We hope none of our readers will miss reading the entertaining story told in this issue by Judge Z. T. Fulmore of Austin, Tex.

"Snyder" makes the timely observation that we should congratulate ourselves upon living in a county in which there is so little loss from freshets or cyclones.

In his letter in this issue Rev. J. M. Fleming refers to the report of the last grand jury on the county home and suggests that the keeper of the county home should be paid a larger amount in order to enable him to provide properly for the inmates under his care.

Commenting upon the fact that some men, for lack of common sense, work and fret themselves to death, "Snyder" points to President Wilson as a remarkable example of a man who knows how to hold himself in hand and get the most out of his powers.

Considerable damage was done crops in Robeson by the unprecedented rainfall, accompanied by a high wind, last Friday, but it pales into insignificance beside the appalling disaster that has devastated sections of the western part of the State.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Wilmington has placed a live wire at the head of its Chamber of Commerce. Mr. M. W. Jacobi, senior member of the well-known N. Jacobi Hdw. Co., has been elected to that position.

N. C. PRESS CONVENTION

The North Carolina Press Association has never been entertained more delightfully, at least during the past 9 years, which is as far back as the personal knowledge of the editor of The Robesonian goes in regard to its conventions, than it was entertained at Durham and Trinity College during its annual convention last week.

Business sessions of the convention were held in the East Duke building, one of twenty-seven elegant, ideally arranged and comfortably furnished buildings on the beautiful campus of 192 acres of Trinity.

The address of welcome by "Big Jim" Southgate, president of the Chamber of Commerce, was big and a gem. The editors were the recipients of many courtesies from him and the secretary of the Chamber of Commerce, Mr. Alexis J. Colman.

Business sessions of the convention were interesting and profitable. They were presided over with ease and grace by Editor Jas. H. Cowan of the Wilmington Dispatch.

A daily Bulletin was published by the Chamber of Commerce in connection with the convention and distributed free among the editors. It was the bright work of Mr. James A. Robinson, known as "Old Hurrtygraph", a veteran Durham editor.

Some important actions of the convention we shall have occasion to refer to later. Among these were steps looking to the establishment of a paper mill in the State, and the adoption of resolutions endorsing four proposed amendments to the State Constitution, which amendments are to be passed upon by the people at the polls in November.

J. LEIGH SAYS: "I CAN JUMP A 10 RAIL FENCE"

Well Known Farmer is Glad to Tell How Tanlac Helped Him And Wife

"I am telling all my friends that Tanlac has made me feel like I can jump a 10-rail fence and I am glad to offer my story for publication as thanks for the great change this wonderful medicine has worked for me and my wife," explained J. W. Leigh, well known farmer of Route 3, Durham.

"We are advanced in years and, before taking Tanlac, had suffered from indigestion, weakness, bad appetites and poor sleep. Both of us felt tired out most of the time and housework was a burden for Mrs. Leigh while farm work was the same to me.

"Now, since taking Tanlac, we are enjoying splendid health and happiness. Good appetites and sound and refreshing sleep is ours. We sure think a good deal of Tanlac and hope others will gain on it as we have."

Tanlac is sold in Lumberton by Pope Drug Co.; Rowland, Rowland Drug Co.; Red Springs, Red Springs Drug Co.; Maxton, Barnes Bros.; Fairmont, Fairmont Drug Co.; Saint Paul, Grantham Drug Co.; Bladenboro, Bladenboro Drug Co.; Dublin, Hester Bros.; Clarkton, C. L. & E. S. Clark.

ENTIRE VILLAGE OF CHIMNEY ROCK WASHED AWAY

Spartanburg, S. C., Dispatch, July 19. According to information brought here tonight by H. A. Marlette, who went to Chimney Rock, N. C., yesterday in an automobile, the village of Chimney Rock, N. C., near the famous rock of that name, in Rutherford county, was completely washed away by the waters of Broad river.

According to Marlette, a party from nearby towns went to Chimney Rock to try to rescue some of those caught by the flood but on account of the body of water surrounding the village they were not able to get close to the houses. The party saw no signs of human life, it was said, but got close enough to hear a dog barking in one of the houses.

A company had just built a new road to the top of Chimney Rock this summer at a cost of \$10,000 and this was said to have been destroyed.

BASEBALL: CAPE FEAR LEAGUE

Lumberton Wins First Half Pennant by Good Margin—Last 3 Games Played Here Victories for Locals Reported for The Robesonian.

Lumberton won the first half pennant in the Cape Fear League by a good margin, the last three games played here all resulting in victories. Monday Raeford was defeated 4 to 0, Laurinburg went the same route by a 2 to 1 score Tuesday and again lost to the locals yesterday, 3 to 1.

The first Laurinburg game, a contest on which the pennant hung, was a 13-inning affair and easily the best game of the season at the local park. The visitors scored in the second inning on a home run by Davis and Lumberton tied in the next inning.

The scores by innings of all three games follow: R. H. E. Raeford . . . 000 000 000—0 3 3 Lumberton . . . 111 001 00x—4 10 3

The second half of the Cape Fear League opens today with Fayetteville playing at Parkton and Raeford at Laurinburg. Lumberton was scheduled to open at Fairmont but agreed to give Fairmont two days in which to reorganize, they at first deciding not to remain in the second half.

The locals intended going to Dunn today for exhibition games today and tomorrow but called off the proposed trip when it was learned that Dunn's guarantee was not sufficient to make the venture a profitable one.

President McNeill Re-elected and Presented Fine Watch Raleigh News and Observer, July 19. The concluding session of the North Carolina State Firemen's Association was held in the auditorium last night when all old officers were re-elected by acclamation.

A touching incident was the presentation of a \$125 watch to President McNeill on behalf of the North and South Carolina associations. First Vice-President Boyden made an elegant speech in recounting the fifty years of service the president had given to the firemen of the two States.

TO PREVENT SPREAD OF INFANTILE PARALYSIS

State Board of Health Advises Parents to Watch for First Signs State Board of Health Bulletin. "At this time when infantile paralysis, or poliomyelitis, is spreading so rapidly in different parts of the country, it is vitally necessary," says the State Board of Health, "that the people of North Carolina should know something of the character of this disease which may at any time become an epidemic among our people."

Homicide in Guilford County John R. Stewart, one of the most prominent citizens of Guilford county, formerly of Greensboro, was shot and fatally wounded at his home last Saturday evening as he was milking a cow by Jerry A. Terry, owner of an adjoining farm, where he lived. Stewart died a few hours later without regaining consciousness.

There had been trouble between the two men for sometime. Stewart was the owner of a mill and a distant relative, Robert Stewart, was the miller. A few months ago Terry accused Stewart, the miller, of stealing \$50 from him. Instantly the Stewarts demanded proof of the charge. Terry finally took out a warrant for young Stewart but when the day for the hearing came Terry was gone.
