NUMBER 53

FAIRMONT BREAKS ALL RECORDS A DAY OF ALARMS

Record Day for Tobacco Market—215,000 Pounds Sold at \$39,564—A Battle in Which Nitric Acid Figured—Mr. and Mrs. H. L. Blue and O. P. Winstead Burned With the Acid—Death of Mrs. H. G. Mitchell—Indians Relieved Negro of His Liquor—Death of Aged Indian Woman—Hard Times for McCaskill

Special to The Robesonian. Fairmont, Aug. 17.—Tuesday was a record day for the Fairmont tobacco market. The number of pounds sold was 215,000 and it brought \$39,564. While this was not the largest number of pounds ever sold on the market here in one day it sold for more money than has ever been paid out for tobacco here in one day. Judging from the above facts one can readily see that Fairmont is very much alive. Perhaps never was more money turned loose in any town in Robeson county for farm produce in one day than was paid the farmers for "weed" here Tuesday. While more tobacco has been grown in one year in Robeson county than has been this year, never has a crop sold for so much money.

Mr. A. L. McCaskill, Republican candidate for Congress from this district, has been in this part of the county making political speeches for several days and nights. He had an appointment at Rowland Tuesday night, but said today that not a voter met him. He spoke at Baltimore school house, near here, Monday night to a small crowd.

While President Wilson has been successful in avoiding war with Mexico he has not kept peace in Fairmont. Quite a bit of excitement was created here Monday night about 9 of the clock when Mr. H. L. Blue, proprietor of the Fairmont drug store, and Mr. O. P. Winstead, a clerk in the store, proceeded to mix it up. While no cannons were used, nitric acid, which is almost as deadly, was used very freely. Immediately after the battle had begun Mr. Winstead secured a bottle of the acid and in his efforts to throw it on Mr. Blue he spilled quite a bit of the "fire" on himself. Mrs. Blue was near by and when she saw that Winstead was trying to throw the deadly drug upon her husband she grabbed his arm and a small amount of the acid spilled on her face and arm. She was slightly burned. Only a small quantity of the acid struck Mr. Blue, this going into his face, badly burning him. Aside from burns caused from the acid there was no serious damage. The trouble started about a letter belonging to Mr. Winstead, which he charged Mr. Blue with opening. The two combatants went before Recorder A. E. Floyd and settled the matter.

This community was saddened Tuesday when news of the death of Mrs. H. G. Mitchell spread over town. The end came at 11 o'clock. Deceased was about 34 years old and was one of the most loved and highly respected women of this entire section. The funeral was conducted at the grave Wednesday morning at 10 o'clock by Rev. B. E. Stanfield, pastor of Trinity M. E. church, and interment was made in the family burying ground, near Baltimore church. Rev. J. R. Miller, pastor of the Baptist church here, of which deceased was a loyal member, was out of town, therefore Mr. Stanfield was called to conduct the funeral. A large crowd of sorrowing friends and relatives attended the funeral. The floral offerings were numerous and beautiful. Mrs. Mitchell gave birth to a baby Monday and suffered terribly from that time till the end came. The infant was dead when born and was buried in the arms of its mother. Deceased is survived by her husband and 4 children, the oldest ten years and the youngest about two years old.

Will and Randolph Locklear, Indians, were before Recorder A. E. Floyd Tuesday on the charge of highway robbery. The evidence was that the two Indians held up a negro and took his supply of whiskey from him as he was returning from the express office. The Indians told the negro one of them was a rural policeman and had a right to take his liquor. The very idea of taking a man's whiskey before he could get it home to his wife! While the trial was in progress Will asked to be allowed to step to one side and talk with a friend. This privilege was granted and as soon as Will got a few steps outside the room where the court was being held he left it with his feet to save him. Sheriff R. E. Lewis was summoned and was soon on the scene of the escape with the county's "man-chaser", but to no avail. Will has not been caught. Randolph was bound over to the Superior Court under a \$500 bond, which he made.

Sylvester Oxendine, one of the most highly-respected Indian women in the county, died here at the home of her son, N. A. McLean, Monday. She was 73 years old. Interment was made Tuesday at Harper's Ferry.

Unknown Negro Killed by Train An unknown negro was found dead Tuesday lying beside the railroad track near Rex. Dr. B. W. Page, county physician, went at once to the scene, but it was not thought that an inquest was necessary. The negro's head was bruised and it was thought that he must have fallen off a freight train that had passed a few hours before he was found.

