers in town Tuesday. Mr. Harrington says the farmers in his section are planting lots of grain this fall.

Mr. D. McP. McArthur of the Philadelphia section was a Lumberton visitor yesterday. His many friends will regret to learn that Mr. McArthur's father, Mr. N. B. McArthur, who is well known all over the county, has been very sick at his home for some days.

Register of Deeds M. W. Floyd sold 9 marriage licenses for Thanksgiving. The license issued for white were: Hartwell Rice and Charity Prevatt; S. B. Gaitley and Lucy Sikes; Edward Barnes and Carolina Smith; Jas. C. Caines and Cora Smith; Ambrose Prevatt and Fannie Taylor.

Mr. J. M. Smith, who lives near Allenton, is one of the patrons of route 5 who is affected by the change in the route noted in Monday's Robesonian, the change which will take the route by Bellamy. Mr. Smith will have to get his mail in the future from Allenton, from which place he tried to get a route. He was a Lumberton visitor yesterday.

Not much could truthfully be said in commendation of "The Trail of the Lonesome Pine" as was presented at the local opera house Tuesday evening. A small crowd witnessed the play and it would be a shame to tell on the bunch that held the boards. The leading lady was impossible and one could not help but wonder why the really pretty little Miss Iva Edmonson, who played so naturally and sweetly a minor part, was not given the leading role.

Carpenters will begin work in a few days converting the auditorium of the graded school building into class rooms. This room will be divided into three class rooms and when the work is completed it will relieve in a measure the congested condition that has hampered the work of the teachers. Until the new school building is completed, work upon which also will begin soon and which building will contain a large auditorium besides class rooms and office for the superintendent and principal, opening exercises will be held in each class room separately, instead of with the entire student body.

Mr. G. E. Rancke, Sr., returned yesterday from Dillon, S. C., where he spent five weeks visiting relatives. He was accompanied on his return by his daughter, Mrs. F. M. Lane and small son, Robert E. Lane, of Dillon, who will spend some time here visiting at the home of Mr. Rancke, Seventh street.

Mr. and Mrs. H. C. Rancke and small son, Henry Cole, arrived last night from Rockingham and are spending the day at the home of Mr. Rancke's parents, Mr. and Mrs. G. E. Rancke, Seventh street.

Not only is cleanliness next to godliness, but the penalty of uncleanness is fire—both here and hereafter.—N. C. Insurance Department.

Rubbish in the cellar is neither sanitary nor safe.—N. C. Insurance Department.