BUIE AND PHILDELPHUS NEWS

School Begins September 4—Condition of Crops—New Road Plow at Work—Tell it to The Robesonian's Correspondent—Some Cotton Nearly Ready to Pick—Personal

Correspondence of The Robesonian. Buie, Aug. 16.—The Philadelphus high school and farm life school will open its regular session September 4th. The school will be composed of all new teachers with the exception of one. Much has already been planned and done in the way of making this year a record-breaker in school work at Philadelphus.

The following composed an auto crowd that attended preaching at Falcoln last Sunday from here: Messrs. L. H. Holt, C. C. Baxley, J. A. Townsend, Ellis Baker and Walter McNeill. Mr. and Mrs. I. T. Brown and daughter Miss Amanda, are away to Wrightsville Beach for a few days.

A great many from through here are planning to go to Wrightsville next Saturday on the Sunday school excursion.

Crops through here are greatly cut short from the heavy rains and possibly other causes. A good many farmers through here say they have got a good weed of cotton but there is hardly one-half the fruit there generally is. Corn is doing about as well as could be expected, we hear a good many say, but it is cut short some. We see some plows running today, which is a rare instance the 14th day of August.

Mr. and Mrs. A. Britt and children and Miss Vera Britt attended preaching at Oak Grove Sunday.

Some farmers through this section are busy this week harvesting their fodder, soon to begin picking cotton.

The new road plow they have in Red Springs township is daily making its appearance over the different roads in that township and is adding much to the building up of them.

Mr. J. W. Currie and Misses Lena and Mary Brown attended preaching at Red Springs Sunday night. Misses Laura and Kitty Jones spent a few days the past week visiting at the home of Mr. and Mrs. W. M. Paté.

We are always glad to get any news through this community that is of any interest to The Robesonian and its many readers. We will appreciate report of anything that happens that is worth sending to the paper, in this community. All you will have to do is to let us know. In a great many instances we may miss interesting news matter that we do not hear of. Of course we are anxious to get as much interesting news matter from this section to send to The Robesonian each week as possible.

Messrs. J. B. McArthur and J. F. McKay are Lumberton visitors today. Mr. N. A. Smith of Red Springs is spending a while this week with Mr. and Mrs. W. A. Smith.

Mr. Foster Humphrey and Mr. George Hall have some fields of cotton that will be ready to pick in a few days.

BIG DEMOCRATIC RALLY

Keep This Event in Mind and Resolve to be in Lumberton on That Day—Committee at Work Trying to Locate Speaker That It Will be Worth While to Hear

Chairman T. A. McNeill of the county Democratic executive committee and Mr. J. D. McLean who, as mentioned in Monday's Robesonian, were appointed a committee to secure a speaker for the big Democratic rally that will be held in Lumberton September 9, have already taken the matter up with Senator Simmons and Representative Claude Kitchin, and have requested the aid of Representative Godwin. It is proposed to secure both Senator Simmons and Representative Kitchin, or at least one of them if possible. Mr. McNeill has received a letter from Mr. A. W. McLean, who is up North, in which he states that he will get in touch with these men at once and try to get them to come. If it is impossible for either of them to come, then efforts will be made to secure Representative Heflin of Alabama or Representative J. Ham Lewis—he of the pink whiskers—of Illinois. Messrs. Heflin and Lewis have the reputation of being two of the outspokenest men in Congress. Mr. Lewis has promised to speak in the State during the campaign and Lumberton may be the place.

Anyway, a speaker that it will be worth while to come miles to hear will be secured, so it is well to keep the date of the proposed big Democratic rally in Lumberton in mind.

Alleged Barn-Burner Gives Himself Up and is Released on Bond Asbury Oxendine, Indian, charged with burning a tobacco barn belonging to Chestly Locklear, another Indian who lives near Pembroke, (mention of which was made in Monday's Robesonian) came in and surrendered himself to Sheriff R. E. Lewis today, though he denies being the one who burned the barn. He gave bond for his appearance at a trial which will be held in a few days, the exact date not yet having been determined.

New York, Aug. 16.—Another strike of conductors and motormen employed by the New York railway company will be declared "forthwith" until the company grants resolutions adopted at a mass meeting of the men tonight.

CHILD DIES OF INFANTILE PARALYSIS AT FAIRMONT

10-Months-Old Infant of Mr. and Mrs. E. W. Floyd Victim of Dread Disease—Remains Interred This Morning and All Precautions Being Taken to Prevent Spread of Disease

Special by Long Distance 'Phone to The Robesonian.

Fairmont, Aug. 17.—A 10-months-old child of Mr. and Mrs. E. W. Floyd died here last night of infantile paralysis. The remains were interred this morning and all precautions are being taken to prevent spread of the disease. The child had been sick since last Saturday. Dr. J. P. Brown pronounced the case infantile paralysis, though it appeared at first to be in mild form, and seven other physicians who came in to see the case confirmed his diagnosis.

It is thought that this child contracted the disease from being in a room with the corpse of a child who died in South Carolina recently and was brought to Fairmont for interment. Mrs. Carl McLean, who lives near Sumter, S. C., was on a visit recently in Fairmont to the home of Mr. and Mrs. E. W. Floyd, the mother of the child that died last night being a sister of Mrs. McLean. Shortly after Mrs. McLean returned home her baby died and the remains were brought to Fairmont for interment. Mr. and Mrs. Floyd's baby was in the room with the corpse for a short time. It was not thought then that the McLean baby died of infantile paralysis, but it has since been stated that that is now thought to have been the cause of its death.

Mr. and Mrs. Floyd's baby was taken sick with vomiting and all other symptoms of the disease.

GLENWOOD GLEANINGS

Revival Meeting at Pine Grove—Pulling Fodder—Personal

Correspondence of The Robesonian. Pembroke, R. I., Aug. 16.—The revival meeting is still in progress at Pine Grove and we believe great good is being done.

Several farmers have begun pulling fodder and it looks as if they were going to have pretty weather to save it.

Mr. B. F. McNeill and Mr. William Kelly of Barker's spent Tuesday at the home of Mr. and Mrs. D. C. Quick. Mr. Thomas Culbreth returned to school at Charlotte yesterday morning after spending a few days with home folks.

A crowd of young folks enjoyed a little picnic at the pond last Friday.

Miss Ruby Stubbs is visiting in this section now. Miss Inez Hayes of Lakeview, S. C., is a guest at the home of Mr. and Mrs. E. O. Loom.

Miss Katie Buie of Buies and Mrs. Ramsey of Washington spent yesterday at Mr. D. C. Buie's. Miss Mary Culbreth of Hamer, S. C., is visiting relatives in this section this week. Misses Blanche White and Ruby Stubbs went to Lumberton today to attend the teachers' meeting. Mr. Edwin White spent Saturday night and Sunday near Dillon, S. C., at the home of her brother-in-law and sisters, Mr. and Mrs. F. D. Culbreth.

TEACHERS' INSTITUTE

109 Teachers Enrolled, Besides Visitors—Good Work Being Done—Talk on Bird Life—Auto Ride This Evening—Institute for Indian Teachers Begins at Pembroke August 28

The 2-weeks' teachers' institute which began Monday morning at the graded school building has gotten down to steady work and the teachers are much pleased with the instruction being given by Supt. J. S. Wray, of the Gastonia schools, and Miss Mary Arrington of Rocky Mount. There are 109 teachers enrolled and besides these there are some visitors who have attended summer schools.

Mr. R. E. Parker, secretary of the North Carolina Audubon Society, made a talk to the teachers this morning in regard to bird life, and told them how to organize clubs and get children interested in birds.

An auto ride will be given the teachers this evening, starting from the graded school building at 6:30 o'clock.

An institute for Indian teachers will begin on Monday, August 28, at Pembroke, in the State normal school building. It will be conducted by Prof. Neal, principal of the normal, and Miss Janie Carlyle of Lumberton, who was one of the primary teachers in the Lumberton graded school last year, will have charge of primary work.

Political Speaking at Oakdale Friday Night

State Senator Geo. B. McLeod and Maj. A. J. McKinnon will address the voters of the Oakdale section, near Marietta, tomorrow (Friday) night on the political issues of the day. Both Mr. McLeod and Mr. McKinnon are well informed politically and otherwise and it will be to the interest of all who can do so to hear them speak.

Mrs. C. P. Chapin, 24 years old, a bride of six months, died yesterday in Greensboro after an illness of less than 48 hours with infantile paralysis. Mrs. Chapin was a native of Philadelphia, and recently returned to Greensboro from a visit to her relatives in Philadelphia and New York.

REDOLENT THINGS FROM RED SPRINGS

Our Great President—Great Gallinippers—Sympathy for Flood Sufferers—Ventilation of Churches—Some Questions About Pine Growth

Correspondence of The Robesonian.

Red Springs, Aug. 15.—There is no man living that cares less about being criticised, probably, than President Wilson. He lives so high above all such chaff that it doesn't affect his mental attitude in the least. But just to think what that man has gone through within the last three years would be enough to demoralize half the men of America; and now they have gone and asked him to settle the big railroad strike—and he'll do it, without a doubt. We all, Democrats and Republicans, alike, should feel proud of having such a man at the head of our government. He is said to be the greatest living man now in the world and yet there are Republicans of so small calibre that will sit on the streets and denounce him!

The writer took a little spurt the other day to the old homestead and was agreeably surprised at the great improvements of the crops within the last few days. Of course the crops will be cut short, but not to the extent that was suspected a short while since. The greatest crop he found in the Mill Prong section was the mosquito layout. I think the frogs have become disgusted with the dry weather and have retired to their summer homes and have left the situation entirely to the mosquitoes. We saw some of the biggest gallinippers we ever saw. There was one big fellow that we knocked off three times and he covered and came at us again and we had to take a literal knot and knock him in the head. Don't you believe us?

The more we read of the flood sufferers in western North Carolina the more we regret the lightness of our pocketbook. Anybody who has more money than he needs at present should turn it in. All honor to those men who are working so hard to relieve the suffering of the needy! We are glad to see that the Government is coming substantially to their aid. Imagine, if you can, the condition of our county if every farm from here to Lumberton was swept clean of everything—houses, stock and growing crops—and the people without food or clothing and you can have some idea of the condition of a great portion of western North Carolina. Why can't some great cyclone sweep us the same way? So, fellow citizens, throw in what you can.

The ventilation of most of our churches is in bad condition. The old-time churches had wide-open windows to let in God's free air, where one could sit on a warm day and actually enjoy a dull sermon—not that there are any dull sermons, but if there should be. They are now made so that the air actually misses the windows and goes out among the trees, which rattle in their restless, while you are sleepy and restless. We refer specifically to the condition of the ventilation of the Presbyterian church in this place. The windows are three feet above your head, with an aperture of about 12 inches. We respectfully call the attention of the deacons to the above complaint.

We always wanted to know the history of the pine growth in North Carolina. How long were the longleaf pines' growth in our section? What was the condition of our woods when America was discovered? Was the longleaf pine here then? Our oldest inhabitants speak of an open country and no undergrowth when they first knew it. Did the Indians burn off the woods yearly? If so, they were not interested in stock raising. Why is the later growth of the longleaf without any heart? If any one who reads this knows of any reliable book that answers these questions, please give the author's name to the editor of this paper. We are ashamed to admit our ignorance of our surroundings. If we had studied nature as much as we did Latin and Greek, all of which we've forgotten, we'd be better off.

News Notes and Personals From Hog Swamp

Correspondence of The Robesonian. Hog Swamp (Orum, R. I.), Aug. 15.—Pulling fodder seems to be the order of the day.

Mr. John Freeman of Lumberton is visiting relatives of these parts. Mr. Toon Britt and sisters, Misses Bedie and Letty, spent Sunday with Mr. and Mrs. Memphis Britt of Long Branch.

Mr. Evander Britt and Misses Lillian and Gertrude Freeman returned home Sunday from Anioch, where they were at the ice cream supper at Mr. Ben Israel's Saturday night.

Some of the people from here attended some of the sermons during the protracted meeting and reported them very helpful.

Young Boy Dies of Cancer of Stomach

Montgomery Cribbs, 16 years old, who lived near the Lumberton cotton mill, died Tuesday of cancer of the stomach. Interment was made yesterday afternoon in the Clewis cemetery about 5 miles from town in Wishart's township. The funeral services were conducted by Rev. N. L. Seabolt.

PARKTON PARAGRAPHS

Revival Meeting at Methodist Church—Good Road Work—Sunday School Picnic—Preparing to Build New Church—Death of Aged Colored Woman—Baseball—Personal and Other Items

Correspondence of The Robesonian.

Parkton, Aug. 5.—The revival meeting at the M. E. church is in progress this week. Rev. B. F. Robinson of Keny arrived this afternoon and preached tonight to a large and appreciative congregation. Services at 10:30 a. m. and at 8 p. m. at night. The public is cordially invited to all services.

Mrs. M. F. Underwood of Quitman, Ga., is spending a most welcome and enjoyable visit to her mother, Mrs. Annie Haywood. Miss Lillian Brown of Augusta, Ga., is on a visit to her uncle and aunt, Mr. and Mrs. O. L. Johnson. Mrs. J. P. Watts and children are on a visit to relatives at Jonesboro this week. Mr. John Gainey left tonight for Philadelphia, Pa., where he will work in a hospital until school begins. Mr. Gainey is reading medicine and is one of our very best and smartest young men, and we predict will make good. Mrs. Sikes and children have returned home after spending some time at White Oak visiting relatives. Miss Katie Thames, who holds a position at the State hospital at Raleigh, is enjoying her 15-days' vacation and is visiting her parents and friends.

Mr. D. W. Marsh is the last to purchase a car.

Born, to Mr. and Mrs. Murphy McMillan, a fine boy, Sunday night.

We regret to report whooping cough in our town, but no fever.

Capt. C. B. Thomasson, who has charge of the township roads, is doing some substantial work.

Mrs. L. M. Powell gave her large Sunday school class a picnic today over at the Hughes' mill, one of those ideal places for such occasions.

Mr. and Mrs. S. J. Thomasson chaperoned and the children enjoyed their ride with Mr. Thomasson's fine team. A real picnic dinner was served and to say they thoroughly enjoyed it does not fully express it. Melons were plentiful and bathing and fishing was the order of the day.

We regret to learn that our friend Mr. Floyd Lancaster, who underwent an operation at the Highsmith hospital a few weeks ago, suffered a relapse on last Friday, but the last we heard he was improving and was expected home the last of the week. Mr. Cooper, architect, of Red Springs, was in town Monday and laid off the foundation of the new Baptist church. The foundation is now being dug and we hope to report brick-laying in a few days.

The Baptist congregation is to be congratulated in that it is leading the other denominations in church edifice, and we bid them God-speed. Rev. J. L. Jenkins is pastor and no better man for that position.

Mary Maynard, colored, died last night in the mill quarters, aged about 90 years. She was next to the oldest colored person we know of. She has a sister, Ann McKinnon, who is 96 years old and she is in very good health, and active.

Vacation days are almost over and a good many of the young folks are preparing to enter the various colleges and schools. Miss Mary Love Culbreth, one of Parkton's most efficient teachers, is in Lumberton participating in the teachers institute.

Mr. D. M. Bunnell lost a valuable mule last week.

The baseball season is fast coming to a close. Our locals lost to the Kilties this afternoon and will play Lumberton at Red Springs tomorrow. There is some complaint that Lumberton and Laurinburg games are to be played at Red Springs in the future, but as it is a financial deal we have nothing to say.

Juro's in Cumberland County Case Do Not Have to Report Before September 20

Mention has been made in The Robesonian of the fact that Robeson county citizens have been drawn on a jury to try a case in Cumberland Superior Court next month, International Harvester Co. vs. Daniel Carter. The case is set for Wednesday, September 20, and Mr. Jas. D. Proctor of the firm of McIntyre, Lawrence & Proctor, of counsel for the plaintiff, advises The Robesonian that it will not be necessary for the Robeson county jurors to attend court until that date.

President Has Plan for Settlement of Threatened Railroad Strike

Washington Dispatch, Aug. 16.—President Wilson today completed a definite plan for settlement of the threatened nation-wide railroad strike and will submit it to representatives of the managers and employees tomorrow. Although administration officials said negotiations would be continued until a peaceful solution was found, the outcome of the President's mediation is expected to depend largely on the attitude of the two sides toward the plan he has drawn up.

Washington, Aug. 16.—What officials regard as one of the most important medical conferences in the country's history will meet here tomorrow to discuss means of combating infantile paralysis.

Miss Iva Pearson of Dunn is a guest of Miss Lina Gough, Chestnut street.

BRIEF ITEMS OF LOCAL NEWS

—Mr. D. J. McDonald and family are moving to Wilmington today.

—Mr. F. F. Wetmore has been suffering with poison in both of his hands as a result of handling poison sumach recently.

—Mr. A. E. Atkinson, a member of the firm of Atkinson & Culbreth, moved with his family from St. Paul yesterday into the Prevatt house, corner 8th and Pine streets.

—Mr. and Mrs. J. A. Thompson and daughters, Misses Nannie and Marie, attended the funeral services yesterday of Mrs. Thompson's sister, Mrs. H. G. Mitchell, at Fairmont.

—Mr. E. L. Hamilton, manager of the store of the Lumberton Cotton Mills Co. in East Lumberton, is expected home tomorrow night from Baltimore, where he has been for the past week purchasing goods.

—Mr. Frank Gough went Monday to Southport, where he is preparing for shipment a large stock of bankrupt merchandise which Messrs. White & Gough have recently bought and which they expect to put on sale here at an early date. Watch Monday's Robesonian for a page ad.

—Mr. W. J. Sanbury, of The Robesonian's composing room force, left yesterday to accompany his father, Mr. M. N. Sanbury of Timmonsville, S. C., to Richmond, where the latter will undergo an operation for stomach trouble. Mr. W. J. Sanbury expects to return Saturday.

—Miss Mary D. Conoley, who has been employed in the office of Dr. R. S. Bean, local eye, ear and nose specialist, for the past year, has resigned her resignation effective next week, and expects to go to New York in the near future to take a course at Columbia University in public health work.

—Mr. and Mrs. S. H. Hamilton and small son, Master Leon, who went to Hope Mills last Friday to visit Mr. Hamilton's mother, Mrs. Julia Hamilton, expecting to go from there to Charlotte, returned home on account of illness of Mrs. Hamilton and expect to go to Charlotte from here the last of this week.

—A horse belonging to Messrs. Beasley Bros. caused some excitement early this morning by running down Elm street from the Pope drug store to Second street at full speed. There was a buggy hitched to the horse, but there was no one in the buggy at the time of the runaway. No damage was done. The horse stopped near the Messrs. Beasley's stables.

—Mr. Colin Prevatt's mill dam, in Raft Swamp township, which was washed away Sunday night, (mention of which was made in Monday's Robesonian) is reported to have been a great loss. It is estimated that it will take between \$500 and \$700 to replace it. The mill house was washed away and a hole washed out 16 feet deep from the top of the water in one place.

—Mr. T. L. Johnson returned Tuesday from Asheville, where he went two weeks ago on account of the illness of his 3-year-old daughter, Christine, who was taken by Mrs. Johnson from Ridgecrest, where she was spending the summer with the children, to the Meriwether hospital, for treatment for typhoid fever. Little Christine's condition was much improved and she was considered out of danger when Mr. Johnson left Asheville.

To Washington and Return in a Little While of an Auto Known as the Bee Martin

Mr. W. K. Bethune returned this morning from Washington, D. C., making the trip in his auto, which was named "Bee-Martin" recently by Mr. Ed Taylor of Howellsville and henceforth will be known by that name. Mr. Bethune's aunt Mrs. Mollie R. Norment, who had been visiting her sister Mrs. Sallie McRae in Washington, returned with him to Fayetteville this morning and will come home tonight.

Mr. Bethune left Lumberton a week ago this afternoon and went and returned via Raleigh, Richmond, Fredericksburg. He got lost on the trip going in the woods between Fredericksburg and Washington and slept out in the woods in the Bee-Martin one night; but that was not the fault of the Bee-Martin. Bethune says the Bee-Martin did not miss a trick. It just rambled right along and he did not have to do a thing and he did not feed it gasoline and keep it in the road. He failed to do that last for a spell—that is, he failed to keep it in the right road—hence the delightful night in the woods with mosquitoes and things. Not a puncture, no occasion to even threaten to get a wrench. And it didn't take much gasoline. Mr. Bethune does not say how much he made 25 miles to the gallon going and 20 miles to the gallon coming back. The difference came about because the Bee-Martin is a hot sport and just naturally loves Washington, hence traveled with a lighter heart a-gwit than it did a-coming back. And is a Democratic machine; it believes in going as far as you can on as little as possible.

Mr. H. R. Bullock of Buie, R. was a Lumberton visitor yesterday.

My glasses were fitted by D. Parker, the only specialist Lumberton licensed by State Board Examination for this important work. HIS SERVICE SATISFIES
